The Good And Evil Serpent James H. Charlesworth,2010-01-01 The serpent of ancient times was more often associated with positive attributes like healing and eternal life than it was with negative meanings. This groundbreaking book explores in plentiful detail the symbol of the serpent from 40,000 BCE to the present, and from diverse regions in the world. In doing so it emphasizes the creativity of the biblical authors' use of symbols and argues that we must today reexamine our own archetypal conceptions with comparable creativity.--From publisher description.

What does the Bible Really Teach About Homosexuality? Denmark Hill,2015-04-17 In just a few short years, massive shifts in public opinion have radically reshaped society's views on homosexuality. Feeling the pressure to forsake long-held beliefs about sex and marriage, some argue that Christians have historically misunderstood the Bible's teaching on this issue. But does this approach do justice to what the Bible really teaches about homosexuality? In this timely book, award-winning author Kevin DeYoung challenges each of us - the skeptic, the seeker, the certain, and the confused - to take a humble look at God's Word. Examining key biblical passages in both the Old and New Testaments and the Bible's overarching teaching regarding sexuality, DeYoung responds to popular objections raised by Christians and non-Christians alike - offering readers an indispensable resource for thinking through one of the most pressing issues of our day.

From Adam to Noah-The Numbers Game Leonard Timmons,2012-01-05 The genealogy of Adam in Genesis Chapter 5 is a number puzzle that encodes a fully functional calendar! From Adam to Noah-The Numbers Game shows you precisely how the Bible writers encoded a calendar into the ages of Adam and his children in Genesis 5. It then goes on to show how the Bible writers designed their calendar puzzle so that anyone who managed to solve it would be certain they had the correct solution. Proof of a highly accurate calendar encoded within the numbers of Genesis 5 is a revolution in our understanding of Genesis. It allows us to dramatically revise our understanding of the entire Bible.To truly understand why a calendar puzzle exists within the Bible, we have to explore the reasons why someone several thousand years ago would enshrine a calendar in such an ingenious puzzle. That exploration leads to new and insightful interpretations of each of the stories in Genesis 1 to 11: The creation, Adam and Eve, Abel and Cain, Noah's ark, the story of Noah and his wine, and Tower of Babel story. Most of us have been taught that the Bible was written to be understood. The existence of the calendar puzzle forces us to recognize that those who wrote the Bible hid things there that they did not want everyone to understand. They hid a world view that they never state explicitly. We will find that this philosophy inspired them to create the calendar puzzle, and that the way they viewed the world is more important and more fascinating than the calendar itself. In this book you will experience what it is like to discover something very new hidden within something very old. You'll discover that this new thing was ancient knowledge when the Bible was written. Remember the story of the pearl of great price? A merchant, upon finding a pearl of great value, sold everything he had and bought it. The calendar in Genesis is such a pearl. If you're looking, don't miss this chance to own one.

God's Ambiance William John Meegan,2016-10-03 The MATRIX OF WISDOM is all about God's Ambiance residing in the soul of the individual. This volume is about unraveling the deep mysteries of God esoterically codified into the world's sacred scriptures, literature, artworks, monuments and architecture in all times and climes via the ESOTERIC SCIENCE: i.e. the harmonious integration of the Seven Liberal Arts: Quadrivium (Four Mathematical Sciences) and the Trivium (Three Grammatical Arts) that are the foundations of the ancient Mystery Schools. The MATRIX OF WISDOM is a 10 x 10 matrix that is the original source material that wrote the sacred scriptures in all religious cultures around the world. From the mystical depths of this 10 x 10 matrix China created the I Ching and the Tao te Ching, Buddhism created their Stupas, Hinduism and Christianity builds their temples, cathedrals and churches, numerous cultures around the world built their pyramids based upon it schematics and the Native American Indians knew of it, Astrology and the Game of Chess were developed from it, and

