The People Of The Lie M. Scott Peck, 2015-05-31 A gripping book from the bestselling author of hugely popular self-help book, *The Road Less Travelled*. Leading psychiatrist and self-help pioneer Dr M. Scott Peck reveals his encounters with evil, during sessions with patients of his psychiatric therapy. The patient suddenly resembled a writhing snake of great strength. . . More frightening than the writhing body, however, was the face. The eyes were hooded with lazy reptilian torpor. . . This is the second bestselling book by Dr M. Scott Peck. In this gripping psychology book, the leading psychiatrist describes his encounters during psychiatric therapy with patients who are not merely ill but manifestly evil - *People of the Lie*. This brilliant, disturbing book forces us to confront the darker side of our natures and to recognise that without spiritual and religious dimension, modern psychiatry cannot claim to understand human nature or behaviour. It is a worthy successor to *The Road Less Travelled*.

People of the lie : the hope for healing human evil Morgan S. Peck, 1983

Summary of People of the Lie SellWave Audio, 2025-10-06 In *People of the Lie*, Dr. M. Scott Peck delves deeply into the nature of human evil, offering a compelling exploration of the ways individuals harm others while refusing to confront their own flaws. Serving as a companion to his acclaimed works—*The Road Less Traveled*, *Further Along the Road Less Traveled*, and *The Road Less Traveled and Beyond*—this book examines the subtle, often insidious forms of malevolence that permeate everyday life. Drawing on his decades of experience as a psychiatrist, Peck presents vivid real-life examples of individuals whose destructive behavior masks inner failure and self-deception. These “people of the lie” leave a trail of emotional and psychological damage in their wake, targeting others instead of taking responsibility for themselves. Through these stories, Peck illustrates how evil is not always dramatic or sensational—it can be quiet, ordinary, and profoundly damaging. The book combines clinical insight, philosophical reflection, and engaging storytelling, challenging readers to recognize the presence of deceit and malice in human interactions. Peck’s approach is both illuminating and unsettling, revealing the complex

psychological mechanisms behind the harm people inflict and offering a framework to understand and respond to it. Disturbing yet engrossing, *People of the Lie* is impossible to put down. It is a provocative and deeply original examination of an enduring human challenge, revealing the ways we can identify, confront, and navigate the shadowy forces of deceit and cruelty in our world.

The Lie's Linda Wright, 2012-07 You see I follow God, so I didn't know anything yet about the fake rules they had made up about God's altar, or themselves. Plus they made up their own rules of saying you can't have any powers from God, because I haven't given you permission to have powers from God. Can you believe that!! That's just amazing to me that these people are so lost, and just plain dumb to think they have any right what so ever to think that they are in charge of God's powers. Have you ever read that in your bible? You have to come over here so these people can approve if you're holy enough. Stand in the line over there to your right please. We'll see if these people will give you a stamp of approval. The truth sadly is most of these people need an exorcism. Thank God the one young Sister came to us with her hurts. and we were able to council her, and tell her how she is just to forgive, and we will pray for the snake ladies in the bible study. You see it's not just the one Sister who was spitting out the poison on the other Sister, stabbing her in her back. But remember there were other Sister's in the bible study who sat there listening and not defending the one Sister. Or telling the head snake lady that she is wrong. Sadly these ladies in the bible study are a pit of snakes all squirming together. All with the same deadly hearts, and deadly mouths with forked tongues, and fangs of evil. Evildoers in sheep's clothes coming as angels of light but filled with darkness of hell.

Ethics and the Discovery of the Unconscious John Hanwell Riker, 1997-07-10 This book shows why the discovery of the unconscious by Nietzsche and Freud requires a reconception of the concepts of moral agency and responsibility and even of morality itself. It explicates how contemporary psychology has taken over the traditional task of ethics in elucidating a theory of human well-being, but criticizes this psychology for being unable to generate adequate notions of either responsibility or moral agency. Riker develops a new moral psychology in which the reality of unconscious functioning is included within a theory of responsibility, and the agent's primary ethic concern becomes knowing what her unconscious motivations are and integrating them into a morally and psychologically mature self.

Immortal Combat Fr. Dwight Longenecker, 2020-04-28 These pages are a mighty guidebook for souls hungry to follow the way of the Christian warrior by taking up their crosses and following into immortal combat the King of the Universe, Jesus Christ, our Lord.

The Voice of the Seven Thunders George Kevyn Weber, 2014-07-21 There is no time for the people of the world to waste to decide to change their ways and their ways of living. The world is in a crisis that it has not been in before. Actually the world has been in countless crises in the past, before disaster, calamity or catastrophe struck the people of the earth. We are

not talking of crises of natural disasters, calamities or catastrophes that have hit the earth, we are talking about man made, man engineered and man designed disasters, calamities and catastrophes that have hit the world from time to time. History is full of them and apart from those natural disasters caused by God or the Devil themselves; the rest were caused by man themselves. Now this revelation is not about the natural but about the spiritual. Power mad dictators, rulers and potentates the world over are normally the cause of these disasters, calamities and catastrophes and nature has little to do with them although they did affect nature, in some way or another. Small and great Wars were started by whosoever caused them without any due regard of mens lives, and the resultant horrors, hardships and horrendous pain, lived on in the hearts and lives of the people that survived. No one can add these things up nor can they count the cost in human suffering, misery and pain, nor the cost of mens souls lost all for the sake of mans vanity. The current synopsis is catchy and intriguing. This synopsis is well written and it will entice readers into picking this book up and reading it. - Cynthia Sherman Writers Literary & Publishing Services, Critique Division
