Now tender, now tragic; secular yet reverent; the poems of the carmina touch the chords of our purest and darkest spirituality. An excellent resource for the student, the performer, the audience and the general reader, this dual language edition provides two moving translations from the original Latin, informative essays, and facing vocabulary. This text will enrich understanding and heighten appreciation of these beloved medieval poems.

Carmina Burana Juan Antonio Estévez Sola, 2006 Los CARMINA BURANA son no sólo la mayor colección de poemas y canciones latinas medievales no religiosas que se conoce, sino también la más famosa y difundida de todas ellas, en buena parte debido a la versión musical compuesta para algunas de sus piezas, como la celeberrima O Fortuna!, por Carl Orff. La presente antología, a cargo de Juan A. Estévez Sola, responsable asimismo de la introducción, traducción y comentario, recoge una muestra sumamente representativa de los mismos, guiada por los criterios de calidad y belleza, así como por el de su fortuna e influencia en la literatura posterior, y dividida en tres grandes grupos: «Poemas morales», «Poemas amorosos» y «Poemas lúdico-tabernarios».

Carmina Burana Debi Simons,2018-02-08 I would hate for any singers or listeners to experience this great masterpiece as just a succession of nonsensical syllables set to music. There is so much more enjoyment to be had when you understand the words, and so I set out to write a set of commentaries to accomplish that goal. After an overall introduction there's an individual essay for each section. My hope is that the voices and personalities of the lyrics will come alive for you so that you experience the huge range of emotions contained in these pieces. Even though the original authors lived many hundreds of years ago, we can identify with them if we understand what they're actually saying. From the cries of a roast swan, to the weeping of someone broken by the turns of fate, to the joyful shouts of lovers, I hope you'll gain a new understanding of them all. This material isn't meant to be scholarly or definitive, but to be . . . fun.
