Shadows on the Koyukuk Jim Rearden, Sidney Huntington, 2014-04-04 "I owe Alaska. It gave me everything I have." Says Sidney Huntington, son of an Athapaskan mother and white trader/trapper father. Growing up on the Koyukuk River in Alaska's harsh Interior, that "everything" spans 78 years of tragedies and adventures. When his mother died suddenly, 5-year-old Huntington protected and cared for his younger brother and sister during two weeks of isolation. Later, as a teenager, he plied the wilderness traplines with his father, nearly freezing to death several times. One spring, he watched an ice-filled breakup flood sweep his family's cabin and belongings away. These and many other episodes are the compelling background for the story of a man who learned the lessons of a land and culture, lessons that enabled him to prosper as trapper, boat builder, and fisherman. This is more than one man's incredible tale of hardship and success in Alaska. It is also a tribute to the Athapaskan traditions and spiritual beliefs that enabled him and his ancestors to survive. His story, simply told, is a testament to the durability of Alaska's wild lands and to the strength of the people who inhabit them.

Living Our Cultures, Sharing Our Heritage Aron A. Crowell, Rosita Worl, Paul C. Ongtooguk, Dawn D. Biddison, 2010-05-18 *Living Our Cultures, Sharing Our Heritage: The First Peoples of Alaska* features more than 200 objects representing the masterful artistry and design traditions of twenty Alaska Native peoples. Based on a collaborative exhibition created by Alaska Native communities, the Smithsonian's National Museum of Natural History, the Smithsonian's National Museum of the American Indian, and the Anchorage Museum at Rasmuson Center, this richly illustrated volume celebrates both the long-awaited return of ancestral treasures to their native homeland and the diverse cultures in which they were

created. Despite the North's transformation through globalizing change, the objects shown in these pages are interpretable within ongoing cultural frames, articulated in languages still spoken. They were made for a way of life on the land that is carried on today throughout Alaska. Dialogue with the region's First Peoples evokes past meanings but focuses equally on contemporary values, practices, and identities. Objects and narratives show how each Alaska Native nation is unique—and how all are connected. After introductions to the history of the land and its people, universal themes of “Sea, Land, Rivers,” “Family and Community,” and “Ceremony and Celebration” are explored referencing exquisite masks, parkas, beaded garments, basketry, weapons, and carvings that embody the diverse environments and practices of their makers. Accompanied by traditional stories and personal accounts by Alaska Native elders, artists, and scholars, each piece featured in *Living Our Cultures, Sharing Our Heritage* evokes both historical and contemporary meaning, and breathes the life of its people.

Sam O. White, Alaskan Jim Rearden,2014-04-04 This was an excellent book about a true pioneer! A very interesting story about the life of an amazing man. Sam was generous, courageous, and a friend to everyone who had the privilege of knowing him. Sam O. White was a tough, deep-voiced, six-foot-tall, two-hundred-pound former Maine lumberjack and guide. From 1922, for half a century he crisscrossed wild Alaska by foot, with packhorses, dog teams, canoe, riverboat, and airplane. He helped map the Territory, trap fur, and became the world's first flying game warden. White wrote exciting tales about his Alaska adventures, and those writings make up the bulk of this volume. In 1927, he arrived at Fort Yukon as a game warden when millions of dollars worth of fine arctic furs annually arrived there. The hardy frontier trappers considered the new game warden a joke, but he quickly taught them to respect conservation laws. He was frustrated by the impossibility of adequately patrolling thousands of square miles by dog team, boat, and on foot, so with his own money, he bought an airplane. Pioneer pilots Noel and Ralph Wien taught him how to fly it. White then startled remote trappers and others by suddenly arriving from the sky. In 1941, lack of backing from Juneau headquarters caused him to resign as a wildlife agent. At Fairbanks, Noel Wien made him Chief Pilot for Wien Airlines. For the next two decades White flew as an Alaskan bush pilot, admired for his flying skill and the superior service he provided residents who flew with him, and who depended upon him for receiving mail and supplies. He had countless friends—one hundred arrived for his seventieth birthday party. His integrity and principles were of the highest. Decades after his death, he is still spoken of with awe by the long-time Alaskans.

