Los crisantemos (PDF) a. pechohermoso,2017-08-22 «Si tuviera la oportunidad de vivir de nuevo, no perdería ni un minuto pensando en el qué dirán. Si me dieran otra oportunidad, cuántas cosas dejaría de hacer, y cuántas otras haría. Claro que, a toro pasado es fácil decirlo. Seguramente, si me dieran otra oportunidad de vivir la vida, acabaría haciendo las mismas cosas, cometería los mismos errores. Ya se sabe, el hombre es el único animal que tropieza dos veces en la misma piedra». Mariana emigra a Cataluña por razones familiares. Viuda, con dos hijas y embarazada, tuvo que afrontar los avatares de la vida. Mujer valiente y emprendedora, saldrá adelante con esfuerzo e ingenio. No supo, como muchos padres de su generación, ahondar en los problemas de sus hijos, ni encontrar la manera de ayudarlos, pero lo compensó con amor y dedicación. La escritora, a través de sus personajes, ha querido denunciar la violencia que un ser humano puede ejercer sobre otro ser humano.

The Routledge Handbook of Urban Studies in Latin America and the Caribbean Jesús M. González-Pérez,Clara Irazábal,Rubén C. Lois-González,2022-07-19 This handbook presents the great contemporary challenges facing cities and urban spaces in Latin America and the Caribbean. The content of this multidisciplinary book is organized into four large sections focusing on the histories and trajectories of urban spatial development, inequality and displacement of urban populations, contemporary debates on urban policies, and the future of the city in this region. Scholars of diverse origins and specializations analyze Latin American and Caribbean cities showing that, despite their diversity, they share many characteristics and challenges and that there is value in systematizing this knowledge to both understand and explain them better and to promote increasing equity and sustainability. The contributions in this handbook enhance the theoretical, empirical and methodological study of urbanization processes and urban policies of Latin America and the Caribbean in a global context, making it an important reference for scholars across the world. The book is designed to meet the interdisciplinary study and consultation needs of undergraduate and graduate students of architecture, urban design, urban planning, sociology, anthropology, political science, public administration, and more.

Así los trata la muerte María Rosa Lojo,2021-09-01 Relatos que recrean historias de personajes enterrados en el Cementerio de la Recoleta, como Lucio V. Mansilla, Mariquita Sánchez de Thompson, Camila O'Gorman y Dominguito Sarmiento. Después del éxito de Historias ocultas en la Recoleta, María Rosa Lojo vuelve con más relatos sobre algunos de

los personajes enterrados en el cementerio más famoso del país. Nos cuenta no sólo cómo fueron sus vidas en la tierra, sino cómo los trata la muerte, en el trasmundo que supieron conseguir. Asistiremos a sus andanzas y sorprendentes encuentros. Lucio V. Mansilla dialoga con Manuel, su valet, dos desorientados fantasmas a fines del siglo XX; su hermana, la escritora Eduarda Mansilla, viaja otra vez a los Estados Unidos, pero descubre el país de Donald Trump; Mariquita Sánchez de Thompson sigue enviándole cartas a su hija Florencia; José María Calaza, célebre jefe de bomberos de Buenos Aires, visita el Infierno para conocer al emperador Nerón. Sabremos de Victoria Ocampo, Camila O'Gorman, Dominguito Sarmiento y el médico Polidoro Segers, testigo de la masacre de los selk'nam en Tierra del Fuego. Entre el sueño y la realidad, entre la vida y la muerte, entre lo documentado y lo fantaseado, los cuentos de María Rosa Lojo respiran luminosidad y delicadeza, humor e inteligencia. Relatos donde seguimos oyendo las voces de muertos que tienen mucho para decirnos, tanto de la historia argentina como de la condición humana. La crítica ha dicho sobre la autora y su obra: «Una de las voces más originales y convincentes de la literatura hispanoamericana actual.» Corriere Della Sera «Sin duda, Lojo es una maestra en el arte de cruzar la historia personal con la colectiva.» Mónica López Ocón, Tiempo Argentino «Escritora lúcida y prolífica, de gran talento literario, ha trazado una de las trayectorias más éticas de nuestras Letras.» Marcela Crespo Buiturón «Una brillante contadora de historias.» Antonio Requeni, La Nación «...Una muestra de que se puede tratar la Historia, libre de cánones convencionales.» Alejandro Lorenzo, El Nuevo Herald, Miami

