Come Out, Come Out, Whoever You Are Abigail C. Saguy, 2020-01-15 While people used to conceal the fact that they were gay or lesbian to protect themselves from stigma and discrimination, it is now commonplace for people to come out and encourage others to do so as well. *Come Out, Come Out, Whoever You Are* systematically examines how coming out has moved beyond gay and lesbian rights groups and how different groups wrestle with the politics of coming out in their efforts to resist stigma and enact social change. It shows how different experiences and disparate risks of disclosure shape these groups' collective strategies. Through scores of interviews with LGBTQ+ people, undocumented immigrant youth, fat acceptance activists, Mormon fundamentalist polygamists, and sexual harassment lawyers and activists in the era of the #MeToo movement, *Come Out, Come Out, Whoever You Are* explains why so many different groups gravitate toward the term coming out. By focusing on the personal and political resonance of coming out, it provides a novel way to understand how identity politics work in America today.

The Book of Transgender in Hong Kong 香港 Joanne Leung, 2017-04-01 This is a handbook consolidated and translated from three of our Chinese booklets *Gossip Boys & Girls* series. The first booklet was published in 2012 as we found easy understanding information for Chinese readers was absent. Although there was quite a lot of information in English from western countries, we cannot just copy it from different contexts and cultures as the transgender community is so diverse all over the world. Another reason why we need to create our own book is that publications available are either produced by Transgender people, telling the outside world what people should do, or written by cisgender professionals or researchers. Taking into consideration the general public's perspective, *Gossip Boys & Girls* series were written in the language for the wider population. Gossip in Chinese is 八卦. It also means Right and Wrong. Gender and sexuality of a person could always be the focus in gossips among people no matter you are LGBT people or not. What even worst is that transgender people are always judged by the others as "right or wrong". Two of my best transgender friends were unable to bear the suppression and committed suicide one in 2004, and another one in 2008. Another gay friend of mine has committed suicide recently in Jan 2017. What caused them to make such a decision? Is it their fault being true to themselves? I hope this handbook laid out from the experience of a transgender person who has overcome those unspeakable difficulties in life will

give you more insight about the transgender community in Hong Kong.
