**Law Of Attraction** Zachariah Albert,2019-07-26 Are you ready to manifest anything you want into your life? Looking closely at our everyday life, you will realize that the law of attraction is present all the time. Most people do not notice the connection because of the time lag between their thoughts and the manifestation of their thoughts. However, there are some things that happen to us that we feel happened as a result of a coincidence, not knowing it is the law of attraction that is at work. For instance, have you ever thought of calling a friend, and the friend calls you around that time? Or have you ever thought of picking up your phone, and your phone rings at that instance? These experiences are not coincidences; they are a result of the law of attraction. We get more of what we focus on in life. That is why you need to get more creative with your thoughts. In this book, I am going to show you how you can consciously and deliberately attract good things into your life by aligning your thoughts in the right way. Focusing more on things that make you happy increases your chances of attracting things that make you happy. The other side of this is the negative side which is when you focus on things you are not happy about, you tend to attract things that will make you sad. For instance, if you focus on wealth and good health, you attract wealth and good health. However, if you focus on poverty, you will attract a situation that will rob you of the little things you have gathered. Here's a sneak preview of what you'll learn from this book: □What the Law of Attraction is □The Science behind it □How to attract Love using the LOA □How to attract Money using the LOA □How to attract Happiness using the LOA □How to attract Health using the LOA □How to be more Positive using the LOA □How to Integrate the LOA into Your Daily Life □and much much more! The law of attraction can help you to get what you want in your life, and it doesn't require a bunch of expensive equipment. All you need is your mind and your dreams to make it work for you. In fact, you have been using it your entire life, albeit, not efficiently. The universe is constantly working to bring people the things they ask for, but the trick is, you have to make sure you are asking properly. The universe doesn't read between the

lines, so it sends you the things you send out, assuming that is what you want. But, since we all know the law of attraction exists, we don't have to go blindly through life getting whatever it sends us. We can make sure that we align ourselves with the things that we want in our life. That's what this book is here to teach you. Here's just a tiny fraction of what you'll discover: What science is behind attracting money, and other things, into your life? The most common ways that people will end up keeping money from reaching them. How to receive the money that you need without having to get another job. How to accept the path you are on is going to bring you to what you want in life. The best way to appreciate money so that you keep attracting more of it. The power of visualization and gratitude when it comes to manifesting money. How to change your mindset so that you attract more money into your life. The power of the subconscious mind and how it affects your life. ...and much, much more! Take a second to imagine how you'll feel once you fully understand how to use the law of attraction to your benefit, and how your family and friends will react when you are living the life of your dreams. So even if you're barely scraping by each month, you can be living a much better life with the law of attraction. The law of attraction, or manifesting, whatever you want to call it, isn't some mystical thing that only some people are able to use. It is there for everybody no matter who you are or where you live. While it does take a bit of effort on your part, it isn't that hard to learn what works and what doesn't. It will also take time, but all good things do. If you are serious about changing your life for the better, then this is the book for you.
