Alejandro Cifuentes-muñoz

Introducción al psicoanálisis Sigmund Freud, 2002

DATUS Dispositivo Analítico para el tratamiento de Urgencias Subjetivas Ines Sotelo, 2020-08-07 La propuesta de Inés Sotelo apuesta por la creación de un dispositivo de atención y tratamiento de la urgencia subjetiva siguiendo la lógica y la enseñanza de la experiencia analítica. El lector encontrará no solo una descripción detallada de lo que supone tal dispositivo sino también la exposición de la ética que orienta esta clínica. Se trata, en efecto, de una política del síntoma en el sentido que Jacques Lacan dio a ese término. Recibir al sujeto en la urgencia según este principio cambia muchos de los presupuestos que a veces se dan por demasiado sentados a la hora de diseñar una política de salud mental. En varios lugares de este libro se subraya la frecuente contradicción que aparece entre los fines de la institución, que tienden necesariamente hacia un debe valer para todos, y los medios que el practicante pone en marcha cuando se orienta en una clínica que solo vale uno por uno. Esta es una tensión no sólo inevitable sino necesaria para localizar lo real en el que se funda toda empresa política, y especialmente en el campo de la llamada salud mental. Del Prólogo de Miquel Bassols

En la infancia los diagnósticos se escriben con lápiz Gisela Untoiglich, 2019-07-15 Esta obra explora en las promesas y los mitos de la ciencia moderna y deconstruye supuestas evidencias científicas de pretendidos diagnósticos, como el TDAH, la dislexia, el TGD. Analiza la época y sus malestares, los diagnósticos, como coartada de una clínica que cada vez se vuelve más burocrática y menos humanizada. Profundiza en el paradigma de la inclusión educativa, sin dejar de cuestionarse aquello que excluye. Realiza propuestas de abordaje clínico y educacional que posibiliten otros modos de pensar las intervenciones con niños que manifiestan de modos diversos su sufrimiento, así como el trabajo con sus familias y las escuelas, que promuevan otras oportunidades de subjetivación. Este libro reúne los trabajos de psicoanalistas, pediatras, neuropediatras, pedagogas, lingüistas, psicomotricistas, psicopedagogas de la Argentina, Brasil y Portugal, preocupados por la creciente medicalización y patologización de la infancia. Está dirigido a profesionales de la salud, la educación y las ciencias sociales.

El grado primero, los niños y las tareas Marina Quintero Quintero, Luz Dary Santa Baena, 2022-11-08 El grado primero, los niños y las tareas. De cómo lo subjetivo se interpone en la realización de la tarea presenta una mirada al escenario escolar desde el psicoanálisis, enfocada en los elementos subjetivos que operan en niños de primero de primaria con

dificultades para responder por las tareas que propone el maestro. Para dar cuenta de este fenómeno de interacción educativa y familiar las autoras se apoyan en conceptos psicoanalíticos básicos que consultan la subjetividad (inconsciente, deseo, transferencia) y abordan los impases académicos de los estudiantes en tres dimensiones: cuando la dificultad queda por fuera de la propia subjetividad, cuando la causa se inscribe en la propia subjetividad y cuando la dificultad se relaciona con la estructura clínica. El lector encontrará que la dificultad de los niños para establecer lazo con el saber no ocurre por casualidad: cuando esta se revela dice lo que sucede en el estudiante con su ser; por ello este libro representa un valioso aporte para quienes intervienen en la crianza y la educación de los niños.

Maternidades en tiempos de des(e)obediencias Graciela Beatriz Reid, 2020-08-20 Este libro establece un diálogo entre psicoanálisis y feminismos desde la rama académica de los estudios de género. ¿Qué lugar ocupa hoy la maternidad en el proyecto vital de las mujeres, cuando ninguna y todas quieren ser madres? A partir del análisis de casos clínicos que ponen en disputa el mito de mujer=madre, esta obra recoge diversos modos de constitución del deseo de hijos en las mujeres actuales. Entre el deseo y la desobediencia, expone la necesidad de continuar acompañando a las subjetividades de cara a los cambios políticos y simbólicos que den cuenta de los devenires deseantes del siglo XXI. El contexto de subjetividades contemporáneas, las configuraciones familiares por fuera del modelo heteronormativo y los modelos procreacionales propiciados por el avance de las nuevas tecnologías reproductivas exigen revisar críticamente los postulados metapsicológicos de la disciplina psicoanalítica.

Introducción al psicoanálisis Sigmund Freud, 1979

Conferencias de introducción al psicoanálisis James Strachey, 1978

The Unconscious in Neuroscience and Psychoanalysis Marco Máximo Balzarini, 2024-04-22 The Unconscious in Neuroscience and Psychoanalysis presents a unique and provocative approach to the assimilation of these two disciplines while offering a thorough assessment of the unconscious from a neuropsychanalytic and Lacanian perspective. Marco Máximo Balzarini offers a comprehensive overview of Freud's theory of the unconscious and its importance within psychoanalysis, before looking to how it has been integrated into contemporary neuropsychanalytic work. Paying close attention to the field-defining work of neuropsychanalysts such as Mark Solms, Francois Ansermet, and Pierre Magistretti, Balzarini considers the dichotomy between neuroscience and psychoanalysis, and the omnipresent debate on if and how they should be integrated when working with the unconscious. Throughout, he provides a fascinating Lacanian interpretation, showing how the work of Lacan can offer a new way of developing the dialogue and understanding around this vital topic. Part of the Routledge Neuropsychanalysis Series, this book will be of interest to any psychoanalyst seeking to explore the foundations of the relationship between neuropsychanalytic and Lacanian ideas in their clinical and theoretical work.

