**Selected Writings of an Eighteenth-Century Venetian Woman of Letters** Elisabetta Caminer Turra,2007-11-01

Elisabetta Caminer Turra (1751-96) was one of the most prominent women in eighteenth-century Italy and a central figure in the international Republic of Letters. A journalist and publisher, Caminer participated in important debates on capital punishment, freedom of the press, and the abuse of clerical power. She also helped spread Enlightenment ideas into Italy by promoting and publishing Voltaire's latest works and translating new European plays-she herself directed, to great applause, on Venetian stages. Bringing together Caminer's letters, poems, and journalistic writings, nearly all published for the first time here, *Selected Writings* offers readers an intellectual biography of this remarkable figure as well as a glimpse into her intimate correspondence with the most prominent thinkers of her day. But more important, *Selected Writings* provides insight into the passion that animated Caminer's fervent reflections on the complex and shifting condition of women in her society-the same passion that pushed her to succeed in the male-dominated literary professions.

*Words and visions around/about Chinese transnational mobilities* □□ Valentina Pedone,Miriam Castorina,2023 This collection gathers the contributions of ten scholars on the topic of transnational cultural and physical mobility originating in China. These contributions aim to open conversations among Chinese Studies scholars by applying a Mobility Studies perspective. Exploring diverse narratives and forms of representation from people of Chinese heritage, the book is divided into three parts that each look closely at the relationship between movement and cultural production. The first part is dedicated to four types of mobility of people from China to Italy, namely tourist mobility (Miriam Castorina), labor mobility (Valentina Pedone), student mobility (Xu Hao), and mobility of social elites (Andrea Scibetta). The second part is dedicated to examples of reverse mobility from Italy to China (Gao Changxu, Chiara Lepri, Giuseppe Rizzuto). The third part focuses on case studies based on mobilities from China to territories other than Italy (Rebecca Ehrenwirth, Martina Renata Prosperi, Giulia Rampolla).

**Encyclopedia of Italian Literary Studies: A-J** Gaetana Marrone,2007 Publisher description

*Reclaiming Romeo and Juliet* Vincenza Minutella,2013-10-01 This book explores the birth, life and afterlife of the story of Romeo and Juliet, by looking at Italian translations/rewritings for page, stage and screen. Through its analysis of published translations, theatre performances and film adaptations, the volume offers a thorough investigation of the ways in which Romeo and Juliet is handled by translators, as well as theatre and cinema practitioners. By tracing the journey of the “star-crossed lovers” from the Italian novelle to Shakespeare and back to Italy, the book provides a fascinating account of the transformations of the tale through time, cultures, languages and media, enabling a deeper understanding of the ongoing fortune of the play and exploring the role and meaning of translation. Due to its interdisciplinarity, the book will appeal to anyone interested in translation studies, theatre studies, adaptation studies, Shakespeare films and Shakespeare in performance. Moreover, it will be a useful resource for both lecturers and students.

**Encyclopedia of Italian Literary Studies** Gaetana Marrone,Paolo Puppa,2006-12-26 The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

**Ottorino Respighi (1879-1936)** Lee G. Barrow,2004-10-19 Ottorino Respighi stands alongside Giacomo Puccini and Antonio Vivaldi as one of the best known and most performed Italian composers. Yet, compared to that of other composers of Respighi's stature, relatively little has been written about the man and his music. This work provides documentation and annotation of all of this great composer's articles, books, theses, and dissertations with references to Respighi and his music published during the last century throughout the world. Barrow provides a comprehensive general index as well as both a discography and an index of Respighi's compositions. Despite the popularity of his two most famous works Fontane di Roma (Fountains of Rome) and Pini di Roma (Pines of Rome) Respighi has been largely ignored and even criticized by scholars and critics. Only recently has there been an increase in attention from these writers in the music of this important composer, but mostly in his native Italy. This reference volume offers authoritative direction for librarians, students, musicologists, and conductors seeking details of the composer's life and work.

National Union Catalog ,1978 Includes entries for maps and atlases.

**Acting the Essence** Giuliano Campo,2022-06-09 Acting the Essence examines the theory, practice, and history of the art of the performer from the perspective of its inner nature as work on oneself, within, around, and beyond the pedagogy of the actor. Ref lecting primarily on the legacy of Jerzy Grotowski, this book is composed of a series of ref lections on the Stanislavskian lineage of practitioners and related authors, in an attempt to revive awareness of the original path traced by the Russian master and to refine certain ambiguities in contemporary training. In a new media age of image and sound, accompanied by a proliferation of new technologies and means to communicate, emphasised by the COVID-19 crisis, a classic question comes to be asked of us again: What is the essence and the principal objective of the work of the performer? Is performing art still necessary? While proposing a theoretical advancement of the discipline and an historical overview of the relevant practices, this book provides tools for a better understanding of the traditional function of the performer's practice as work on the self, for its ecological renaissance through a conscient use of trance, attention, and altered states of consciousness. This book offers insight for students in drama, theatre, and performance courses studying acting and performance at university.

National Theatres in a Changing Europe S. Wilmer,2008-02-21 Examining the ways in which national theatres have formed and evolved over time, this new collection highlights the difficulties these institutions encounter today, in an environment where nationalism and national identity are increasingly contested by global, transnational and local agendas, and where economic forces create conflicting demands.
