Treasured Truths for Women's Faith and Well-Being Nicole R. Baptiste, 2014-06-12 This book is written for women as a roadmap for hope, faith, and wellness. Readers are encouraged to embrace the connectivity between faith and holistic wellness as a foundation for living a purposeful and happy life daily, even on those days with life inevitable challenges. The book highlights that goals apart from God will not bring happiness; only a life that is totally submissive and devoted to God will bring happiness. Multidimensional factors that make life worthwhile are explored through the Individual Well-being Life Model, as well as Treasured Truths principles, scriptures, and supportive prayers. It encourages readers to enjoy each day and to get more out of their lives as their faith and well-being increases.

Quickly, While They Still Have Horses Jan Carson, 2024-07-09 A surreal and darkly comic collection of stories that offer a fresh and irreverent look at life in contemporary Northern Ireland from “one of the most exciting and original Northern Irish writers of her generation” (The Sunday Times, London). Humorous and horrifying, tender and absurd, the stories in *Quickly, While They Still Have Horses* offer a fresh, irreverent look at life in post-conflict Northern Ireland. From first loves to strained relationships, the thrills and terrors of growing up to the dangers and challenges of parenthood, Carson infuses all her stories with empathy, dark wit, and a surreal edge. In “A Certain Degree of Ownership,” a distracted couple on a beach fail to notice their baby crawl perilously toward the sea. In “Grand So,” the ghost of a car’s previous owner haunts the backseat. In “Troubling the Water,” a rumor of miraculous healing creates chaos at a public swimming pool. Carson never fails to shock and delight as kids go missing in jungle gyms, a baby washes up on a riverbank in a biscuit tin, and a bloody hand appears (and reappears) in a refrigerator. Every so often, these stories travel into alternate versions of our world where pillars of fire are a new treatment for mental illness and animals deemed nonessential are going extinct by legislative orders. While the legacy of the Troubles is never far from Carson’s mind, it is only a backdrop to the worlds she’s woven in these stories, driven by characters who feel real enough to touch. This stunning collection marks the arrival of a

“bracingly fresh, darkly funny, [and] unwaveringly compassionate” (The Irish News) writer to North American readers.