Pythagoras developed his mathematical theorems from it, and Freemasonry is founded upon it and the city of Washington DC is built on its esoteric design and this latter is provided for in the United States Constitution, Article 1, Section 8; however, this matrix is never-ever discussed explicitly to the general public. Throughout this volume there will be a continuous tsunami of demonstrable evidence directly and indirectly challenging the status quo of academia and the orthodoxy of all religions around the world. The WORD OF GOD will be discussed mainly from the perspective of the Judaeo Christian Scriptures, the secret teachings of the Roman Catholic Church's literature, artwork, monuments and architecture and Freemasonry symbolism designed into the landscape of Washington DC. The MATRIX OF WISDOM (spiritual waters of creation: i.e. sum total or all knowledge) is inherent in the psyche of every human being. The MATRIX OF WISDOM is a commentary or the MONAD, which is the soul's raison d'être: i.e. God/Man Christ (Tao, Krishna, Buddha, Horus. etc.). When the soul comes into the world it splits into a two-part psyche: ego-consciousness and the unconscious mind and this knowledge is esoterically codified into the mythoi of the Judaeo Christian Scriptures; thus, the sacred scriptures of the world are all about explaining to the worthy initiate the dynamics of the soul and its psyche. The sacred scriptures are written first and foremost for the Born Again initiate; though, the average member of the laity has direct access to both its exoteric writings (REVEALED) and its secret esoteric teachings (COVERED). The inexplicable WORD OF GOD (HIDDEN): however, cannot be explained to another in the vernacular. The initiate can know of the ESOTERIC SCIENCE; however that does not avail him or her of the true understanding of the WORD OF GOD. Only God can communicate that unfathomable and inexplicable knowledge to the individual. The ESOTERIC SCIENCE can somewhat prepare the worthy initiate for the spiritual Initiatic Visionary Experience, which is gifted only to those that are worthy and truly DESIRE to know the WORD OF GOD. The sacred scriptures around the world are written to explain the spiritual Initiatic Visionary Experience; furthermore, the sacred scriptures in their indigenous languages are the most scientific instruments on the face of the Earth; though, modernity will most likely dispute that fact ad nauseam.

From Creation to Babel: Studies in Genesis 1-11 John Day, 2014-04-24 The stories of Genesis 1-11 constitute one of the better known parts of the Old Testament, but their precise meaning and background still provide many debated questions for the modern interpreter. In this stimulating, learned and readable collection of essays, which paves the way for his forthcoming ICC commentary on these chapters, John Day attempts to provide definitive solutions to some of these questions. Amongst the topics included are the background and interpretation of the seven-day Priestly Creation narrative, problems in the interpretation of the Garden of Eden story, the relation of Cain and the Kenites, the strange stories of the sons of God and daughters of men and of Noah's drunkenness and the curse of Canaan, the precise ancient Near Eastern background of the Flood story and the preceding genealogies, and the meaning and background of the story of the tower and city of Babel.

Throughout this volume John Day constantly seeks to determine the original meaning of these stories in the light of their ancient Near Eastern background, and to determine how far this original meaning has been obscured by later interpretations.

Theological Dictionary of the Old Testament G. Johannes Botterweck, Helmer Ringgren, Heinz-Josef Fabry, 1974 This multivolume work is still proving to be as fundamental to Old Testament studies as its companion set, the Kittel-Friedrich Theological Dictionary of the New Testament, has been to New Testament studies. Beginning with father, and continuing through the alphabet, the TDOT volumes present in-depth discussions of the key Hebrew and Aramaic words in the Old Testament. Leading scholars of various religious traditions (including Roman Catholic, Lutheran, Reformed, Anglican, Greek Orthodox, and Jewish) and from many parts of the world (Denmark, France, Germany, Great Britain, Greece, Israel, Italy, the Netherlands, Norway, Sweden, Switzerland, and the United States) have been carefully selected for each article by editors Botterweck, Ringgren, and Fabry and their consultants, George W. Anderson, Henri Cazelles, David Noel Freedman, Shemaryahu Talmon, and Gerhard Wallis. The intention of the writers is to concentrate on meaning, starting from the more general, everyday senses and building to an understanding of theologically significant concepts. To avoid artificially restricting the focus of the articles, TDOT considers under each keyword the larger groups of words that are related linguistically or semantically. The lexical work includes detailed surveys of a word's occurrences, not only in biblical material but also in other ancient Near Eastern writings. Sumerian, Akkadian, Egyptian, Ethiopic, Ugaritic, and Northwest Semitic sources are surveyed, among others, as well as the Qumran texts and the Septuagint; and in cultures where no cognate word exists, the authors often consider cognate ideas. TDOT's emphasis, though, is on Hebrew terminology and on biblical usage. The contributors employ philology as well as form-critical and tradition-historical methods, with the aim of understanding the religious statements in the Old Testament. Extensive bibliographical information adds to the value of this reference work. This English edition attempts to serve the needs of Old Testament students without the linguistic background of more advanced scholars; it does so, however, without sacrificing the needs of the latter. Ancient scripts (Hebrew, Greek, etc.) are regularly transliterated in a readable way, and meanings of foreign words are given in many cases where the meanings might be obvious to advanced scholars. Where the Hebrew text versification differs from that of English Bibles, the English verse appears in parentheses. Such features will help all earnest students of the Bible to avail themselves of the manifold theological insights contained in this monumental work.
