Left Out Tara Reade, 2021-03-03 Tara Reade shares the aftermath of the re-victimization of speaking out about her sexual assault, with then-Senator Joe Biden in 1993, where the shaming, attacks, and threats instigated by the media sent her into a personal tailspin. Tara-rized viciously by cyber bullies, receiving death threats and fearing for her life and those of her family, Tara tells how living with no regret and coming forward was right for her conscience. The moment that defines Tara will not confine her, but instead move her forward by reclaiming her identity. Tara pulls together the pieces of her life experiences to forge a path of hope so that other survivors may have dignity coming forward. This memoir reflects that Tara knew the value of speaking truth to power even in the most difficult of circumstances.

What they don't tell you about the far right Marcelo Ungarit, 2025-07-24 Why is the far right growing in so many countries at the same time? How do they manage to seduce young people, precarious workers, and even those who vote against their own interests? What role do social media, allied media outlets, and fear-based narratives play? This book breaks down, step by step, the strategies, rhetoric, and traps of the new global far right. It analyzes its rise in Europe, the United States, and Latin America, its connection to economic, religious, and media groups, and its impact on everyday life: education, culture, civil rights, and democracy. With a clear and rigorous approach, Marcelo Ungarit exposes what many prefer to stay silent about. Because understanding the phenomenon is the first step to fighting it. And because, if no action is taken in time, democratic backsliding may become irreversible.

The Truth About Josie Green Belinda Hollyer, 2011-08-18 Josie Green and her sister just don't get on - in fact, sometimes she thinks they can't even be related, they're so different. Then, Josie declares herself 'Josie Green, Family

Detective' for a school project, and she can't wait to get started. But, when she comes across secrets she wasn't meant to discover, things start getting out of hand...

MATHEMATICS OF HEALING DR ARUN MAJI, 2025-05-31 Healing is not a mystery. It's a system — and it can be mapped with the precision of mathematics. *Mathematics of Healing: Simple Math for Complex Suffering* is a ground-breaking, no-nonsense guide that strips away the fluff and gives you a clear, usable formula for understanding human pain, distress, and recovery. Written by Dr. Arun Maji — a frontline doctor, military physician, and teacher of medicine — this book doesn't throw around vague promises. Instead, it applies the world's greatest problem-solving tool — mathematics — to the complex experience of being human. Inside, you'll discover: A simple but powerful mathematical model of what makes a human being — and what breaks one The clearest definition of distress you'll ever read — with a formula to understand your pain A step-by-step equation that defines true healing, with real-life case studies The barriers that block healing, and how to break through them The healing attributes already within you, just waiting to be activated A practical, non-judgmental system to analyze and overcome even deep emotional suffering 18+ case studies, from war trauma and divorce to burnout, abuse, and existential loss This is not a book about motivation. It's a user's manual for your inner world. If you've tried therapy, faith, medication, or self-help and still feel lost — this book will give you something you've been missing: structure, clarity, and a real method. Whether you're a clinician, a seeker, a sufferer, or simply human — *Mathematics of Healing* offers a way forward. Clear equations. Deep common sense. Real human stories. This is healing with a compass. A no-nonsense guide to healing using mathematical models, grounded wisdom, and real human stories. The Blind Spot Effect Kelly Boys, 2018-07-01 Do you ever feel like you're experiencing your life at only a fraction of its true clarity and depth? Are your days dominated by a single emotion such as fear, sadness, anger, or disappointment? At work or in your personal life, do you find yourself facing similar relationship patterns or conflicts again and again? From our earliest years, we all acquire blind spots in the way we perceive, feel, and think. Driven by our biology, life experiences, cultural messages, and physical environment, they profoundly affect us throughout our lives. This informative and practical guide invites us to understand: how we get them, how to bring them to light, and how to work with that newfound awareness to improve our lives. Here, author Kelly Boys presents emerging research from many fields of psychology and neuroscience, personal stories, and a wealth of hands-on exercises and practices to help us identify, welcome, and transform our own hidden domains. Join her to explore: What we miss and how we miss it Attentional blink—gaps in our sensory awareness and our astonishing potential to perceive more in each moment Decoding your unconscious stories—how they filter the truth and influence you Hacking your intuition—why our gut instincts are not always accurate, and ways to get it right more often The defended self—uncovering the core beliefs that shape your emotional landscape Using moments of crisis to reveal especially elusive blind spots Falling in love, “crushing,” cheating, and wholehearted loving—shining a light into the wilderness of intimate relationships Three biases that sabotage our judgment and how to counter them Self-compassion, welcoming, and vulnerability—keys to clearer self-perception Flow states—becoming fully immersed in what you do without the filters that diminish your natural way of perceiving and being Seeing yourself as others see you—safely engaging with someone you trust to gain greater self-awareness Illuminating the biggest blind spot of all—the illusion of an isolated and separate self, and how to free ourselves from the traps it creates Chapter-by-chapter practices—somatic, contemplative, and mindfulness-based—for self-discovery and change Once we recognize our blind spots, we can't unsee them. We release ourselves from unnecessary suffering and begin to experience each moment more richly. With *The Blind Spot Effect*, you're invited to illuminate what is right in front of you and within you—for greater wonder, joy, and fulfillment.

