God is Greater Than a Pandemic; Book One of the Tweetiamedia Series Claudia Spencer,2024-06-12 Tweetiamedia Entertainment combines real-life experiences, humor, health and wellness tips, as well as joyful Bible verses to uplift and inspire. God Is Greater than a Pandemic: Book One of the Tweetiamedia Series was written to encourage and inspire, provide practical information, as well as share the voices of various doctors and scientists who have shared their own beliefs and data from the beginning of the pandemic of 2020 to the present day. Get wisdom, get understanding; do not forget my words or turn away from them. Do not forsake wisdom, and she will protect you; love her, and she will watch over you. The beginning of wisdom is this: Get wisdom. Though it cost all you have, get understanding. Cherish her, and she will exalt you; embrace her, and she will honor you. She will give you a garland to grace your head and present you with a glorious crown. --Proverbs 4:5-9

Benzodiazepine and Seroquel Hell Young Kim,2016-03-11 Our society is obsessed with the quick fix for just about everything. This includes our fixation with taking medications. When people feel anxious, they are too quick to listen to the medical community which prescribes them a deadly solution. Benzodiazepines and Seroquel work initially, and sometimes all too well. Therefore, people continue down this dangerous path to become addicted. This is a guidebook on how to get off of these terribly dangerous drugs. I included all the current strategies of how best to taper off of the drugs, and included chapters on herbal remedies, and coping methods. I truly hope that my story and my research will help others get on a path to freedom from these medications. With patience, fortitude, courage, and a steadfast determined heart, I think eventually victory can be attained. Once liberated, I think it should be the mission of all to spread the word to others so that more people do not become afflicted as well. Namaste...

Feminism: The Ugly Truth Mike Buchanan, 2017-05-21 Extracts from Erin Pizzey's Foreword: 'Mike Buchanan is a very brave man. I've known other men who've tried to draw the public's attention to the damage done by the radical feminist movement. Many lost their jobs and none of them were able to find a publisher for their books. Men have been thrown out of their own houses and unjustly accused of domestic violence towards their partners, and some of sexually abusing their children. The legitimate interests of men in Western society are being systematically assaulted by radical feminists and this book goes a long way to providing the evidence. Men are starting to campaign more effectively for their interests, though they have a long way to go before they halt the tide of radical feminist influence, let alone start to reverse it. Feminists can also expect more challenging from another quarter. An increasing number of women are summoning up the courage to openly criticise them. This shouldn't surprise us, given that the vast majority of women don't share the radical feminists' political ideology. With every year that passes more women become aware of the damage man-hating and family-hating radical feminists wreak on society in general, and women's interests in particular. These women are becoming more vocal, and their number is on the rise... How much more damage will feminists be allowed to wreak before they're more widely recognised as the evil women they are?' This book provides long-awaited answers to over 50 of the most challenging questions in the modern era including: 1. Are you a misogynist if you only hate feminists? 2. What is feminism in the modern era? 3. How do radical feminists view the world? 4. Are feminists less intelligent than normal women? 5. Are feminists less attractive than normal women? 6. Do feminists suffer from PPS (Permanent Premenstrual Syndrome)? 7. Why do feminists deny the different natures of men and women? 8. Why must taxpayers stop financing Women's Studies and Gender Studies courses? 9. What are the big fat feminist fantasies, lies, delusions and myths? 10. Are feminists delusional? Is the pope a Catholic? Do bears crap in woods? 11. How are feminists killing men and women? 12. Are some feminists (e.g. Tracey Emin) a pain in the arts? The book contains an appendix of quotations and ends with a sample chapter titled 'Would you like to have sex with my wife?' from Mike Buchanan's international bestseller 'Two Men in a Car (a businessman, a chauffeur, and their holidays in France)'. It also contains the plate section from the book (16 photographs).