The Infinite Infantile and the Psychoanalytic Task Nilde Parada Franch, Christine Anzieu-Premmereur, Mónica

Cardenal, Majlis Winberg Salomonsson, 2022-11-10 The Infinite Infantile and the Psychoanalytic Task is a fascinating collection of essays that proposes to restore and elaborate original conceptions of the complexity of mental processes in the early years of life until the onset of adolescence, and from then until adulthood. This book, led by the Committee on Child and Adolescent Psychoanalysis (COCAP) of the International Psychoanalytical Association (IPA), commits to shedding light on new developments in theory and practice in this area. Each chapter offers an expression of current thinking and clinical work with child and adolescent patients, as well as with their parents, families, and community. The complex contributions by brilliant and erudite scholars offer a fresh take on the existing body of thought on infancy and childhood in psychoanalysis that will challenge and enlighten readers of all backgrounds. Within these perspectives, the development of internal and external bonds is the focus, as well as a consideration of how analysts work in their time with young patients at these key moments of the life cycle. With their expertise in childhood, the contributors share complex views on the link between analysis with young children and psychoanalysis with adults, making it an essential read for child and adolescent psychoanalysts in practice and in training.

Introducción Al Psicoanálisis (Spanish Edition) Sigmund Freud, 2016-06-01 Libro de combate escrito entre 1916 y 1917, Introducción al psicoanálisis es una obra en la que Sigmund Freud (1856-1939), en plena madurez, trata de romper el cerco de hostilidad y silencio que le rodea para popularizar las ideas centrales de la concepción psicoanalítica. Si la primera sección de la obra está dedicada a los actos fallidos -objeto ya de atención de Freud en Psicopatología de la vida cotidiana -, la segunda vuelve sobre el dominio de los sueños, mientras que la tercera y última se ocupa de los fenómenos y síntomas neuróticos.

Introducción a la psicoanálisis Sigmund Freud, 1958

¿Conoces cómo conoces? Hacia una epistemología de la psicoterapia Alejandro Cifuentes-muñoz, 2024-10-01 Imagina a una persona que siente angustia y que va a consultar a cuatro psicoterapeutas distintos para entender qué le ocurre. El primero le dice que presenta un conflicto no resuelto entre algunos mecanismos de defensa y ciertos impulsos libidinales (corriente psicodinámica). El segundo, que su angustia representa una conducta disfuncional aprendida y reforzada por ciertas creencias irracionales (corriente cognitivo-conductual). El tercero, que tal persona carece de un sentido de vida, lo que limita su tendencia inherente a la autorrealización (corriente humanista). El último, que su angustia es una manifestación particular e interaccional del sistema del que es parte (corriente sistémica). Pero ¿quién tiene razón? Todos y ninguno.

Entre grietas, puentes y pandemias Horacio Eduardo Juárez,2025-05-05 ¿Qué tanto han afectado las grietas en tu vida cotidiana? ¿Cuántos puentes has debido cruzar para sortearlas? ¿Acaso las únicas pandemias que nos condicionan son las biológicas? A través de esta crónica autoetnográfica, el autor realiza en un recorrido donde lo personal y lo social se entrelazan de manera inevitable. Partiendo de la experiencia de un proyecto educativo en un profesorado, reflexiona sobre la salud, la educación y las profundas marcas de nuestra cultura política. Con una mirada crítica y una prosa apasionada, nos invita a cuestionarnos sobre las divisiones impuestas, las estrategias de resistencia y la influencia de factores estructurales en nuestras trayectorias individuales y colectivas. Inspirado en la teleología aristotélica y la psicología adleriana, este relato no busca respuestas definitivas, sino abrir caminos de interpretación sobre el devenir humano. Entre grietas que separan, puentes que conectan y pandemias que trascienden lo biológico, el autor nos desafía a pensar nuestro propio lugar en la historia. Un libro que interpela, provoca y nos confronta con las múltiples formas en que la vida, la sociedad y la política se entrelazan en nuestro día a día.

Introduccion Al Psicoanalisis Freud Pdf Introduction

In the digital age, access to information has become easier than ever before. The ability to download Introduccion Al Psicoanalisis Freud Pdf has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Introduccion Al Psicoanalisis Freud Pdf has opened up a world of possibilities. Downloading Introduccion Al Psicoanalisis Freud Pdf provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of

carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Introduccion Al Psicoanalisis Freud Pdf has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Introduccion Al Psicoanalisis Freud Pdf. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Introduccion Al Psicoanalisis Freud Pdf. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Introduccion

Al Psicoanalisis Freud Pdf, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Introduccion Al Psicoanalisis Freud Pdf has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Introduccion Al Psicoanalisis Freud Pdf Books

1. Where can I buy Introduccion Al Psicoanalisis Freud Pdf books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
