The Office Andy Greene, 2020-03-24 AN INSTANT NEW YORK TIMES BESTSELLER The untold stories behind The Office, one of the most iconic television shows of the twenty-first century, told by its creators, writers, and actors When did you last hang out with Jim, Pam, Dwight, Michael, and the rest of Dunder Mifflin? It might have been back in 2013, when the series finale aired . . . or it might have been last night, when you watched three episodes in a row. But either way, long after the show first aired, it's more popular than ever, and fans have only one problem—what to watch, or read, next. Fortunately, Rolling Stone writer Andy Greene has that answer. In his brand-new oral history, *The Office: The Untold Story of the Greatest Sitcom of the 2000s*, Greene will take readers behind the scenes of their favorite moments and characters. Greene gives us the true inside story behind the entire show, from its origins on the BBC through its impressive nine-season run in America, with in-depth research and exclusive interviews. Fans will get the inside scoop on key episodes from *The Dundies* to *Threat Level Midnight* and *Goodbye, Michael*, including behind-the-scenes details like the battle to keep it on the air when NBC wanted to pull the plug after just six episodes and the failed attempt to bring in James Gandolfini as the new boss after Steve Carell left, spotlighting the incredible, genre-redefining show created by the family-like team, who together took a quirky British import with dicey prospects and turned it into a primetime giant with true historical and cultural significance. Hilarious, heartwarming, and revelatory, *The Office* gives fans and pop culture buffs a front-row seat to the phenomenal sequence of events that launched *The Office* into wild popularity, changing the face of television and how we all see our office lives for decades to come.

Southerners Acting Southern Tison Pugh, 2025-04-10 What is the difference between a star born in the South and a "southern star"? In *Southerners Acting Southern*, Tison Pugh answers this intriguing question, pondering the ways in which some performers from the South metamorphose into southern stars by accentuating their geographic and cultural roots as key aspects of their star personas. Many celebrities, particularly actors, seek to transcend their hometown roots in favor of achieving an "all-American" appeal, but some stars born in the South build their national and international fan base by emphasizing the southern aspects of their biography and by leaning into regional clichés and stereotypes that percolate throughout the U.S. cultural imaginary. In turn, some southern stars trot out the region's hoariest tropes of fading belles, gullible country rubes, and the succors of southern hospitality only to reveal the shallowness of these stereotypes and of their celebrity personas as well. Covering more than one hundred years of cultural history, *Southerners Acting Southern* allows readers to gauge the South's often-reluctant progress into modernity, including discussions on the intersection of race and celebrity for the region's Black stars and its increasing, if hesitant, embrace of queer ones. Chapters feature a wide-ranging selection of southern celebrities, including Louis Armstrong, Truman Capote, Elvis Presley, Tennessee Williams, Andy Griffith, Tina Turner, Dolly Parton, Tom Petty, Gloria Estefan, Oprah Winfrey, Reese Witherspoon, Jenna Bush Hager, Ellen DeGeneres, Tyler Perry, Matthew McConaughey, Aziz Ansari, and Miley Cyrus. *Southerners Acting Southern* moves from past to present, from musicians to media personalities, discerning the ways in which southernness contributes to the building of personal celebrity. Altogether, this luminous work of cultural criticism reveals that southern stargazing, as much as it might initially appear a flighty pastime of overzealous fans, divulges deeper truths about the South, and the United States as a whole, that might otherwise pass unnoticed.

Mindy Kaling Amy Brown,2016-12-15 Mindy Kaling is an American actress, comedian, writer and producer. She is the creator and star of the Fox and Hulu sitcom *The Mindy Project*, and also serves as executive producer and writer for the show. She is also known for her work on the NBC sitcom *The Office*, where she portrayed the character Kelly Kapoor and served as executive producer, writer and director on some of the episodes. In 2004, when *The Office* producer Greg Daniels was working to adapt *The Office* from the BBC show of the same name, he hired Kaling as a writer-performer after reading a spec script she wrote. She's very original ... If anything feels phony or lazy or pass♦, she'll pounce on it. When Kaling joined *The Office*, she was 24 years old and was the only woman on a staff of eight. She took on the role of character Kelly Kapoor, debuting in the series' second episode, *Diversity Day*. She wrote *Niagara*, for which she was co-nominated for an Emmy with Greg Daniels. Credited with twenty-five episodes, Kaling is the most prolific writer on the staff. In a 2007 interview with *The A.V. Club*, she stated that Kelly is an exaggerated version of what I think the upper-level writers believe my personality is. After the *Diwali* episode, Kaling appeared with Daniels on NPR's *Fresh Air*.