When Work Doesn't Work Anymore Elizabeth Perle McKenna, 2011-05-25 In this groundbreaking book, Elizabeth Perle McKenna challenges the outdated system of work for professional women, and encourages readers to re-examine work as

their sole identities, and, if they are unhappy, to allow room for their Lives. For every worn-out, emotionally depleted female professional who has ever sighed, there has got to be a better way, here is the revolutionary book by Elizabeth Perle McKenna--herself a former publishing executive--that explores women's relationship with work. For decades, women have succeeded at traditional male jobs, but now, deep in the second stage of the feminist movement, they want lives that are integrated and whole. Based on original research and containing hundreds of interviews with prominent working women, this book exposes the inherent conflict between the way work traditionally is structured and rewarded, and what women desire and value in their lives. More important, it suggests new ways for women to identify their values, reclaim their identities, and define success on their own terms. Most importantly, this is not just another book about working mothers. Liz Perle McKenna deconstructs the myth that women can have it all, and shows that they risk true happiness until they give up that impossible ideal. The author's focus extends to every working woman who will most likely face a life-altering situation at some point in her career and will need to redefine what success means to her. Any woman who has been working for more than a few years will identify strongly with the issues raised here, and will be rewarded by the insights she gleans from this vital book.

The Tides of Truth Collection Robert Whitlow, 2017-05-02 Enjoy Robert Whitlow's Tides of Truth series an e-collection! Deeper Water Leaving behind the farming life and her large, Bible-believing family, Tami Taylor accepts a job with a prestigious Savannah, Georgia, law firm. There, she quickly discovers the politics of a city with secrets that some will kill to keep hidden. In the murky waters of Savannah's shoreline, a young law student is under fire as she tries her first case at a prominent and established law firm. A complex mix of betrayal and deception quickly weaves its way through the case and her life, as she uncovers dark and confusing secrets about the man she's defending—and the senior partners of the firm. How deep will the conspiracy run? Will she have to abandon her true self to fulfill a higher calling? And how far will she have to go to discover the truth behind a tragic cold case? Higher Hope Tami Taylor faces impossible challenges in life, law, and love—until she discovers a higher hope. Competition is tough at the Savannah law firm where Tami Taylor serves as a law clerk. But Tami's work sets her apart—and the firm's partners see something special in her. So they assign her to a libel case against an abrasive, outspoken preacher who is either a prophet or a lunatic. On the surface it appears to be an open and shut case; the preacher seems fully outside the bounds of law. And Tami's strict religious upbringing could be the firm's ace-in-the-hole. But as the investigation continues, Tami is troubled by the preacher's uncanny prophetic abilities. And their client seems to be hiding something. Tami returns to her hometown, struggling with several critical choices—as two very different men from the firm vie for her heart. Just when the challenges seem insurmountable, hope for Tami arrives from a surprising place. And it's a higher hope than she's ever imagined. Greater Love As the storm clouds gather, Tami does her best to weather the growing turbulence in every area of her life. She's just accepted a job with a law firm but now wonders if she made the right decision. She has two strong men vying for her heart—and is about to lose them both if she can't

determine which one is right for her. And Tami's new case is anything but simple. When she first meets her prospective client, she immediately knows the rough young teen is lying, guilty . . . and utterly terrified of something beyond the charges she's facing. What she doesn't realize is just how far reaching the effects of the case will go. Or how close to home the deadly results will hit. For by the time the storm breaks, someone close to Tami will have paid the ultimate price. Through it all, Tami will experience greater sacrifice, greater friendship, and greater love than she's ever known.

You've Got This Michaela Dunbar,2023-06-06 From a rising clinical psychologist and founder of Instagram's @myeasytherapy, an accessible, life-enhancing guide to reframing self-doubt and negative thought patterns to unlock your potential. We all experience self-doubt and anxiety at certain points throughout our lives, some of us more often and more intensely than others. Anxiety is an emotion, a chemical reaction, and a fundamental part of being human. It can help us to stay alert and focused, spur us to action, and motivate us to solve problems. But left unchecked, it can have the opposite effect, holding us back and preventing us from living the lives we want. In *You've Got This*, Dr. Michaela Dunbar introduces the program she's developed after years of helping ambitious women master their anxiety and overcome self-doubt and imposter syndrome. Through her clinical practice as well as engaging with thousands of women through her online platform, Dr. Michaela has identified the seven key ways high-functioning anxiety can manifest in our lives, from people pleasing to becoming overwhelmed to the obsession with perfectionism, and shows us how to transform negative thoughts and paralyzing emotions into positive action. Dr. Michaela's goal is to help you struggle less and thrive more. Instead of succumbing to self-doubt, Dr. Michaela teaches you how to set boundaries, avoid burnout, and free yourself from the traps of overthinking. Accessible, inclusive, and deeply informative, *You've Got This* is for anyone who wants to let go of limiting beliefs, overthinking, and anxiety—and learn to step confidently into a life they love.
