Managing Organizational Knowledge Jr., Charles A. Tryon, 2016-04-19 Organizations of all sizes and types are facing a dual threat and opportunity. Rootedness Juhani Pallasmaa, 2024-02-08 rootedness Discover the insights and lessons of architect Juhani Pallasmaa In Rootedness: Reflections for Young Architects, Juhani Pallasmaa delivers an insightful and expansive collection of his most compelling ideas into architecture's position among arts and culture. Pallasmaa speaks to architecture students and young professionals, discussing each topic with sincerity and openness, suggesting what can be learned from areas of culture beyond the boundaries of familiar professional disciplines. He outlines the growing need for an architecture based in self-awareness, reconnection to the environment, and a sense of ethical responsibility. Each essay in Rootedness was initially conceived and presented as an educational lecture and has been carefully edited with clarifications, refinements, and valuable expansions. Accompanying sketches by the author emphasize the personal and intimate nature of the essays. The book also includes: Explorations of perception, creative practice, and the need for an ethical stance Thoughts, meditations, and challenges emerging from the author's search for identity and purpose in his architectural work A wealth of references within the essays, as well as recommendations for books and films from which readers may draw further inspiration Designed for students of architecture at any age, Rootedness: Reflections for Young Architects will also inspire professional architects, designers, and those in other creative professions.

The Journey of Desire John Eldredge, 2016-09-13 In his groundbreaking book, The Journey of Desire, John Eldredge invites readers to: Rediscover their God-given desire. Abandon resignation. Search again for the life they once dreamed of. Sometimes it seems we just can't get what we want. Circumstances thwart our best-laid plans. We struggle to live a heartfelt

life. Worst of all, says Eldredge, the modern church mistakenly teaches its people to kill desire (calling it sin) and replace it with duty or obligation (calling it sanctification). As a result, at best Christians tend to live safe, boring lives of resignation. At worst, their desire eventually breaks out in destructive ways such as substance abuse, affairs, and pornography addictions.

The Lost Knowledge of Christ Dominic White, 2015 Did Christianity once teach secret knowledge? Dominic White argues that the early Church in fact taught a wonderful wisdom about the cosmos. Christian cosmology offers resources for us to speak to many of the problems, questions, and issues we face both in the church and in society. It does not provide instant answers; rather, it is in some ways more like the parables of Jesus, stories that challenge our view of the world and invite us to reflection and contemplation. This lost knowledge sheds new light on many biblical teachings and areas of controversy within Christianity: the meaning of repentance; the mystery of the cross; Jesus' ascent through the heavens; angels and stars; the body and the feminine; justice and ecology; and liturgy, art, music, and dance. The Lost Knowledge of Christ shares the cosmic, psychological, and artistic focus of today's nonreligious spiritualities and offers some surprising responses. Images, music, and videos that correspond with the chapters can be found at lostknowledgeofchrist.wordpress.com.
