*Heroines of the Holocaust* Lori R. Weintrob, Judith Tydor Baumel-Schwartz, 2024-11-29 This book brings together international scholars to examine and share new approaches in the history of women's rescue and resistance during the Holocaust and the Armenian and Rwandan genocide. The activities of women during the Holocaust have often been forgotten, erased, misunderstood, or intentionally distorted. Jewish women and those of all faiths fought with dignity, compassion, and courage to save others from the murderous Nazi regime in many nations. Women played essential roles operating educational, cultural, humanitarian, and armed resistance initiatives, thereby preserving social customs, religious traditions, lives, and histories in defiance of oppression in the Holocaust and other genocides. There remain many untold, heroic stories of women challenging the Nazis with pen, pistol, or sabotage. With contributions from a collection of authors, some of whom are descendants of resistance leaders, the chapters focus on different kinds of activities which are considered as forms of resistance or Amidah: strengthening solidarity among themselves, creating open, but hidden spaces for cultural life, promoting religious or political activities, acting as leaders in networks of defiance, and transferring important information within the camp or to the outer world, among others. Discussing the efforts to respond with humanity to the inhumanity that these women confronted, this volume will open up avenues of inquiry that are critical in the face of rising antisemitism and authoritarian movements that threaten democracy and mutual respect. This volume will be of value to scholars and students interested in Second World War History, Women's and Gender History, Jewish Studies, and the history of the Holocaust.

*Hiding in Death's Shadow* Allen Brayer, 2010-11-24 There was commotion everywhere. People were getting dressed or looking for things. The atmosphere was unreal, unbelievable. I know they all felt the same as I. A rope was tightening around everyone's neck-the end has come. It is like seeing the angel of death manifest in the form of a policeman. No one among us spoke. Except for the rustle of everyone getting ready to go, it was quiet. We were living a nightmare. It could not be real, but it was and yet I refused to believe it. Somehow, at least in me, there was a spark of hope. I pretended to look for things, all the while my mind raced through the possibilities, the ideas of escape, running away, or somehow just disappearing. I was desperate because my immediate chances were poor. I couldn't see myself leaving this house with the rest of the group. One

thought ran over and over in my mind, I must get out of this mess.

***Boy and Girl Tramps of America*** Thomas Minehan, 2023-01-27 In 1933 and 1934, Thomas Minehan, a young sociologist at the University of Minnesota, joined the ranks of a roving army of 250,000 boys and girls torn from their homes during the Great Depression. Disguised in old clothes, he hopped freight trains crisscrossing six midwestern states. While undercover, Minehan associated on terms of social equality with several thousand transients, collecting five hundred life histories of the young migrants. The result was a vivid and intimate portrayal of a harrowing existence, one in which young people suffered some of the deadliest blows of the economic disaster. *Boy and Girl Tramps of America* reveals the poignant experiences of American youth who were sent out on the road by grinding poverty, shattered family relationships, and financially strapped schools that locked their doors. For these young people, danger was a constant companion that could turn deadly in an instant. The book documents the hunger and hardships these youth faced, capturing an appalling spectacle and social problem in America's history before any effort was made to meet the problem on a nationwide basis by the federal government. *Boy and Girl Tramps of America* is a work unique in its ability to extend beyond statistical analyses to uncover the opinions, ideas, and attitudes of the boxcar boys and girls. Originally published in 1934, it remains highly relevant to the turbulent moments of the twenty-first century. This reprint features an introduction by scholar Susan Honeyman that puts the work into our current context.

***Perversion of Faith*** John Hartman, 2024-08-30 With political disinformation rampant and antisemitism on the rise across the world, it is vital for a healthy society to better understand both racism and the propaganda that promotes it. This study highlights the role of the feature film in promoting an ideology that supports the identification of a racial enemy that can lead to political persecution and social violence. The author presents a psychological model as an explanatory framework for understanding the emotional appeal of racist propaganda. Illustrative evidence for the psychological model will be provided primarily through three feature films made by the National Socialist (Nazi) regime in Germany (1933-1945). These films provide evidence of different ways in which film was utilized to aid in the regime's intent to wage war against its perceived enemies. The book addresses address five major questions related to the role of propaganda in the promotion of racist ideology and social violence: 1) how can we understand the emotional basis of the ideology of racism? 2) How are these ideas translated into mass media like films, television, and the internet? 3) What is the emotional appeal of this propaganda to the committed follower and to the average citizen? 4) What is the role of propaganda in moving people from an ideology to social action including violence? 5) What might be antidotes to racist propaganda? The book will be of interest to students and researchers in film studies, history, sociology, and cultural studies, as well as specialist Jewish Studies and Holocaust Studies centers.
