

New Jedi Order S 1 19

Arthur James Wells

Finding the Force of the Star Wars Franchise Matthew Kapell, John Shelton Lawrence, 2006 Textbook

Star Wars Year By Year New Edition Kristin Bayer, Pablo Hidalgo, Daniel Wallace, Ryder Windham, 2021-11-02 Discover everything you've ever wanted to know about Star Wars in this complete history of the most famous franchise in movie history. Painstakingly researched and superbly illustrated, Star Wars™ Year By Year: A Visual History, New Edition presents a unique Star Wars timeline-the full history of the amazing Star Wars phenomenon as you've never seen it before. This stunning visual journey features trivia and cultural cornerstones from director George Lucas' early life through to the iconic movie stills, comic books, novels, toys, video games, and theme parks that have spawned from five decades of seminal film making. Fully updated and expanded, this edition encompasses all nine episodes of the original, prequel, and sequel trilogies, along with the standalone movies *Rogue One* and *Solo*, and the acclaimed television series, *The Mandalorian*. Produced in full collaboration with Lucasfilm and written by renowned Star Wars experts, *Star Wars Year by Year: A Visual History, New Edition* is ideal for Star Wars fanatics and newbies alike. © & TM 2021 Lucasfilm Ltd.

The Gospel according to Star Wars, Second Edition John C. McDowell, 2017-09-07 In a new and updated version of this best-selling book, John McDowell explores the many spiritual themes that weave throughout the Star Wars films. From the Force to the dark side, the issues discussed in the films have a moral and spiritual complexity that, if paid attention to, can help us better understand our place in the world and our relation to others and to God. George Lucas, the creator of Star Wars, did not intend for his films to be mere entertainment, McDowell argues. Rather, he hoped his films would be used as a vehicle for moral education. This new version has been thoroughly revised to include discussion of *The Force Awakens* and other new developments in the Star Wars universe.

The Ultimate Star Wars and Philosophy Jason T. Eberl, Kevin S. Decker, 2015-10-12 Does it take faith to be a Jedi? Are droids capable of thought? Should Jar Jar Binks be held responsible for the rise of the Empire? Presenting entirely new essays, no aspect of the myth and magic of George Lucas's creation is left philosophically unexamined in *The Ultimate Star Wars and Philosophy*. The editors of the original *Star Wars and Philosophy* strike back in this Ultimate volume that encompasses the complete Star Wars universe Presents the most far-reaching examination of the philosophy behind Star Wars - includes coverage of the entire film catalogue to date as well as the Expanded Universe of novels, comics, television

series, games and toys Provides serious explorations into the deeper meaning of George Lucas's philosophically rich creation Topics explored include the moral code of bounty-hunter favourite Boba Fett, Stoicism and the Jedi Order, the nature of the Dark Side, Anakin and Achilles in a nihilism face-off, feminism and being chained to a giant slug, cloning, de-extinction, fatherhood, Wookiees, loyalty, betrayal, guardians, republics, tyrants, terrorism, civic duty, friendship, family, and more!

The Transmedia Franchise of Star Wars TV Dominic J. Nardi, Derek R. Sweet, 2020-11-11 While previous work on the Star Wars universe charts the Campbellian mythic arcs, political representations, and fan reactions associated with the films, this volume takes a transmedial approach to the material, recognizing that Star Wars TV projects interact with and relate to other Star Wars texts. The chapters in this volume take as a basic premise that the televisual entrants into the Star Wars transmedia storyworld are both important texts in the history of popular culture and also key to understanding how the Star Wars franchise—and, thus, industry-wide transmedia storytelling strategies—developed. The book expands previous work to consider television studies and sharp cultural criticism together in an effort to bring both long-running popular series, long-ignored texts, and even toy commercials to bear on the franchise's complex history.

Forthcoming Books Rose Arny, 2003-04

Star Wars and the History of Transmedia Storytelling Sean Guynes, Dan Hassler-Forest, 2025-10-01 Star Wars has reached more than three generations of casual and hardcore fans alike, and as a result many of the producers of franchised Star Wars texts (films, television, comics, novels, games, and more) over the past four decades have been fans-turned-creators. Yet despite its dominant cultural and industrial positions, Star Wars has rarely been the topic of sustained critical work. *Star Wars and the History of Transmedia Storytelling* offers a corrective to this oversight by curating essays from a wide range of interdisciplinary scholars in order to bring Star Wars and its transmedia narratives more fully into the fold of media and cultural studies. The collection places Star Wars at the center of those studies' projects by examining video games, novels and novelizations, comics, advertising practices, television shows, franchising models, aesthetic and economic decisions, fandom and cultural responses, and other aspects of Star Wars and its world-building in their multiple contexts of production, distribution, and reception. In emphasizing that Star Wars is both a media franchise and a transmedia storyworld, *Star Wars and the History of Transmedia Storytelling* demonstrates the ways in which transmedia storytelling and the industrial logic of media franchising have developed in concert over the past four decades, as multinational corporations have become the central means for subsidizing, profiting from, and selling modes of immersive storyworlds to global audiences. By taking this dual approach, the book focuses on the interconnected nature of corporate production, fan consumption, and transmedia world-building. As such, this collection grapples with the historical, cultural, aesthetic, and political-economic implications of the relationship between media franchising and transmedia storytelling as they are seen at work in the world's most profitable transmedia franchise.

100 Things Star Wars Fans Should Know & Do Before They Die Dan Casey, 2015-11-01 Perfect for Star Wars fans who think they already know everything On May 25, 1977, the world of science fiction, film, and pop culture was changed forever with the release of Star Wars. The beginning of this epic space opera franchise would inspire an expanded universe of creativity, including books, comic books, theme parks, and much more. With extensive back stories, lore, and author Dan Casey's encyclopedic knowledge on the subject, this lively, detailed book explores the characters, storylines, and facts every true Star Wars fan should know. This guide covers the history of how a multibillion-dollar and beloved institution was born and went on to flourish. Dan Casey has collected every essential piece of Star Wars knowledge and trivia, including what infamous, cult classic TV movie introduced beloved bounty hunter Boba Fett, what Star Wars novel was released in 1976 before the first movie premiered, and what animal species is named after Han Solo. Whether you're a fan of the original film trilogy, an avid reader of the books, or can't wait to see what J. J. Abrams does with the next generation of movies, 100 Things Star Wars Fans Should Know & Do Before They Die is the perfect resource for all Star Wars fans looking to increase their knowledge of the storied franchise and look back on the most memorable moments of a galaxy far, far away.
