Do You Remember? Trenton Bailey, 2022-12-28 In *Do You Remember? Celebrating Fifty Years of Earth, Wind & Fire*, Trenton Bailey traces the humble beginning of Maurice White, his development as a musician, and his formation of Earth, Wind & Fire, a band that became a global phenomenon during the 1970s. By the early 1980s, the music industry was changing, and White had grown weary after working constantly for more than a decade. He decided to put the band on hiatus for more than three years. The band made a comeback in 1987, but White's health crisis soon forced them to tour without him. During the twenty-first century, the band has received numerous accolades and lifetime achievement and hall of fame awards. The band remains relevant today, collaborating with younger artists and maintaining their classic sound. Earth, Wind & Fire stood apart from other soul bands with their philosophical lyrics and extravagant visual art, much of which is studied in the book, including album covers, concerts, and music videos. The lyrics of hit songs are examined alongside an analysis of the band's chart success. Earth, Wind & Fire has produced twenty-one studio albums and several compilation albums. Each album is analyzed for content and quality. Earth, Wind & Fire is also known for using ancient Egyptian symbols, and Bailey thoroughly details those symbols and Maurice White's fascination with Egyptology. After enduring many personnel changes, Earth, Wind & Fire continues to perform around the world and captivate diverse audiences.

Barack Obama F. Erik Brooks, MaCherie M. Placide, 2019-10-07 An essential resource for readers analyzing the presidency of Barack Obama, this book provides a comprehensive summary of the life of 44th president of the United States.

Barack Obama stated, Our destiny is not written for us. It is written by us. Was the former president talking about himself and his rise to the American presidency? On January 20, 2009, Barack Obama was inaugurated as the 44th president of the United States, the first African American to be elected to this office. Former President Obama's politics of unity appealed to many segments of American society. When Obama became president, the United States faced challenges at home and abroad. Internationally, the country was stalled in two wars in Afghanistan and Iraq. Domestically, the country faced a financial and banking crisis, and poverty was on the rise. Undaunted by these colossal challenges, former President Obama noted, We did not come to fear the future. We came to shape it. Barack Obama: A Life in American History discusses the life of Barack Obama chronologically and discusses his post-presidential life. Readers of all levels with an interest in Barack Obama, politics, political parties, political ideology, presidential elections, government, and the U.S. presidency will find this book compelling.
