

Animales En Peligro De Extincion Tabasco

L Manion

Animales en Peligro de Extinción Jorge Alberto Lezama Suárez,2015-11 Nuestro tema son los animales en riesgo de extinción, dicen que están en peligro de desaparecer, cosa que a lo largo y ancho del mundo parece no importarnos, a la mayoría no nos causa preocupación, y por lo mismo, no intentamos participar en la mejora, o en la acciones preventivas para cambiar el estado de cosas. Decidí que la versificación es una buena alternativa para proponer a los niños y jóvenes, de manera prioritaria a ellos, así como a la población en general, revisar el panorama en que se encuentran y el riesgo de nuestros animales, dije de los nuestros, aunque algunos de ellos no todos los conocemos y también estoy claro, de que algunos, no están en riesgo en otros lugares, pero en nuestro país y/o estado si lo están. Lo hice en décimas, reconozco no ser experto ni en décimas, ni en animales, ni en medio ambiente, solo presumo de ser un individuo bien intencionado, que un día aprendí que las cosas es mejor escribirlas que solo comentarlas, y que cuando pienses hacer algo, hay que ¡Tomar acción!

Animales y plantas en peligro de extinción Marcos López Torres,1992

Animales de México en peligro de extincion Gerardo Ceballos,2003 Documenta y expone los riesgos a los que están sometidas especies mexicanas, presenta además algunas acciones de conservación exitosas.

Informe del Gobernador del estado de Tabasco Tabasco (Mexico : State). Governor,1994

El Estado de Tabasco, México Ciprián Cabrera Jasso,1993

Neotropical Owls Paula L. Enriquez,2017-07-24 This book presents a comprehensive biological and ecological information about owls in the neotropic area. In addition the book covers topics such as threats and conservation strategies for these nocturnal birds of prey from 18 Neotropical countries. Owls are a good example of diversification processes and have developed evolutionary characteristics themselves. These species are found almost everywhere in the world but most of them are distributed in tropical areas and about a third of them live in the Neotropics. This biogeographic region has a high biodiversity and even share lineages of species from other continents because at some point all were part of Pangea. Although we still have much to know and understand about this diverse, scarcely studied and threatened group this work aims to be a precedent for future and further research on the subject.

Estadísticas del medio ambiente. México 1994 INEGI,1995-01-01

Utilización y conservación de los ecosistemas terrestres de México Antony Challenger,1998

Diccionario enciclopédico de Tabasco ,1994

Los estados de la República Mexicana y la Ciudad de México David Cienfuegos Salgado, Para unos y otras, la palabra-concepto que mejor define a nuestro país es la de México. Y esa expresión condensa y concentra muchos Méxicos, muchas naciones, diversidad de identidades, numerosas expresiones culturales que dan cuenta de un territorio que no puede significarse más que a partir de su conocimiento y experiencia. Y si es cierto, como decía mi amigo chiapaneco Carlos Natarén, que la patria no es la tierra que los hombres pisan, sino los hombres y las mujeres que la tierra nutre, los Méxicos posibles son prácticamente imposibles de terminar de conocer.

Confluencia ,2001

Tapirs Daniel M. Brooks,Richard E. Bodmer,Sharon Matola,1997 Descended from a long and ancient lineage, tapirs are important tropical forest seed dispersers. However, today, all species of tapirs are threatened to various degrees by habitat destruction and hunting. This action plan was written with wildlife biologists, ecologists, administrators, educators and local conservation officials in mind and is aimed at those countries with tapir populations. It provides a brief natural history of each species and its objective is to aid in their conservation by catalyzing conservation action. In addition, it is hoped that the contents of the plan will stimulate further research into this fascinating group of animals.

Tabasco: Población y cultura ,1993

Tabasco ,1993 Presents multidisciplinary collection of 126 articles divided into three broad sections: population and culture, economy and development, and politics and law. Specific topics include health and social welfare, development and the environment, the international context of economic relations, State reforms, and political organizations--Handbook of Latin American Studies, v. 57.

¿Qué se come aquí? Andrés López Ojeda,Ricardo Hernández López,Héctor Favila Cisneros,Celia Guzmán Hernández,2021-06-07 La articulación entre turismo y gastronomía es cada vez más frecuente y exitosa. La literatura, tanto académica como no especializada, es cada vez más abundante, así como la realización de eventos que convocan a los más diversos grupos de interés: instituciones públicas, empresarios, chefs, activistas de ONG y, por supuesto, en el caso mexicano, las cocineras y cocineros tradicionales, quienes han adquirido visibilidad y reconocimiento como representantes de la gastronomía tradicional y popular, convertida tanto en un recurso cultural como en un factor de desarrollo para un buen número de localidades en México. En este contexto, el propósito de este libro es analizar la importancia, el uso y el aprovechamiento del patrimonio gastronómico en el marco del programa gubernamental de los Pueblos Mágicos, que agrupa a 132 municipios y localidades caracterizadas por su herencia histórico-cultural, manifestada a través de su patrimonio tangible e intangible (paisaje, arquitectura, festividades, tradiciones, etc.). Este programa se ha convertido en una excelente alternativa para la diversificación y regionalización turística en México, en beneficio de municipios y pequeñas localidades,

para quienes constituye una oportunidad de beneficiarse de la industria turística.
