O.P. Singh & Meena Singh

A Complaint is a Gift Janelle Barlow, Claus Møller, 1996 Customer complaints can give businesses a wake-up call when they're not achieving their fundamental purpose--meeting customer needs. They are a feedback mechanism that can help organizations rapidly and inexpensively shift products, service, style, and market focus. Businesses that don't value their customers' complaints suffer from costly, negative word-of-mouth advertising. Presenting dozens of real-life striking examples of poor--and excellent-- complaint handling, Barlow and Moller show that companies must view complaints as gifts if they are to have loyal customers.

Business Letter and E-mail Writing: An Indexed Handbook Bruce A. Hird, 2019-05-16 This book is a collection of nearly 250 shortened or adapted business letters that were actually emailed, faxed, or posted. While the letters vary in complexity and length, all samples are comprised of straightforward sentences that upper intermediate readers of English as a second language should have no difficulty understanding and using. The book should also be useful for native English speakers seeking a fundamental approach to written business communication and for teachers in need of business-writing source material and exercises. The book is divided into three parts: Part 1: Letter samples and answers to the exercises (usually letter revisions). Part 2: Exercises (original letters, situational assignments, and sequencing assignments). Part 3: Hotel and travel matters.
