*Grist for the Mill* Ram Dass, Stephen Levine, 2014-02-11 From the bestselling author of *Be Here Now*. "A challenging and enlightening collection of speeches and lectures by Ram Dass on his spiritual journey." —Spirituality & Practice From Ram Dass, one of America's most beloved spiritual figures and bestselling author of *Be Here Now* and *Be Love Now*, comes this timeless classic about the experience of being and the risks and rewards of our spiritual path. Originally published in 1976, *Grist for the Mill* offers a deep spiritual journey of self-discovery, and a universal understanding of what it means to "be" and to grow as human beings. The book is fully revised with a new introduction. As Ram Dass puts it, "When the faith is strong enough it is sufficient just to be. It's a journey towards simplicity, towards quietness, towards a kind of joy that is not in time. It's a journey that has taken us from primary identification with our body and our psyche, on to an identification with God, and ultimately beyond identification." Praise for Ram Dass "One of our greatest teachers." —Deepak Chopra "There's no way to overestimate the role of Ram Dass." —Marianne Williamson "May Ram Dass inspire others to find their own path of true love, compassion, and joyful service." —Thich Nhat Hanh

**Self-Help Books** Sandra K. Dolby, 2010-10-01 Understanding instead of lamenting the popularity of self-help books Based on a reading of more than three hundred self-help books, Sandra K. Dolby examines this remarkably popular genre to define self-help in a way that's compelling to academics and lay readers alike. *Self-Help Books* also offers an interpretation of why these books are so popular, arguing that they continue the well-established American penchant for self-education, they articulate problems of daily life and their supposed solutions, and that they present their content in a form and style that is accessible rather than arcane. Using tools associated with folklore studies, Dolby then examines how the genre makes use of stories, aphorisms, and a worldview that is at once traditional and contemporary. The overarching premise of the study is

that self-help books, much like fairy tales, take traditional materials, especially stories and ideas, and recast them into extended essays that people happily read, think about, try to apply, and then set aside when a new embodiment of the genre comes along.

**Gravity Never Stops** Ron Sieh, 2004 There may be no one in the world better at teaching martial arts to pre-teens and teenagers than Ron Sieh. Not just martial arts but values, heart, courage, a sense of humor, a way to turn bullying and teasing into reconciliation and fun. And that's because he's a big zen kid himself. Sieh is the antidote to Columbine and the dark Goth disembodied culture of so many of today's youth. His message is: do the form right because it is your form, kid, and no one else's.

**Dying to Know** Love Serve Remember Foundation, 2024-10-15 *Dying to Know* is an intimate portrait of two complex controversial characters, Ram Dass and Timothy Leary, in an epic friendship that shaped a generation. In the 1960s Harvard psychology professors Timothy Leary and Richard Alpert began probing the edges of consciousness through their experiments with psychedelics. Leary became an LSD guru, igniting a global counterculture movement and landing in prison after Nixon called him "the most dangerous man in America." Alpert journeyed to the East and became Ram Dass, a spiritual teacher for an entire generation and the author of *Be Here Now*. Including interviews spanning 50 years, *Dying to Know* celebrates the lasting legacy of Leary and Alpert and encourages critical thinking about life, drugs, and the biggest mystery of all: death.

**American Gurus** Arthur Versluis, 2014 Versluis shows how the convergence of Asian religions and Western mysticism produce the contemporary phenomenon of spontaneously enlightened gurus in America.

*Still Here* Ram Dass,2001-06-01 More than thirty years ago, an entire generation sought a new way of life, looking for fulfillment and meaning in a way no one had before. Leaving his teaching job at Harvard, Ram Dass embodied the role of spiritual seeker, showing others how to find peace within themselves in one of the greatest spiritual classics of the twentieth century, the two-million-copy bestseller *Be Here Now*. As many of that generation enter the autumn of their years, the big questions of peace and of purpose have returned demanding answers. And once again, Ram Dass blazes a new trail, inviting all to join him on the next stage of the journey.

**Selfish Women** Lisa Downing,2019-05-24 This book proceeds from a single and very simple observation: throughout history, and up to the present, women have received a clear message that we are not supposed to prioritize ourselves. Indeed, the whole question of self is a problem for women – and a problem that issues from a wide range of locations, including, in some cases, feminism itself. When women espouse discourses of self-interest, self-regard, and selfishness, they become illegible. This is complicated by the commodification of the self in the recent Western mode of economic and political organization known as neoliberalism, which encourages a focus on self-fashioning that may not be identical with self-regard or self-interest. Drawing on figures from French, US, and UK contexts, including Rachilde, Ayn Rand, Margaret Thatcher, and Lionel Shriver, and examining discourses from psychiatry, media, and feminism with the aim of reading against the grain of multiple orthodoxies, this book asks how revisiting the words and works of selfish women of modernity can assist us in understanding our fraught individual and collective identities as women in contemporary culture. And can women with politics that are contrary to the interests of the collective teach us anything about the value of rethinking the role of the individual? This book is an essential read for those with interests in cultural theory, feminist theory, and gender politics.
