

In The Moment Before The Gun Went Off

Jerome Charyn

Betrays of the Body Politic Andrew V. Ettin, 1993 He examines the connection between the personal and the political, showing that Gordimer has always seen the two as inseparable, and that her understanding of this relationship has developed profoundly during her career. Though the book is not biographical, it explores more fully than any preceding publication Gordimer's attitudes toward feminism and her connections with her Jewish background, thereby expanding our comprehension of her social context. Ettin includes a succinct overview of her career and devotes each of six chapters to a major theme, tracing and analyzing the themes as they recur in selected stories, novels, essays, and interview reflections, and as they have emerged in relation to circumstances of her own life. The author sees Gordimer's work as a tool not of propaganda but of understanding, a means of sharpening our perceptions of one another's lives.

Apartheid Narratives Nahem Yousaf, 2001 In an engaging and dynamic collection of essays on South African writing, an international cast of contributors pay detailed attention to the shifting parameters of scholarly debates on apartheid and the apartheid era. Investigating a range of literary and critical perspectives on a period that shaped the literature of South Africa for much of the twentieth century, the contributors offer a rich survey. The volume focuses on internationally acclaimed writers (Nadine Gordimer and J.M. Coetzee) as well as those writers who are yet to receive sustained critical attention (Mtutuzeli Matshoba, Alex La Guma, Bessie Head, Ahmed Essop, Ronnie Govender). *Apartheid Narratives* will be welcomed by academics and students of South African writing as a stimulating collection which maps the literary terrain of apartheid.

Life Times Nadine Gordimer, 2011-11-07 Throughout her career the internationally renowned South African writer Nadine Gordimer has built a literary reputation with her incisive short stories as much as with her acclaimed novels. Together with her essays, this highly imaginative and committed body of work won her the Nobel Prize for Literature in 1991. In the opinion of the Academy: 'Through her magnificent epic writing she has - in the words of Alfred Nobel - been of very great benefit to humanity.' Gordimer has said that while novelists take the reader by the hand developing 'a consistency of relationship that does not and cannot convey the quality of human life, where contact is more like the flash of fireflies, in and out, now here, now there, in darkness. Short-story writers see by the light of the flash; theirs is the only thing one can be sure of - the present moment.' Now, for the first time, the best of her stories are published in one volume.

Jump and Other Stories Nadine Gordimer, 2012-03-15 In this collection of sixteen stories, Gordimer brings unforgettable

characters from every corner of society to life: a child refugee fleeing civil war in Mozambique; a black activist's deserted wife longing for better times; a rich safari party indulging themselves while lionesses circle their lodge. Jump is a vivid, disturbing and rewarding portrait of life in South Africa under apartheid.

Caught Between Two Guns C. Arthur Ellis Jr. PhD,2023-02-28 On a hot Florida summer day in August, 1952, Ruby McCollum, the wealthy African-American wife of Suwannee County's Bolita King, murdered Dr. C. LeRoy Adams, a beloved white physician and recently elected state senator. The sensational murder trial was widely covered in newspapers ranging from the New York Times to The Times in London, and was the first of its kind since 1855. Now the story of a forbidden interracial love affair gone wrong is recounted by an author who was a neighbor to the McCollum family and delivered by Dr. Adams. Dr. Ellis' odyssey to discover the truth behind the murder began with locating the lost transcript of the trial—which was both manually transcribed and wire recorded. He then published an annotated copy to discredit statements by some scholars that McCollum was not allowed to testify in her own defense. In the Afterword of this book, Ellis now addresses

McCollum's most telling statements to her attorneys— "I was caught between two guns," and "I don't know whether I did right or whether I did wrong"—and proposes an intriguing moral alternative to societally defined concepts of "right" and "wrong" for African-Americans who lived in the Jim Crow South.