Alaska Claus M. Naske,Herman E. Slotnick,2014-10-22 The largest by far of the fifty states, Alaska is also the state of

greatest mystery and diversity. And, as Claus-M. Naske and Herman E. Slotnick show in this comprehensive survey, the history of Alaska's peoples and the development of its economy have matched the diversity of its land- and seascapes. *Alaska: A History* begins by examining the region's geography and the Native peoples who inhabited it for thousands of years before the first Europeans arrived. The Russians claimed northern North America by right of discovery in 1741. During their occupation of "Russian America" the region was little more than an outpost for fur hunters and traders. When the czar sold the territory to the United States in 1867, nobody knew what to do with "Seward's Folly." Mainland America paid little attention to the new acquisition until a rush of gold seekers flooded into the Yukon Territory. In 1906 Congress granted Alaska Territory a voteless delegate and in 1912 gave it a territorial legislature. Not until 1959, however, was Alaska's long-sought goal of statehood realized. During World War II, Alaska's place along the great circle route from the United States to Asia firmly established its military importance, which was underscored during the Cold War. The developing military garrison brought federal money and many new residents. Then the discovery of huge oil and natural-gas deposits gave a measure of economic security to the state. *Alaska: A History* provides a full chronological survey of the region's and state's history, including the precedent-setting Alaska Native Claims Settlement Act of 1971, which compensated Native Americans for their losses; the effect of the oil industry and the trans-Alaska pipeline on the economy; the Exxon Valdez oil spill; and Alaska politics through the early 2000s.

Autobiographies by Americans of Color 1980-1994 Rebecca Stuhr, 1997 This bibliography provides extensive descriptive annotations of nearly 500 autobiographies published by Americans of color during the years 1980 and 1994. The authors of these narratives range from established writers such as Nikki Giovanni, Maxine Hong Kingston, and Richard Rodriguez to unknown writers compelled to relate their part in the civil rights movement, recall their family history as sharecroppers, recount experiences in the Japanese internment camps or in Indian boarding schools, or describe their struggle to succeed and contribute despite immense hardship and difficulty. Among these autobiographies the reader will also find those of sports celebrities, actors, explorers, and entrepreneurs. This bibliography brings together at one access point an important body of work making it possible for the reader or researcher to identify and locate these books either through booksellers or through libraries. This volume constitutes volume one of a two book series, volume two is titled *Autobiographies by Americans of Color 1995-2000*.

The Alaska Reader Anne Hanley, Carolyn Kremers, 2005 More than 1.3 million people visit Alaska each year to experience its unique history, abundant wildlife, diverse cultures, and natural beauty. This book enriches that experience. Here is a collection of authentic voices, oral and written, that depicts Alaska with intelligence, integrity, and authenticity. Encompassing classic and contemporary writers and storytellers established and new, insiders and outsiders this anthology includes fiction, nonfiction, poetry, and oral tradition. Several books that have recently gained national attention are

highlighted: Seth Kantner's Ordinary Wolves, Marjo.

Good Company Sarah A. Isto, Sarah Crawford Isto, 2007 Good Company is a vivid and compelling story of life in early twentieth-century Alaska. From the lean years of the Depression through World War II and Vietnam, Sarah Isto's family made a home in company housing in the small mining town of Fairbanks. With a wry sense of humor and an eye for detail, Isto tells of the courtship and marriage of her parents and her own Fairbanks childhood, weaving rich descriptions of daily life and northern living into her story. With grace and perception, Good Company celebrates the joys and challenges of family life on the Alaska frontier.

"Must We All Die?" Robert Fortune, 2005 Alaska Natives have struggled with the 'white plague' of tuberculosis for centuries. At last, physician and historian Robert Fortune brings their story to light. He provides a comprehensive account of tuberculosis from its earliest occurrence in prehistory through the latest outbreaks, made more threatening by HIV/AIDS. Fortune describes the courage and self-sacrifice of itinerant nurses who endured challenging and often dangerous conditions, as well as the efforts of doctors who fought cuts in funding as valiantly as they battled for the lives of their patients. Fortune chronicles the removal of tuberculosis victims, many of them children, from their families and villages to hospitals in the Lower 48 states. He describes treatments, medical advances, and day-to-day life for the nurses, physicians, missionaries, and teachers who worked to stem the tide that killed and disabled thousands. The struggle against tuberculosis in Alaska is a story of triumph against untold suffering and crippling odds, but it is also a cautionary tale as an increasingly resistant strain of this disease has emerged in the twenty-first century. Must We All Die? is an encyclopedic contribution to the history of medicine and a tribute to those who fought tuberculosis and to the Alaska Natives who endured a cruel disease that destroyed families and ravaged villages.

Children of the Midnight Sun Tricia Brown, 1998 For Native children, growing up in Alaska today means dwelling in a place where traditional practices sometimes mix oddly with modern conveniences. Children of the Midnight Sun explores the lives of eight Alaskan Native children, each representing a unique and ancient culture. This extraordinary book also looks at the critical role elders play in teaching the young Native traditions. 40 color photos.
