**William MacLeod Raine**

**It's Kind of a Funny Story** Ned Vizzini, 2010-09-25 Like many ambitious New York City teenagers, Craig Gilner sees entry into Manhattan's Executive Pre-Professional High School as the ticket to his future. Determined to succeed at life—which means getting into the right high school to get into the right college to get the right job—Craig studies night and day to ace the entrance exam, and does. That's when things start to get crazy. At his new school, Craig realizes that he isn't brilliant compared to the other kids; he's just average, and maybe not even that. He soon sees his once-perfect future crumbling away. The stress becomes unbearable and Craig stops eating and sleeping—until, one night, he nearly kills himself. Craig's suicidal episode gets him checked into a mental hospital, where his new neighbors include a transsexual sex addict, a girl who has scarred her own face with scissors, and the self-elected President Armelio. There, isolated from the crushing pressures of school and friends, Craig is finally able to confront the sources of his anxiety. Ned Vizzini, who himself spent time in a psychiatric hospital, has created a remarkably moving tale about the sometimes unexpected road to happiness. For a novel about depression, it's definitely a funny story.

Exploring Literacy Eleanor Kutz,2004 This rhetoric with readings invites students to explore the conversations and literacy practices of the various communities they participate in and to apply the understandings they gain to writing, reading, and research in academic settings. Exploring Literacy presents a model of literacy situated in communities and the experiences of readers and writers within them. Students are invited to explore their own experiences in these communities while adopting the reading and writing practices of the academic communities they are entering. Combining the elements of a reader, a rhetoric, research guide, and handbook, it offers an introduction to the sustained inquiry that underlies most academic work. Each chapter focuses on one primary reading selection and demonstrates a process that builds critical response skills. Students are taught effective ways of engaging with different kinds of texts-memoirs, short fiction, ethnographic writings, academic essays-and offered extensive instruction on how to use writing to enrich their involvement with texts.

*Luna's California Poppies* Alma Villanueva,2002 In this new environment, Luna records her struggles and triumphs as she becomes a young woman. In the second part of the book, an adult Luna takes up the diary when she and her family move to the country and face a new set of challenges. A mother now, Luna muses on her past while she and her children confront an unexpected obstacle in their new home - bigotry.--BOOK JACKET.

*An Unquiet Pedagogy* Eleanor Kutz,Hephzibah Roskelly,1991 An Unquiet Pedagogy argues for a new approach to teaching English in the high school and college classroom, one that reconceives the relationship of literacy and the learner. The title is taken from an essay by Paulo Freire in his book with Donaldo Macedo entitled Literacy: Reading the Word and the World. Like Freire, the authors believe that pedagogy must be critical -- that it must examine the assumptions that teachers and students bring to any educational enterprise, that it must take into account the contexts of learners' lives, and that it must question, rather than quietly accept, existing practices. Voices of beginning and experienced teachers are heard often in the book, exploring how such an unquiet pedagogy might come to be. The authors examine the experiences of these teachers, as well as their own, showing how the classroom can become a place of inquiry for both teachers and students and how theory and research that provide an integrated perspective on language, literacy, and culture must inform teaching practice. Their aim is to transform the English classroom into a place where the imagination becomes central and where learners construct knowledge in the development of real literacy.

*Crime City* E.S. Emery, 2025-11-03 Baird Bissinger, retired detective turned private investigator. Trying to solve unsolvable cases. What is it with that damned burgundy briefcase? Can he even help Misty? Where is Oren's wife? And such other questions... The city has more layers than most people ever see, and someone has to dive head first into those layers and do something about it. How many cases can one man handle?

**The Psychology of Netaholics** Carla G. Suratt, 2006 The year 1998 witnessed the birth of a new disorder... Internet Addiction Disorder. As the number of linkage points, host computers, connected networks and individual users plugged into the Internet has continued to increase exponentially, some have begun to question the Net's impact on our psychological well-being. Among the issues under debate is the question of whether or not Internet use is addictive. Though many regular Internet participants scoff at such an idea, and create satirical websites, IRC chat rooms and Usenet newsgroups make their point, a growing number of professionals in the field of psychology disagree. They argue that Internet participation is addictive, and that in many ways its symptoms, diagnosis and treatment parallel that of other addictions, such as compulsive gambling, shopping and even drug and alcohol use. What are we to make of this new disorder? What precisely, does addiction mean? Can individuals really become addicted to the Internet? This groundbreaking book examines these questions from a sociological perspective.