Pro-Life Equals Pro-Democracy William Baptiste, 2021-01-04 In a kind of "Sequel" to Aleksandr Solzhenitsyn's *The Gulag Archipelago* (quoted throughout), with Solzhenitsyn's intellect, honesty and intense passion for speaking Truth William Baptiste unravels 380 years of bad philosophy that has resulted in Marxism, anti-scientific Postmodernism developed by Marxists to protect Marxism from facts, and current Neo-Marxist Identity Politics which foments racial hatred, which all frequently accompany legal human-killing abortion, which was first legalized 100 Years ago in 1920 Marxist Soviet Russia as a prelude to legalizing the genocide of millions of William's ethnic heritage. Lincoln said, "A house divided against itself

cannot stand . . . it will cease to be divided. It will become all one thing or all the other.” The divisive fundamental incompatibility between democracy built on Equal Human Rights and legal slavery/legal abortion which both deny Equal Human Rights to all humans will incessantly scream for resolution, and in the end we will have to keep democracy and lose legal abortion (as we lost legal slavery), or else keep legal abortion and lose democracy. Jordan Peterson’s fellow Canadian intellectual, non-partisan thinker & logician William Baptiste, is fed up with Pro-Choice ‘Creeping Totalitarianism’ taking away normal democratic freedoms of speech, expression, assembly, conscience & religion of Pro-Life Human Rights Advocates, including real doctors who follow the 2500-year Hippocratic Medical Tradition that doctors don’t kill. Officially Pro-Choice political parties in his country and others keep asininely insisting the Abortion Debate (the Human Rights for All Humans Debate) is “settled” in their favor, all while they pass totalitarian laws making peaceful Pro-Life Human Rights Advocacy a crime in order to silence the Free Speech of Pro-Lifers. All because Pro-Choice politicians simply cannot win a respectful, intellectually honest, intelligent, rational, scientific and rigorously logical debate about abortion. Abortion which was first legalized by the evil Soviets & Nazis specifically because neither believed that killing humans is wrong. A proper, intelligent and intellectually honest Human-Rights-educated Abortion Debate (Human Rights for All Humans Debate) has never occurred, neither in the author’s country nor anywhere else. Pro-Life Equals Pro-Democracy is William Baptiste’s initial contribution to an honest, intelligent dialogue which actually considers and does not ignore established facts of Human Rights History and Biological Science; a dialogue which is conducted honestly according to sound logic, avoiding the logical fallacies of the intellectually dishonest (which include every single argument typically proposed for legal abortion). Pro-Life Equals Pro-Democracy with its Intellectual Honesty Challenge intends to both ACTUALLY START and SUCCESSFULLY END the Human Rights for All Humans Debate (the Abortion Debate) Once and For All; and Proclaims THE THINKING REVOLUTION to Protect Free Democracy For Centuries. When judged according to the objective standards of Science and Logic - and undisputed facts of Human Rights History - the Pro-Choice position for legal abortion is revealed as not even remotely intellectually defensible, and not even remotely acceptable in a LASTING democracy, which can only last on Democracy’s historic Pro-Life foundations. As Solzhenitsyn challenged the genocidal Marxist Soviet Communist Party, William Baptiste challenges every Pro-Choice Political Party which follows their legal human-killing abortion precedent to account for themselves before the public and repent of their totalitarian legal human-killing abortion evil - as intellectual honesty demands. Animals in Research Lesley Grayson, 2000 Animal experimentation is a perennially controversial topic, and access to a balanced range of information is vital if there is to be constructive debate about issues on which people hold very different views. This volume seeks to offer such a service. Drawing on the vast collection of the British Library in science, history, philosophy, ethics and the social sciences, the book reviews the spectrum of scientific, pressure group and public opinion on

the use of animals in research; traces the development and continuing evolution of UK and EU legislation and regulation; reviews laboratory animal welfare issues and the development of alternatives to animal use; and looks at the issues raised by new technological developments such as genetic modification. A directory section gives access to key UK organizations and Internet sites which are particularly useful as sources of further information.
