A Year of Fear Bryan Senn,2015-03-26 This eclectic overview of horror cinema offers up a collection of horror films for practically any occasion and literally every day of the year. For example, the author recommends commemorating United Nations Day (October 24) with a screening of The Colossus of New York, whose startling climax takes place at the U.N. Building. Common and Uncommon Quotes: A Theory and History of Epigraphs Jared A. Griffin,2023-03-07 'Common and Uncommon Quotes: A Theory and History of Epigraphs' is a prolegomenon to the study of epigraphic paratextuality. Building on the work of Gerard Genette's paratextual studies, this volume contextualizes and traces the practice of epigraphy in Anglophone literary history, from the fifteenth to the early twentieth century. This study explores how epigraphs are used by author-functions as a hermeneutic for their text and to establish ethos with their audience, and how that paratextual relationship changed as publishing opportunities and literacy rates grew over four centuries. The first broad-reaching study of this kind, 'Common and Uncommon Quotes' seeks to understand how epigraphs work: through their privilege on the page, their appeal to conjured ideas of the past, and their calls to citizenship.

Possessed Child Narratives in Literature and Film A. Schober,2004-07-30 This book undertakes a study of the trope of possessed child in literature and film. It argues that the possessed child is fundamentally an American phenomenon which, first, may be traced to the Calvinist bias of the US as a nation founded on Puritanism and, second, to the rise of Catholicism in that country, to which Puritanism owes its origins.

The Abcs of Apa Style Beth Lee,2017-08-30 Very few students and even professionals know how to write using American Psychological Association Style. You are not the only one. Beth Lee knows this to be true, because she has been teaching APA style for more than a dozen years. Shes accustomed to hearing students say things such as: What is APA? How do I use it? Cant I just use MLA? The reality is that many professors, instructors, and professions insist on using APA Style. In this guide, youll learn how to: take down information to make citing easier; look up information in style guides; memorize the most important rules; and avoid the most common mistakes. While it would be easy to copy and paste web addresses into essays and academic papers, that is not how APA Style works. If you dont know the rules, your writing wont be taken as seriouslyand if youre in schoolyour marks will suffer. Once you understand the main elements of APA style, youll be equipped to use more complex style guides and reference materials. Bolster your academic writing today with lessons in The ABCs of APA Style.
