Fool Me Once Nikki Ash,2020-02-19 I met Keegan when I was on the beach in Florida.He literally crashed into my world. I wasn't looking for romance, but his two-dimpled charm made my heart go haywire.We both had one thing in common: we were here to escape our realities. One week. Just the two of us. Not a care in the world. I didn't know it at the time, but that week would forever change my life.Four years later, and as fate would have it, Keegan and I are brought together again. It's as if the universe is telling us this is our second chance. The more I get to know him, the harder I fall.Falling hopelessly in love is inevitable with a man like him.Only the joke's on me, because the guy I'm falling for isn't the man I thought he was. You know how the saying goes: Fool me once...I'll be damned if I'm fooled again.*Fool Me Once is a stand-alone secret baby romance*

Wicked Heat J. Kenner,2024-09-10 From the moment he'd seen her at the home of his billionaire father, former race car driver and bad boy Ashton Stone craved Bree Bernstein, his half-siblings' stunning nanny. He couldn't have her though—not when his life was so entwined with secrets and scandal. Then he'd seen her at the airport bar and instead of walking away, he'd bought her a drink. Then another. And when a storm grounded their flights, he'd made a mistake and tried to take her to bed. That's when she'd bolted. For years, Bree has hidden the truth of those nightmarish days when she'd been held captive, forced into despicable acts that, once rescued, she'd believed were in the past. Until the tapes. Now, she's being blackmailed, and if those tapes go public, it won't be just her life that's in tatters, but that of an innocent child caught in the crossfire.

Desperate, she goes to the only man who can help her pay the blackmailer and keep the secret—Ashton Stone. Now, her future is in his hands—but the price he demands is one she's not certain she can pay—Her.

Of Masques and Martyrs Christopher Golden,2010-12-09 For the Shadows, nothing can ever be the same again. Their existence revealed to the world in *Of Saints and Shadows*, the truth of their divided heritage revealed to themselves in *Angel Souls* and *Devil Hearts*, they must now fight the hardest battle of all – against others of their own kind. The fragile alliance of human and vampire was shattered forever by Hannibal, among the most ancient of Shadows, who turned on them both in their hour of greatest need. Driven by blood, he thirsts for dominion, and humankind to him will always be prey. For those Shadows who walk a different path there is only one choice to be made. Hannibal must be destroyed before he destroys them all. But his followers are many, and those who oppose him are few...

On the Surface Nikki Ash,2024-05-30 People see what they want to see. They only view what's on the surface, and

they're easy to fool. I let them see on the outside that I'm a successful businesswoman. My clothes are designer, my makeup flawless, and I live in a high-rise condo in Lennox Hills. They see perfection, not what lies beneath the surface. The real me, the one I keep hidden is a broken-hearted woman who uses the makeup to hide her tears. The expensive clothing covers a heart once shattered by love. The walls of my expensive home shelter a lonely woman who hides the fact that deep down she wants to be loved. A woman who is too scared to risk her fragile heart. For ten years, I've managed to hide behind the image of perfection. Only letting people see what's on the surface. Until I ran into Jase. Now, every raw emotion, every shattered piece of my heart that I buried long ago is exposed outside the protective walls of my high-rise condo. No matter how hard I try, I can't keep the walls from crumbling. He sees me beyond the image that I've created. He says he can handle what's below the surface, but can I?

Fool Me Once Ashley Winstead,2024-03-06 In this fierce and funny battle of the exes, Ashley Winstead's Fool Me Once explores the chaos of wanting something you used to have. Lee Stone is a twenty-first-century woman: she kicks butt at her job as a communications director at a women-run electric car company (that's better than Tesla, thank you), and after work she is 'Stoner,' drinking guys under the table and never letting any of them get too comfortable in her bed... That's because Lee's learned one big lesson: never trust love. Four major heartbreaks set her straight, from her father cheating on her mom

all the way to Ben Laderman in grad school -- who wasn't actually cheating, but she could have sworn he was, so she reciprocated in kind. Then Ben shows up five years later, working as a policy expert for the most liberal governor in Texas history, just as Lee is trying to get a clean energy bill rolling. Things get complicated -- and competitive -- as Lee and Ben are forced to work together. Tension builds just as old sparks reignite, fanning the flames for a romantic dustup the size of Texas.
