*Cutting Along the Color Line* Quincy T. Mills,2013-10-09 Today, black-owned barber shops play a central role in African American public life. The intimacy of commercial grooming encourages both confidentiality and camaraderie, which make the barber shop an important gathering place for African American men to talk freely. But for many years preceding and even after the Civil War, black barbers endured a measure of social stigma for perpetuating inequality: though the profession offered economic mobility to black entrepreneurs, black barbers were obliged by custom to serve an exclusively white clientele. Quincy T. Mills traces the lineage from these nineteenth-century barbers to the bustling enterprises of today, demonstrating that the livelihood offered by the service economy was crucial to the development of a black commercial sphere and the barber shop as a democratic social space. *Cutting Along the Color Line* chronicles the cultural history of black barber shops as businesses and civic institutions. Through several generations of barbers, Mills examines the transition from slavery to freedom in the nineteenth century, the early twentieth-century expansion of black consumerism, and the challenges of professionalization, licensing laws, and competition from white barbers. He finds that the profession played a significant though complicated role in twentieth-century racial politics: while the services of shaving and grooming were instrumental in the creation of socially acceptable black masculinity, barbering permitted the financial independence to maintain public spaces that fostered civil rights politics. This sweeping, engaging history of an iconic cultural establishment shows that black entrepreneurship was intimately linked to the struggle for equality.

**You Next** Antonio Johnson,2020-09-01 A stirring work . . . images meet text to convey a most handsome portrait of Black barbering in America as a revered cultural practice. Honest, intelligent, poignant—*You Next* is brilliant from cover to cover. —Maurice Wallace, Rutgers University An intimate photographic exploration of the ways Black barber shops operate as sites for the cultivation of Black male identity and wellness Growing up, getting a haircut was a weekly event Antonio M. Johnson looked forward to more than anything. There in that tilted chair surrounded by members of his community and totems of a shared experience, Johnson felt safe—felt like anything was possible. Barber shops are more than places simply to get a cut. They are where Black men can speak and receive feedback about who we are, who we want to be, and what we believe to be true about the world around us. The interpretation of the barber shop as community center falls short of capturing what they

really are for so many Black men: sanctuaries in a hostile land. *You Next* is an intimate photographic exploration of Black barber shops in major US cities—Gary, Indiana; Washington DC; New York City; Oakland; Atlanta; Los Angeles; Detroit; New Orleans; Montgomery; Memphis, and Johnson's hometown of Philadelphia. These photos, interviews, and essays tell the full story of the Black barber shop in America.

**Barber Shop Chronicles** Inua Ellams, 2021-05-26 *Barber Shop Chronicles* is a generously funny, heart-warming and insightful new play set in five African cities, Johannesburg, Harare, Kampala, Lagos, Accra, and in London. Inspired in part by the story of a Leeds barber, the play invites the audience into a unique environment where the banter may be barbed, but the truth always telling. The barbers of these tales are sages, role models and father figures who keep the men together and the stories alive.
