**Come l'economia può salvare il mondo** Erik Angner, 2023-09-29T00:00:00+02:00 Una lettura coinvolgente e appassionata che dimostra come l'economia possa offrire strumenti concreti per migliorare la vita delle persone ed essere impiegata per il bene dell'umanità e del pianeta. Tutte le sfide e le crisi che l'umanità ha di fronte sono in qualche modo causate da azioni umane, individuali e collettive, e ogni soluzione implica trovare il modo di far comportare le persone diversamente dal solito. L'economia ha a disposizione alcuni degli strumenti più potenti per intervenire in tal senso e può risolvere una grande varietà di problemi (Come si costruisce una comunità felice? Come posso far dormire il mio bambino appena nato? Qual è il segreto per trovare soluzioni alla crisi climatica?) proprio perché aiuta a modificare i comportamenti individuali e le conseguenze di natura sociale. In un saggio ricco di umorismo e storie accattivanti Erik Angner mostra il potere salutare dell'economia per rendere il mondo un posto più adatto al benessere.

*Leader per forza* Antonio Fuciniello, 2023-04-04 «Le persone che chiamiamo leader hanno un campo visivo più sviluppato di noi follower. La mostruosità della leadership comincia da qui: da questi occhi enormi e deformi, simili a quelli delle mosche, che vedono in lungo e vedono in largo. È una dote innata, ma che soltanto pochissimi riescono a maturare in talento, attraverso una lunga pratica e incessanti esercizi.» È da questi occhi, o meglio dalla capacità di osservazione che sono capaci di esercitare, che prende avvio l'analisi di Antonio Fuciniello, già capo di gabinetto dei presidenti del Consiglio Mario Draghi e Paolo Gentiloni. Un'analisi che non rincorre alcun mito del leader forte, ma che dichiara l'assoluta necessità della leadership per affrontare le sfide attuali. Per tracciare una sorta di ritratto del leader assente, Fuciniello prende in esame tre coppie di politici del passato: Golda Meir e Harry Truman, Cavour e Lincoln, Nelson Mandela e Václav Havel. Dal confronto di queste figure, forgiate ed emerse dalla lotta politica, riconosciamo quale sia la vera forza della buona leadership: la disposizione a voler imparare a diventare leader; la fedeltà a una causa; la capacità di delega contro ogni narcisistico accentramento; l'abilità di pianificare senza affidarsi alle proprie intuizioni; saper giocare di sponda - e sporco, se necessario; il rispetto degli avversari; la dissidenza come scintilla dell'azione trasformativa. Oltre alle figure del passato, l'autore mette a fuoco alcune qualità di leader che ha avuto modo di osservare da vicino, in particolare il presidente Draghi e Angela Merkel. A fare da apripista in questo avvincente racconto, il leader riluttante per eccellenza, Mosé: colui che guida un popolo nel deserto dell'incertezza, lasciando in eredità ai suoi seguaci - e anche ai suoi detrattori - quella Terra Promessa in cui lui non

metterà mai piede. Potenza della vera leadership.

*Renaissance and Renewal in the Twelfth Century* Robert L. Benson, Giles Constable, Carol Dana Lanham, Charles Homer Haskins, 1991-01-01 Twenty-seven authors approach the diverse areas of the cultural, religious, and social life of the twelfth century. These essays form a basic resource for all interested in this pivotal century. A reprint of the first edition first published in 1982.

**The Oxford Handbook of Islamic Theology** Sabine Schmidtke, 2016 Within the field of Islamic Studies, scientific research of Muslim theology is a comparatively young discipline. Much progress has been achieved over the past decades with respect both to discoveries of new materials and to scholarly approaches to the field. The Oxford Handbook of Islamic Theology provides a comprehensive and authoritative survey of the current state of the field. It provides a variegated picture of the state of the art and at the same time suggests new directions for future research. Part One covers the various strands of Islamic theology during the formative and early middle periods, rational as well as scripturalist. To demonstrate the continuous interaction among the various theological strands and its repercussions (during the formative and early middle period and beyond), Part Two offers a number of case studies. These focus on specific theological issues that have developed through the dilemmatic and often polemical interactions between the different theological schools and thinkers. Part Three covers Islamic theology during the later middle and early modern periods. One of the characteristics of this period is the growing amalgamation of theology with philosophy (Peripatetic and Illuminationist) and mysticism. Part Four addresses the impact of political and social developments on theology through a number of case studies: the famous *mihna* instituted by al-Ma'mun (r. 189/813-218/833) as well as the *mihna* to which Ibn 'Aqil (d. 769/1367) was subjected; the religious policy of the Almohads; as well as the shifting interpretations throughout history (particularly during Mamluk and Ottoman times) of the relation between Ash'arism and Maturidism that were often motivated by political motives. Part Five considers Islamic theological thought from the end of the early modern and during the modern period.

The Papacy, Frederick II and Communal Devotion in Medieval Italy James M. Powell, edited by Edward Peters, 2024-10-28 Of the twenty-five essays in this volume, most were published between 1961 and 2013, but four are printed here for the first time. They represent the work of a great and original scholar in Mediterranean history whose unflagging interest in Frederick II and his world consistently led him out into broader fields, which he always viewed in original ways. In an age often called that of papal monarchy and secular-minded rulers, Powell found popes with complex agendas and extensive pastoral concerns, a rather more Christian Frederick II, the human personnel and mechanics of the Fifth Crusade, the sermons of the devout urban layman Albertanus of Brescia, and Muslims under Christian rule. His studies here assert a continuity between the pontificates of Innocent III and Honorius III as well as the pragmatic necessity that only secular rulers could launch and direct crusading expeditions. His interest in the northern Italian communes relates their devotional culture

to the ideals of virtuous government and communal identity. The devotional culture of the communes was to be the subject of his next book, now unfinished; several parts of it could be rescued and are now included here.
