Last Unicorn Peter S. Beagle, 2022-07-26 'Charm, wit, and stylistic brilliance.... This is a novel that every writer should read and reread' - Chicago News 'If men no longer know what they are looking at, there may well be unicorns in the world yet, unknown and glad of it.' Living in peace in her lilac wood, the Unicorn didn't know the world had changed, or that anything had happened to the rest of her kind. Overhearing a chance conversation, she resolves to venture out and discover the truth. The road is dangerous, and the risks are great. If she fails, then unicorns will be lost. Forever. A modern fairy tale, *The Last Unicorn* is a beloved classic, voted by TIME as one of the 100 greatest fantasy novels of all time. It is fantastical, poignant, wistful and wonderful, showing us the humanity of magic, and the magic of humanity. Available in the UK for the first time in decades, this edition features an introduction by Patrick Rothfuss. 'At his best, Peter S. Beagle outshines the moon, the sun, the stars, the entire galaxy' - Seattle Times 'Truth and humanity shine out of the book as brightly as any of Beagle's unicorns' - StrangeHorizons.com

*The Way Home* Peter S. Beagle, 2024-03-19 Renowned author Peter S. Beagle returns to the world of *The Last Unicorn* in this resonant and moving two-novella collection, featuring the award-winning “Two Hearts” and the brand-new “Sooz.” *The Last Unicorn* is one of fantasy’s most revered classics, beloved by generations of readers and with millions of copies in print. Revisiting the world of that novel, Beagle’s long-awaited Hugo and Nebula-Awards-winning “Two Hearts” introduced the irrepressible Sooz on a quest to save her village from a griffin, and explored the bonds she formed with unforgettable

characters like the wise and wonderful Molly Grue and Schmendrick the Magician. In the never-before-published “Sooz,” the events of “Two Hearts” are years behind its narrator, but a perilous journey lies ahead of her, in a story that is at once a tender meditation on love and loss, and a lesson in finding your true self. The Way Home is suffused with Beagle’s wisdom, profound lyricism, and sly wit; and collects two timeless works of fantasy.

**The Ecological Imaginary in Literature and Other Media** Kevan Manwaring, 2025-09-23 From Gilgamesh to Gawain and the Green Knight, the Brothers Grimm to Grimdark, the natural world has provided the backdrop for Fantasy since its earliest iterations. The playgrounds of childhood are often a writer’s first Fantasy landscape and can develop into fully fledged storyworlds. Do readers of Fantasy seek out the genre for a taste of this unsullied environment? Is it nostalgia for the lost Edens of childhood, a way to escape, or to find resilience and inspiration? And in a time of Climate Emergency, is the nature of Fantasy changing to reflect the challenges it presents? Can the blue-sky thinking of the Fantastic provide us with a useful tool for addressing what the United Nations has called ‘the defining crisis of our time’? This is a timely survey of the environmental aspects of Fantasy, with a unique focus on Fantasy sites and the real-world impact of Fantasy texts across media.

Arbitration's Age of Enlightenment? Cavinder Bull,Loretta Malintoppi,Constantine Partasides,2023-09-12 Directly presenting the considered views of a broad cross-section of the international arbitration community, this timely collection of essays addresses the criticism of the arbitral process that has been voiced in recent years, interpreting the challenge as an invitation to enlightenment. The volume records the entire proceedings of the twenty-fifth Congress of the International Council for Commercial Arbitration (ICCA), held in Edinburgh in September 2022. Topics range from the impact of artificial intelligence to the role of international arbitration in restraining resort to unilateralism, protectionism, and nationalism. The contributors tackle such contentious issues as the following: time and cost; gender and cultural diversity; confidentiality vs. transparency; investor-State dispute settlement procedures; the proposed establishment of a permanent international investment court system; how cross-fertilisation across different disciplines may impact international arbitration; determining whether a document request seeks documents that are relevant and material to the outcome of a dispute; whether we would be better off if investment arbitration were to disappear; and implications for international arbitration of the Russian invasion of Ukraine. There is consideration of global issues that are likely to give rise to disputes in the future, including climate change, environmental protection, access to depleting water resources, energy and mining transition, and human rights initiatives. Several contributions focus on developments in specific countries (China, India) and regions (Africa, the Middle East). Arbitrators, corporate counsel, and policymakers will appreciate this opportunity to engage with current thinking on key issues in international commercial and investment arbitration, especially given the diversity of thought presented by authors from all over the world.
