Did You Know Dog Is God Spelled Backwards? Teri Bennett,2008-07 Is it a coincidence? Maybe not. After all, God made dogs very much like His love loyal, patient, trusting and forgiving. Follow Angel Dog Austin and a few of her friends as she gives us a tour of Doggy heaven and its bountiful gifts. Of course, Austin knows nothing can compare to the greatest gift God has given us: His son Jesus. If you have ever loved or been loved by a dog, you have a glimpse of what it is like to be loved by God.

Dog Is God Spelled Backwards Marcella Bickerstaff,2011-03 God is always speaking to us, but most of the time we just aren't listening. We either don't discern His voice or we just ignore Him when He does speak. Far too often, He has to use various ways of getting our attention. In my situation, He chose to use what I cherished the most--my dogs--to make me aware of His Love and Goodness. God speaks in the most unusual, extraordinary, and sometimes funny ways. He speaks the loudest during our times of pain and suffering when we need Him the most. Too often, I experienced pain and unnecessary loss because I ignored Him when He spoke. It was during a traumatic event that it finally dawned on me how long He had been trying to get me to tune my antenna to His frequency, which resonated on the wavelength of my heart. There is no static on His frequency, there only was on mine. I finally figured out that by clearing up the static on my channel, I would always receive clear signals from His transmitter and ride upon His wavelength. By obeying and following His instructions, I can experience more joy, instead of pain or loss. The second lesson I learned was to never give up on praying. Praying is the direct channel into God's throne room of grace and mercy, from which He transmits the signals of love that broadcast answered prayers and instructions. It has been through my journey with dogs that He transmitted the most, because they were the bandwidth on my radio receiver that I operated on. He created them, so He can use them in whatever capacity He chooses. They were just one way He chose to show me how much He really loves me. I just needed to listen and then obey Him.

Dog Backwards Spells God John Lourens,2021-07-08 This small book proposes a charming way in which we might better understand and appreciate God, thereby improving our relationship with Him.It is perhaps more than coincidence that DOG backwards spells GOD. Valid comparisons can be made between our relationship with dogs and our relationship with God. Occasionally we see that dogs reflect the nature of God. Sometimes we discern dogs point the way to a better relationship with God. And at still other times we recognise that our relationship with dogs is strikingly similar to our relationship with God. In a real sense, dogs truly are messengers of God.Described as a picture book for adults, this work presents twenty comparisons between our relationship with dogs and our relationship with God. And as we think about each of the twenty comparisons, we start to realise that interacting with dogs enables us to catch tiny glimpses of God Himself. Below is a sample comparison.

DOG is GOD Spelled Backwards Clark Malcolm Greene,2006-04-03 Clark and his Airedale puppy, Patch, grow up around Lake Erie in a time when every boy loves his dog and everyone knows the rules. Patch at first doesn't appear to hold the life of her young master in her jaws, but time proves otherwise. Soon grown grand in body and spirit, Patch commands attention wherever she goes and she knows it. Savior, teacher and rescuer to most, some see the brave dog as unruly. She is both; gentle and loving, but reckless in fury when need be and just as likely to snatch dinner tidbits or battle skunks as she is to protect Clark from out-of-control adults and a pack of wild dogs. Their days are filled with fun and adventure, but Patch and Clark also bounce between grace and guilt. Knowing the rules doesn't always mean compliance, despite the efforts of those around them. They find a corpse on the shores of Lake Erie, suffer the aftermath of the dead fish Patch finds irresistible, play a tragic ball game, keep frightening secrets and adventure about in a lifetime full of uncommon escapades. Explore how the love between a boy and his dog replicates the beauty and bitter sweetness of life, of innocence and adulthood.

The Book of Consciousness Dr. Bara H. Loveland,2011-01-19 The Book of Consciousness by Dr. Bara H. Loveland Have you ever wondered what Consciousness is, or the mind, the unconscious or Archetypes and Symbols – how they work and how to define these? Without arriving at the reach of Consciousness, there are numerous books on consciousness; there are conferences held, and groups searching for consciousness, with dictionaries attempting to define it. Why have they not found the ultimate definition of Consciousness, to this day of the publication of The Book of Consciousness, in January 2011? Could Bara’s new book, The Book of Consciousness, hold the answer? Can it deliver the ultimate in Consciousness? There are many other questions, which science has not positively answered yet. Why is it that our “brain” (cerebrum), seat of the mind, has to be calmed from 40+ Hertz to 8 Hertz or less (literally put to sleep), in order to reach highest states of awareness, although the cerebrum is supposed to be the seat of the world’s highest intelligence? Why is this seat of highest intelligence polluting the earth to the brink of dying of life? Why is the unconscious called unconscious, when it is able to construct meaningful dreams; and is there a difference between an Archetype and a Symbol, appearing in dreams and myths? Could a neurosis not be a disease? And what is it the mind really knows? Profound contemplation of Consciousness must lead to further questions about the origins of Archetypes and Symbols, about wisdom and similarities of ancient Stone Age Symbols, East Indian and Egyptian scriptures, Runes, Mayan glyphs and biblical Symbols, or world religions in general. One may wonder, why an Egyptian god is frequently named in Christian churches, and is mentioned in both, the Old and the New Testaments. Is God “He,” and could “He” exist? Could there be a different world behind our visible one, and could we have “Bio*Modulators” to sense the other world? What can we learn from a Germanic “king?” Is it possible that we have more than five senses and how many diseases could naturally exist? Can the DNA communicate, and how many laws exist in the universe? What is the meaning of certain Bible verses, and what could have been the message, Jesus gave the world on the cross? Is New Age wisdom contained in the Bible, and could it be that common science limits itself, when excluding miracles it could perform with ease, protecting the animals from harm? Are there more levels of logic than one? How could we realize or activate them? What is the role, our belief plays in our life and in science? The Book of Consciousness begins where common science ends. Be surprised by the innovative answers, with some published about 30 years ago by this author! Be captivated by the author’s authentic, new style; by the insights, humor and vivid experiences, enjoy the 40 figures and tables, as well as exercises, to reach altered states of awareness—naturally and at will. May The Book of Consciousness raise into Oneness the conscious of all those who read its 640 pages; may they be the igniters, inspiring divine Oneness and Love in the perception of all!