Trends in Latin American Psychology Wilson López-López, Hernán Camilo Pulido-Martínez, Irene Giovanni-Aguilar, 2025-04-21 This book brings together English versions of a selection of articles originally published in Spanish in *Universitas Psychologica*, one of the most important psychology journals in Latin America. It's an anthology of theoretical and research papers published by important Latin American psychologists that aim to provide the international community with a representative sample of research trends in Latin American psychology in different subfields. This anthology is organized in three parts, each one containing a selection of articles from different subfields of psychological research and practice. The first part brings together papers in the fields of social and community psychology, two areas in which Latin American psychologists have developed quite original contributions to research and practice. The second part is dedicated to articles showcasing research conducted with Latin American children and youth in the fields of educational, cognitive and developmental psychology. Finally, the third part highlights articles that present contributions of research in fields such as

neuropsychology, clinical and health psychology to the improvement of mental and physical health care of the Latin American population. Each part starts with an introduction especially written by the volume editors for this anthology. Trends in Latin American Psychology: Research Published in Universitas Psychologica will be of interest to researchers in many subfields of psychology, especially to those interested in international and cross-cultural psychology, as the book offers a significative sample of the best research done by Latin American psychologists. The translation of the original articles in Spanish into English was done with the help of artificial intelligence. A subsequent human revision was done primarily in terms of content.

Migrant Labour and the Reshaping of Employment Law Bernard Ryan, Rebecca Zahn, 2023-04-20 The presence of migrant workers has become a central feature of labour markets in highly developed countries. The International Labour Organisation estimates that in 2013 there were 112 million resident migrant workers in the 58 highest-income countries, who made up 16% of the workforce. Non-resident workers have also increasingly become part of the labour available for employment in other states, often on a temporary basis. This work takes a thematic and comparative approach to examine the profound implications of contemporary labour migration for employment law regimes in highly developed countries. In so doing, it aims to promote greater recognition of labour migration-related questions, and of the interests of migrant workers, within employment law scholarship. The work comprises original analyses by leading scholars of migration and employment law at the European Union level, and in Australia, Canada, Germany, Italy, the Netherlands, Spain, the United Kingdom and the United States. The specific position of migrant workers is addressed, for example as regards equality of treatment, or the position in employment law of migrant workers without a right to work. The work also explores the effects of migration levels and patterns upon general employment law □ including the law relating to collective bargaining, and remedies against exploitation.

La mercantilización de las comunidades campesinas de la ciénaga de Chapala: el caso de Cumuatillo,

Michoacán Spencer Radames Avalos Aguilar, Francisco Covarrubias Villa, 2025-03-26 El reparto agrario en México asumió la forma de ejido en dos modalidades: la individual y la colectiva. El ejido individual se tornó la modalidad predominante y obedece plenamente al modelo de comuna agrícola de la antigüedad clásica. La ciénaga de Chapala recientemente creada (1912) por la desecación parcial del lago, fue objeto de reparto agrario ejidal, si bien algunos terrenos fueron mantenidos como propiedad privada. En algunos casos, el reparto agrario implicó la fundación de nuevos centros de población por ejido o la reunión de poblados dispersos como sucedió con Cumuatillo. Con la formación del ejido Cumuatillo y sus anexos, los anteriormente llamados Cerritos de Cumuato se destinaron a centro de población y ahí se asentaron también los habitantes de La Calagua y Las Palancas, quedando el poblado integrado por migrantes de cuatro regiones diferentes: la zona del lado norte del lago de Chapala; la zona del lado Sur del lago; la región Guanajuato-Michoacán y; la zona de Michoacán. Individuos

portadores de cuatro culturas diferentes se fueron a vivir juntos y a crear una sola. Cumuatillo es expresión nítida del proceso de transformación de las relaciones de producción, las fuerzas productivas y la estructura de la conciencia en el que se generó la mercantilización de las comunidades campesinas en la ciénaga de Chapala y en todo México.

El libro, ofrece una visión panorámica sobre el acoso y la violencia escolar desde un abordaje propositivo, guía al lector a la denición de la violencia interpersonal, social y virtual. Adicionalmente, el lector encontrará información para identificar los factores: sociales, familiares y escolares; así como los roles de los participantes en el triángulo de la violencia escolar: el agresor, el observador y la víctima; concluyendo en alternativas de solución. Propuestas que se convierten en herramientas que le permitirán a: los docentes, psicólogos escolares, orientadores y directivos, intervenir en sus esferas de competencia y responsabilidad. Entre las alternativas de solución destacan: la promoción de respeto a los valores humanos, a la dignidad y la corresponsabilidad; haciendo énfasis en la formación de habilidades sociales, de comunicación asertiva, autoestima, inteligencia emocional para la toma de decisiones responsables. Nuestro objetivo es contribuir a la recuperación de los espacios de convivencia escolar, donde prevalezcan los valores de respeto, tolerancia y solución de conflictos a través de la mediación y la no violencia.

