IM Harris

Out of Darkness James Clarke, 2018-12-13 This book is a compilation of mini devotionals and poems originally intended for Covenant Call our monthly church magazine. Much of the subject matter comes from personal experiences or pressing questions of a spiritual nature. I do not have all the answers. Some of the work is influenced by my teaching and military careers. And of course, I try to use humor whenever possible.

The Portfolio, 1892

The Portfolio Philip Gilbert Hamerton, 1892 Monthly art periodical covering issues of the day. Photographic related articles were Autotype article and 'Some New Methods of Printing' by G. Warton Simpson which details the Autotype Co. purchasing the rights to the Gemosser (Rye) patent. The exquisite example of the Gemosser patent in this volume shows how each of the primary German inventors worked out very viable approaches. The other prints by the Woodbury method and by carbon printing are stunning examples also. Most of the images are from art and have been carefully toned to match the look of the originals, the Blake and Michaelangelo being fine examples. -- Hanson collection catalog, p. 39-40.

Lost Girls Caitlin Rother, 2011-10-24 "Rother is the next Ann Rule." —Gregg Olsen Chelsea King was a popular high school senior, an outstanding achiever determined to make a difference. Fourteen-year-old Amber Dubois loved books and poured her heart into the animals she cared for. Treasured by all who knew them, both girls disappeared in San Diego County, just eight miles and one year apart. The families' anguish galvanized the community and captivated the media. A desperate search led authorities to John Albert Gardner, a brutal predator, convicted sex offender hiding in plain sight—and a complex man whose own mother, a psychiatric nursing professional, failed to see the signs of trouble. Ultimately, Gardner shared a prison unit with Charles Manson. In 2010, Gov. Arnold Schwarzenegger signed Chelsea's Law: anyone convicted of certain sex offenses against a child in California would get life in prison without parole. Based on Pulitzer-nominated author Caitlin Rother's exclusive access, *Lost Girls* is an incisive, heartbreaking true-life thriller that strikes at our deepest fears. "A cautionary tale and a horror story, done superbly." —Los Angeles Times "A terrifying portrait of a man who was sweet and cuddly one day and a crazed killer the next." —San Diego Reader "Gripping . . . chilling . . . a must-read." —Sue Russell

“Boldly dissects how a boy with psychological problems formed into a man indifferent to his monstrous acts.” —Katherine Ramsland “Caitlin Rother stirs up the lethal stew of family dysfunction, mental illness, substance abuse and deadly psychopathology. . . . Frank and riveting.” —Diane Fanning Includes dramatic photos

Hope Has a Cold Nose Christine Hassing, 2020-09-28 “To have a service dog like Able should be the medication any soldier is prescribed who has gone out and had trauma of some kind.” In *Hope Has a Cold Nose*, Christine Hassing relays true stories of military veterans and others who rose from the ashes of PTSD and MST with the help of their service dogs. Devoting every chapter to a different human-canine pair, Hassing shares the story of each person with PTSD and their service dog with pathos and creativity. These powerful stories, part testimonial, part author’s interpretation using rhythm and rhyme, bring important insights about how service dogs help people with PTSD and MST in countless ways. From sensing a nightmare and waking a veteran before terror takes hold, to placing a comforting paw on someone’s shoulder to ward off a panic attack, these dogs play a key role in helping those who’ve lived through trauma reintegrate into society. Lovingly written, *Hope Has a Cold Nose* is a unique and compelling collection of survivors’ stories for dog lovers of all kinds, for those who’ve experienced PTSD and their loved ones, and for those interested in how service dogs can help people heal from the deepest emotional wounds.

A Daughter's Vow Claudia Terry Pemberton, 2024-08-22 When Sasha Lawson was only five years old, her mother became the third victim of a sadistic serial killer. Now thirty-one years old, Sasha is a successful veterinarian—but she longs to bring her mother’s murderer to justice. Fueled by grief, rage, and duty, she makes a vow that she won’t let the killer escape punishment any longer and sets out to find the man who made her an orphan. To accomplish her plan, Sasha enlists the help of a private detective. Burly and solemn, Theodore Irwin—Teddy to his friends—is a former soldier and police officer, and he agrees to help her try to catch the serial killer known as the Organ Reaper. With the assistance of Sasha’s longtime friend, Matty Lee Lucas, they embark on a four-month expedition to uncover the truth of the killer. But what they discover may bring them more danger than they can imagine. In this mystery novel, a woman sets out to solve the mystery of her mother’s murder and bring the killer to justice, no matter the cost.

In Search of the Racial Frontier Quintard Taylor, 2014-05-26 An enthralling work that will be essential reading for

years to come. —David Nicholson, Washington Post A landmark history of African Americans in the West, *In Search of the Racial Frontier* rescues the collective American consciousness from thinking solely of European pioneers when considering the exploration, settling, and conquest of the territory west of the Mississippi. From its surprising discussions of groups of African American wholly absorbed into Native American culture to illustrating how the largely forgotten role of blacks in the West helped contribute to everything from the Brown vs. Board of Education desegregation ruling to the rise of the Black Panther Party, Quintard Taylor fills a major void in American history and reminds us that the African American experience is unlimited by region or social status.

Graceful Intentions for Powerful Change Jordan Gray, 2018-04-27 *Graceful Intentions for Powerful Change* serves to release us from unwanted habits by guiding our steps to a new destination. Our intent is always at work--there's no off switch, yet we are oblivious of our intentions most of the time. Consciously practicing intentions helps us manifest change with astonishing ease. Our intent is the seed we plant, and each intention becomes the harvest we reap. We don't try to make our intentions manifest--we affirm our intent effortlessly. Using the models provided in this book, you discover how to set intentions and how to allow your creativity to produce remarkable outcomes. In four collections: Let the Light Grow; Let Love Show; Let Life Be Fun; Always Be True to You;--you'll enjoy thirty-two intention essays that are summarized with affirmations. The graceful part of the process is to plant the seeds of intention then let them grow. You learn the art of setting intentions mindfully to ensure that you sidestep the suffering produced by holding expectations. The book offers carefully chosen uplifting quotes from inspiring sources and guided meditations to practice and share. Informative articles and blogs by the author add insight to select intention topics. Graceful intentions change lives by rewriting the autopilot program running behind the scenes of our daily activities. Powerful change happens as we apply purposeful, gently held intentions.
