*Individuation for Adult Replacement Children* Kristina E. Schellinski,2019-10-02 Kristina E. Schellinski uncovers the hidden trauma of the replacement child – born into an atmosphere of grief to substitute for a lost sibling or other person – and helps adult replacement children discover the uniqueness of their self. Schellinski combines Jungian theory with research from over 20 years of clinical practice to demonstrate how adult replacement children who suffer from physical and psychological distress can rediscover the essence of their being in the transformative process of individuation. Theoretical yet practical, the book discusses core concepts of analytical psychology, psychoanalysis and attachment theory, and detailed case studies address grief, guilt, identity formation, relational challenges and shadow aspects. Schellinski explores how Jung's birth after three dead children impacted his search for self and his theory and discloses her own personal experience. On treatment and prevention, she argues that by recognising elements of the condition, clinicians can facilitate acceptance, compassion and healing, and help reduce transgenerational transmission. This book is an indispensable tool for clinicians, analytical psychologists, psychodynamic psychotherapists and those in other medical professions, and will be of great interest to academics and readers interested in Jungian studies and existential questions. It offers adult replacement children and their families hope for a psychological rebirth.

*My Sister's Keeper* Jodi Picoult,2004-04-06 New York Times bestselling author Jodi Picoult tells the story of a girl who

decides to sue her parents for the rights to her own body in this riveting story that tackles a controversial subject with grace and explores what it means to be a good person. Jodi Picoult is widely acclaimed for her keen insights into the hearts and minds of real people. Now she tells the emotionally powerful story of a family torn apart by conflicting needs and a passionate love that triumphs over human weakness. Anna is not sick, but she might as well be. By age thirteen, she has undergone countless surgeries, transfusions, and shots so that her older sister, Kate, can somehow fight the leukemia that has plagued her since childhood. The product of preimplantation genetic diagnosis, Anna was conceived as a bone marrow match for Kate—a life and a role that she has never challenged...until now. Like most teenagers, Anna is beginning to question who she truly is. But unlike most teenagers, she has always been defined in terms of her sister—and so Anna makes a decision that for most would be unthinkable, a decision that will tear her family apart and have perhaps fatal consequences for the sister she loves. *My Sister's Keeper* examines what it means to be a good parent, a good sister, a good person. Is it morally correct to do whatever it takes to save a child's life, even if that means infringing upon the rights of another? Is it worth trying to discover who you really are, if that quest makes you like yourself less? Should you follow your own heart, or let others lead you? Once again, in *My Sister's Keeper*, Jodi Picoult tackles a controversial real-life subject with grace, wisdom, and sensitivity.

Coverage is global, with the histories of the Americas, Europe, Asia, Africa, and Oceania compared and contrasted throughout. *My Sister's Keeper* Jodi Picoult, 2009-05 Now a major film. Sara Fitzgerald's daughter Kate is just two years old when she is diagnosed with a rare form of leukaemia. Reeling with the helpless shock of it, Sara knows she will do anything - whatever it takes - to save her child. Then the tests results come back time and again to show that no one in their family is a match for Kate. If they are to find a donor for the crucial bone marrow transplant she needs, there is only one option: creating another baby, specifically designed to save her sister. For Sara, it seems the ideal solution. Not only does Kate live, but she gets a beautiful new daughter, Anna, too. Until the moment Anna hands Sara the papers that will rock her whole world. Because, aged thirteen, Anna has decided that she doesn't want to help Kate live any more. She is suing her parents for the rights to her own body.
