**Cuthbert Lattey**

*The World After the Fall, Vol. 1*, 2022-10-25 A new series from the creative team behind Omniscient Reader. A tower one day appeared in the skies, standing out as a beacon of chaos and apocalypse. A heroic and powerful lot known as Walkers cleared the tower floors in order to save humanity, until the day that the Stone of Regression was discovered. Walkers could now return to the past, and slowly, everyone left. The brave few who remained formed Carpe Diem, a group of people who refused to abandon the world and represented humanity's last hope. But once the last Walker reached floor 100, he no longer knew what to believe...

*The Greek World After Alexander 323-30 BC* Graham Shipley, 2014-03-18 The Greek World After Alexander 323-30 BC examines social changes in the old and new cities of the Greek world and in the new post-Alexandrian kingdoms. An appraisal of the momentous military and political changes after the era of Alexander, this book considers developments in literature, religion, philosophy, and science, and establishes how far they are presented as radical departures from the culture of Classical Greece or were continuous developments from it. Graham Shipley explores the culture of the Hellenistic world in the context of the social divisions between an educated elite and a general population at once more mobile and less involved in the political life of the Greek city.

**Life After Death** Anthony C. Thiselton, 2011-12-05 Writing in the wake of a near-fatal stroke, theologian Anthony C. Thiselton addresses death and what comes next. This distinctive study of the last things comprehensively explores questions about individual death, the intermediate state, the return of Christ, the resurrection of the dead, hell, the final state of the redeemed, and more. --from publisher description.

*Over the Wall/After the Fall* Sibelan Forrester, Magdalena J. Zaborowska, Elena Gapova, 2004-10-29 ... a hot subject in today's scholarship... and a groundbreaking project of vital significance to the field of cultural studies at both 'western' and 'eastern' geographical locations. -- Elwira Grossman *Over the Wall/After the Fall* maps a new discourse on the evolution of cultural life in Eastern Europe following the end of communism. Departing from traditional binary views of East/West, the contributors to this volume consider the countries and the peoples of the region on their own terms. Drawing on insights from cultural studies, gender theory, and postcolonial studies, this lively collection addresses gender issues and sexual politics, consumerism, high and popular culture, architecture, media, art, and theater. Among the themes of the essays are the Western pop success of Bulgarian folk choirs, the Czechs' reception of Frank Gehry's unconventional building in the center of Prague, bohemians in Lviv, and cryptographic art installations from Bratislava.

*Judaism in Late Antiquity 4. Death, Life-After-Death, Resurrection and The World-to-Come in the Judaisms of Antiquity* Alan Avery-Peck, Jacob Neusner, 2015-11-02 Thirteen foremost scholars describe the views of death, life after death, resurrection, and the world-to-come set forth in the literary evidence for late antique Judaism. The volume covers the view of Scripture as a whole as against other Israelite writings; distinct parts of Scripture such as Psalms and the Wisdom literature; apocalyptic and the non-apocalyptic pseudepigraphic literature, Philo; Josephus; the Dead Sea Scrolls; earliest Christianity (the Gospels in particular); the Rabbinic sources; the Palestinian Targums to the Pentateuch; and, out of material culture, the inscriptional evidence. The result is both to highlight the range of available perspectives on this important issue and to illuminate a central problem in the study of Judaism in late antiquity, phrased neatly as "One Judaism or many?" Here we place on display indicative components of Judaism in their full diversity, leaving it for readers to determine whether the notion of a single, coherent religion falls under the weight of a mass of documentary contradictions or whether an inner harmony shines forth from a repertoire of largely shared and only superficially-diverse data.
