The Methuen Drama Handbook of Women in Contemporary British Theatre Marissia Fragkou, Rebecca Benzie, 2025-02-06 This handbook provides a detailed exploration of the rich and diverse theatrical work produced by women in the first two decades of 21st-century British theatre. The book explores key issues and methodologies relevant to women working in the UK's theatre industry, including the legacies of feminism and its role in shaping contemporary work by women, the politics of visibility and inclusion in theatrical institutions, and collaborative strategies in creating original work. It closely examines how women in contemporary British theatre tackle urgent social issues such as environmental risk, the representation of marginalized identities and mental and physical wellbeing. Chapters by both established and early-career scholars from a variety of international contexts present new perspectives on significant questions and issues underpinning women's work in 21st-century British theatre by engaging with contemporary debates from theatre and performance studies and cultural theory. A concluding roundtable with women theatre practitioners addresses key questions pertaining to their work, including working conditions, the politics of funding and of ageing, disability and care. With a foreword by the Guardian's chief theatre critic, Arifa Akbar, and featuring research tools such as introductions to sections, a detailed list of sources and an annotated bibliography, this is an authoritative study for anyone with a keen research interest in the distinct contribution of women to contemporary British theatre and performance.

Encyclopedia of American Short Films, 1926-1959 Graham Webb, 2020-07-27 Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound-on-film in the mid-to-late 1920s, makers of earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War, and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.
