Lancer TTRPG Core Rulebook Tom Bloom,Miguel Lopez,2024-07-09 A Mud-and-Lasers Tabletop Roleplaying Game of Modular Mechs and the Pilots that crew them. Created in partnership with Massif Press, Dark Horse Books presents LANCER. 15,000 years into the future, humanity has survived near collapse and since expanded ever wider into the frontiers of space, organized by UNION, the central hegemon of the populated galaxy. At Union's heart, the dream of human utopia has been realized; but Lancer is set at the trembling edges of the expansion where resistance to the ideals of the utopia grow. As a lancer, you pilot a mech as unique as yourself. You are, by training, luck, circumstance, or work, one of the best. In this era near the golden age, you have one question to answer above all: who do you fight for? Lancer features a deep, story-rich setting for players to engage with. Every choice they make, every ordnance they mount, every weapon they wield — all of it has lore attached, just waiting for a story to develop.

Gaia Saga Universal Role-Playing System Bill Rosser,2010-12-09 Gaia Saga is a universal role-playing system that focuses on as much flexibility for character creation as possible. Using an interesting and unique set of rules, Gaia Saga allows players and game masters alike to experience an ever-changing dice system that grows and develops as your story moves along. This flexible dice system allows characters to endlessly evolve into more powerful beings than you could ever imagine possible in a table top game. The manual includes over thirteen playable races to choose from, each with their own set of ethnic classes to broaden your horizons. It also features lists for job professions, skills, special abilities, spell schools, a personality and emotions engine as well as a leveling system based upon the spending of accrued experience points to any area you desire. You get to upgrade your characters when you want to, as often as you want to, and without the hassle of waiting for multiple game sessions to end just to reach that next level.

Playing at the World, 2E, Volume 2 Jon Peterson,2025-04-08 The second volume of two in a new, updated edition of the 2012 book *Playing at the World*, which charts the vast and complex history of role-playing games. This new edition of *Playing at the World* is the second of two volumes that update the 720-page original tome of the same name from 2012. This second volume is *The Three Pillars of Role-Playing Games*, a deep dive into the history of the setting, system, and characters of *Dungeons & Dragons*—the three pillars indicated by the volume's title. (The first volume of the new edition is *The Invention of Dungeons & Dragons*, which explores the publication and reception of that iconic game.) In this second volume,

Jon Peterson covers the medieval fantasy setting—the first pillar—and addresses why the first role-playing game evolved around fantasy and medieval settings as opposed to some other historical setting. In the second pillar, the author explores how the rules of wargames, from their roots in chess variants from eighteenth-century Germany, developed into those of role-playing games. Finally, the third pillar focuses on character, perhaps the most elusive of the three pillars, and investigates how precedents governed the introduction of characters to games more so than the original D&D rule books. Filled with unparalleled archival research (from obscure fanzines to letters, drafts, and other ephemera), this new edition of *Playing at the World* is the ultimate geek's guide to the original RPG. As such, it is an indispensable resource for academics and game fans exploring the origins of the hobby.

The Online User's Encyclopedia Bernard Aboba, 1993 The world of global networks provides a bewildering variety of options to the Macintosh and PC user. Here at last is a comprehensive treatment of online resources written by a telecommunications expert. Detailed coverage of the major networks shows the user how to get the most out of these global networks. Key topics are explained in depth from a practical viewpoint.

Japanese Role-Playing Games Rachael Hutchinson, Jérémie Pelletier-Gagnon, 2022-04-11 *Japanese Role-playing Games: Genre, Representation, and Liminality in the JRPG* examines the origins, boundaries, and transnational effects of the genre, addressing significant formal elements as well as narrative themes, character construction, and player involvement. Contributors from Japan, Europe, North America, and Australia employ a variety of theoretical approaches to analyze popular game series and individual titles, introducing an English-speaking audience to Japanese video game scholarship while also extending postcolonial and philosophical readings to the Japanese game text. In a three-pronged approach, the collection uses these analyses to look at genre, representation, and liminality, engaging with a multitude of concepts including stereotypes, intersectionality, and the political and social effects of JRPGs on players and industry conventions. Broadly, this collection considers JRPGs as networked systems, including evolved iterations of MMORPGs and card collecting “social games” for mobile devices. Scholars of media studies, game studies, Asian studies, and Japanese culture will find this book particularly useful.

Crave the Night Susan Sizemore, 2008-06-30 In her steamy vampire romances, acclaimed author Susan Sizemore pits vampires against mortals, destiny against desire....By popular demand, all three novels are now available in this paperback collectible. *I Burn for You* Battling the dark hollows of his soul, vampire Alec Reynard undergoes secret medical treatments that allow him to bear daylight. Living a double life as a bodyguard, he must also battle his powerful attraction to Domini Lancer, a mere mortal -- and, unbelievably, his soul mate. When danger threatens, he kidnaps Domini to protect her but wonders: will she accept the darkness within him -- or is she a vampire slayer who's cleverly infiltrated his clan? *I Thirst for*

You Josephine Elliot knows only that the stranger who appeared out of the dark desert night and took her captive is named Marcus Cage and that he's on the run. A vampire, Marcus is overwhelmed by his thirst for Josephine and instantly recognizes her as his soul mate -- but when she unwittingly betrays him, both are thrust into mortal danger. Can their newfound love survive or is their insatiable desire doomed? I Hunger for You Mia Luchese, who comes from a long line of vampire hunters, doesn't know that Colin Foxe broke off their blistering affair because he's a vampire. After she's attacked by evil vamps and Colin rescues her, their real identities must be revealed for them to get to the bottom of the attack. But even a generations-old enmity that should rip them apart cannot break the bond that has their souls hungering for an eternity of ecstasy in each other's arms....
