BusinessNews Publishing

The E-Myth Revisited Michael E. Gerber, 2009-03-17 An instant classic, this revised and updated edition of the phenomenal bestseller dispels the myths about starting your own business. Small business consultant and author Michael E. Gerber, with sharp insight gained from years of experience, points out how common assumptions, expectations, and even technical expertise can get in the way of running a successful business. Gerber walks you through the steps in the life of a business—from entrepreneurial infancy through adolescent growing pains to the mature entrepreneurial perspective: the guiding light of all businesses that succeed—and shows how to apply the lessons of franchising to any business, whether or not it is a franchise. Most importantly, Gerber draws the vital, often overlooked distinction between working on your business and working in your business. The E-Myth Revisited will help you grow your business in a productive, assured way.

E-Myth Mastery Michael E. Gerber, 2009-10-13 The bestselling author of the phenomenally successful essential entrepreneur handbook *The E-Myth Revisited* presents the next big step in entrepreneurial management and leadership. In this practical, real-world program that can be implemented real-time into any business, Michael E. Gerber begins by explaining why the entrepreneur is so critical to the success of any enterprise, no matter how small or large it may be, and why the mindset of an entrepreneur is so integral to the operating reality of the organization. He then covers seven essential skills: leadership, marketing, money, management, lead conversion, lead generation, and client fulfillment. *E-Myth Mastery* shows readers the difference between being an entrepreneur and doing a job, and teaches them how to get money when banks won't help, how to expand their customer bases when big business moves in down the street, and how to make sure their businesses keep their promises every single time.

Summary of The E-Myth Revisited Alexander Cooper, 2021-11-03 Summary of The E-Myth Revisited - Why Most Small Businesses Don't Work and What to Do About It - A Comprehensive Summary PART 1: HOW PEOPLE APPROACH BUSINESS Gerber explains his key principles in the first chapter. He says there are many new businesses started by technicians, people skilled at what they know and love doing. Many new business owners think that because they know how the technical parts of the business work, they will also understand how a technical business works. In reality, these two are completely different issues. After this, the author explains what it takes to build a business. Gerber says that to build a business, we need an entrepreneur, manager and technician. Each of these roles is important to the development and success of a business. After this, the author explains three phases of business growth. The first phase is infancy, the second is expansion, and the third is maturity. To be continued... E-MYTH REVISITED: WHY MOST SMALL BUSINESSES DON'T WORK AND WHAT TO DO ABOUT IT. ,

SUMMARY - The E-Myth Revisited: Why Most Small Businesses Don't Work And What To Do About It By Michael E. Gerber Shortcut Edition, 2021-06-01 * Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. * By reading this summary, you will discover the secrets of a small business that works, and understand why so many startups fail. * You will also discover that : working hard and being an efficient technician is not enough to build a viable business; a business needs a vision, clear goals and a rigorously defined method to achieve them; the franchise model, where every business is anchored in a clearly codified concept and operation,

is a reference example; the core of a company's offering is not the product it seeks to sell, but the experience or benefit it offers to the customer; a business should not represent the center of its creator's universe, but a means to achieve the life he desires and a reflection of the values that animate it. *Of the number of businesses that are being set up every day, many do not manage to survive. Yet many are based on interesting ideas and carried by competent and determined people. Unfortunately, their idea of entrepreneurship is sometimes inadequate. A good product and a lot of work is not enough to succeed. A company must be built as a true concept, which requires vision and method. *Buy now the summary of this book for the modest price of a cup of coffee!

The E-myth Revisited BusinessNews Publishing,2012 This ebook offers a summary of the book *The E-Myth Revisited* by Michael E. Gerber. The entrepreneurial myth is that most small businesses are started by entrepreneurs. Not so, says Michael E. Gerber, most are started by technicians who enjoy hands-on work and making new products. Therefore, they are too focused on issues within the business, rather than the business as a whole. Gerber proposes an ingenious solution to this problem: the owner should look upon the business as a prototype that they want to expand in the future. In this way, the company itself becomes the hands-on product.

Awakening the Entrepreneur Within Michael E. Gerber,2009-10-13 “No business author has touched me as deeply as Michael Gerber has.” —Jack Canfield, co-creator of the *Chicken Soup for the Soul* bestselling book series The legendary Michael Gerber—founder of E-Myth Worldwide and author of such multi-million copy bestselling classics as *The E-Myth Revisited* and *E-Myth Mastery*—shows you how to go from dreaming about having your own business to actually doing it in *Awakening the Entrepreneur Within*.
