The Mystery of Christ the Bible Decoded by Neville Goddard, ALIO Publishing Group, 2023-12-16 12 lectures. 12 wisdoms. 12 revelations. Welcome to the great unveiling of the Mystery of Christ, courtesy of one of the 20th century's greatest New Thought teachers, Neville Goddard. It's all about you, because it's all about God, and you are God asleep. Neville is well known as one of the most influential teachers of the Law of Assumption (where one assumes the thing desired in order to bring it about in reality), a predecessor to the Law of Attraction. What's not-so well known, is his status as a metaphysical teacher of biblical principles & scripture. Goddard frequently hosted community gatherings where he shared his knowledge of The Holy Bible, The Word, God, and Jesus Christ. Sometimes controversial, and always impactful, Neville pulled no punches in his candid messages with the intention to inspire every woman and man to seek their own self-liberation, and find Christ from within. Everyone has the same power. Because one has millions does not make him any more a creator than you are. With this collection of teachings, rarely has so much wisdom been rendered this raw and accessible. As one of our greatest modern teachers concerning matters of God, self, and spirituality, Neville reigns as a shining pioneer of manifestation, LOA, and law of assumption. His words have been preserved here, for the deep benefit of all who will receive them. Neville Goddard lectures in this volume: Good Friday The Crucifixion The Bread & the Wine The Mystery Called Christ Who is the Real Messiah? The Only Christianity ...and 7 more Order your copy of The Mystery of Christ today, and verify in your own mind the true identity of the Christ, His relationship to you, and the great destiny in store for all of us!

Occult Geometry and Hermetic Science of Motion and Number A. S. Raleigh, 2024-10-27 Due to overwhelming interest these two occult classics (Occult Geometry, and Hermetic Science of Motion and Number) have been revised and revamped for the next generation of readers and knowledge seekers across all formats. Man cannot investigate the Universe. He can only interrogate it. This should not be taken to mean that it is impossible for us to know absolute Truth, as this assumption would be an error. It simply shows us that the inductive method of research is absolutely incapable of bringing us into a realization of absolute Truth. Combined, both works spin a compelling interpretation of the Kosmos and Man's journey of evolution & involution. This knowledge will aid one's ability to: • perfectly understand the ultimate & immediate cause of all natural manifestations • take first steps toward an understanding of the Theosophia • better interpret the symbols & shapes comprising our inner & outer lives • PLEASE NOTE: this entire book is text-based. There are no illustrations. No man is an originator of anything. He is merely a mirror in which the Kosmos is reflected; and the wisest man is simply the most efficient mirror. Without such knowledge, an accurate understanding of nature is impossible. Buy Now. Begin within.

How to Read The Tarot Paul Foster Case, 2024-10-11 The Tarot is a book, disguised as a pack of cards. The ultimate guide to tarot card meanings (and how to read them), this comprehensive follow-up to the author's occult classic *An Introduction to the Study of The Tarot*, has finally been revised & refined for digital formats. It covers the 22 major arcana & all 4 sets of suits (including court cards) in elucidating, esoteric detail. All serious students & users of card reading or the Kabbalah will want to add Paul Foster Case's *How to Read The Tarot* to their library immediately. BONUS: this updated version of the 20th century classic includes images of the Rider-Waite Smith pack, in addition to the lesser-known B.O.T.A. (Builders of the Adytum) version. This is why language fails whenever one attempts to use it to represent experiences which go beyond the range of physical sensation. This is why mystics and seers are forced to resort to symbolic uses of language. It is not that they are trying to hide anything. Nobody could be more eager to express himself than a wise man who has had first-hand knowledge of the inner and higher planes of experience. This is especially apparent in the writings of the alchemists, who had discovered a Great Secret they wished to share with their fellowmen. Yet none of them succeeded in saying what he saw. To most readers, the alchemists seem to be doing their best to conceal what they know. The truth of the matter is that ordinary speech will not serve to convey this kind of experience from one mind to another. (Paul F. Case) Buy Now and discover how deep the mysteries of the Tarot go...