A Latin American Existentialist Ethos Stephanie Merrim, 2023-05-01 With their emphasis on freedom and engagement, European existentialisms offered Latin Americans transformative frameworks for thinking and writing about their own locales. In taking up these frameworks, Latin Americans endowed them with a distinctive ethos, a turn towards questions of identity and ethics. Stephanie Merrim situates major literary and philosophical works—by the existentialist Grupo Hiperión, Rosario Castellanos, Octavio Paz, José Revueltas, Juan Rulfo, and Rodolfo Usigli—within this dynamic context. Collectively, their writings manifest an existentialist ethos attuned to the matters most alive and pressing in their specific situations—matters linked to gender, Indigeneity, the Mexican Revolution, and post-Revolution politics. That each of these writers orchestrates a unique center of gravity renders Mexican existentialist literature an always shifting, always passionate adventure. A Latin American Existentialist Ethos takes readers on this adventure, conveying the passions of its subjects lucidly and vibrantly. It is at once a detailed portrait of twentieth-century Mexican existentialism and an expansive look at Latin American literary existentialism in relation—and opposition—to its European counterparts.

Relics @ the Lab Mark van Strydonck, Jeroen Reyniers, Fanny van Cleven, 2018 The book *Relics @ the Lab*, an Analytical Approach to the Study of Relics includes a series of studies presented at the first international workshop *Relics @ the Lab* organized by the Royal Institute of Cultural Heritage (KIK-IRPA) in Brussels, Belgium (27-28 October 2016). The papers cover a large variety of themes as well as analytical methods. Some papers focus on the primary relics while others deal with the nature and origin of secondary as well as tertiary relics. The first group of papers emphasizes on the archaeological authenticity of the relics, the second group elucidate the use, additions and manipulations of the relics through the ages. The applied analytical techniques are very divers. Radiocarbon and physical anthropology are the main tools to study the primary relics, while dye analysis, imaging techniques, textile analysis and dendrochronology are used to study the secondary and tertiary relics. Sometimes unexpected techniques, like the analysis of writing ink or the determination of plants and excrements, complete the wide range of analytical methods used to understand the origin, nature and context of the relics. br />Academics as well as professionals working in archaeology, art history, museum labs and conservation sciences will find this an invaluable reference source.

La familia en la novela española, 1975-2000 Julia Villa García, 2007 El cine, el teatro, la literatura y la publicidad recurren a la familia como centro de sus argumentos porque ningún otro grupo social encierra tanta riqueza de relaciones y afectos. Y, sin embargo, son pocos los estudios que se han hecho del tipo de familia que se ofrece a través de estos medios. El objetivo de este libro es acompañar a los lectores en un recorrido por la novela de los últimos veinticinco años del siglo XX con el fin de descubrir qué tipo de familia presenta, cuál es su estilo de comunicación y cuáles sus conflictos. Esta publicación es fruto de un estudio de investigación centrado en el análisis de expresiones verbales y gestuales transmitidas por medio del lenguaje escrito y agrupadas en categorías establecidas de antemano. Para el análisis y la interpretación de los textos se ha utilizado una herramienta informática, el programa Nud*ist, como soporte para la cuantificación de los datos y como instrumento que facilita la elaboración del informe final. Se analizan familias nucleares, monoparentales, reconstituídas y las formadas por parejas de hecho. Entre todas ellas predominan, sobre todo, las familias nucleares. El lector comprobará que las familias de la ficción pueden servirnos para analizar y conocer las relaciones que se establecen en nuestras propias familias. Y que los conflictos que sufren el padre, el marido, la esposa, la madre y los hijos son nuestros propios conflictos. Con este estudio se constata, una vez más, que la literatura y la sociedad ejercen una doble relación especular. La una remite a la otra. La literatura en cuanto icono narrativo tiene poder de ecocación y recreación. Este poder para hacer re-surgir los problemas más ocultos de la persona y de la sociedad y convertirse en elemento formador de consecuencias es reconocido por muchos escritores.
