

We Wish You A Merry Christmas Music Sheet

Helen Winter

We Wish You a Merry Christmas Beatrice A. Miller, Four elementary level pianists will love joining forces on this popular holiday song, alternating melodic duties nicely between the performers in a generally boisterous and jolly musical Christmas celebration.

30 Easy Play Songs every parent/grandparent can play for kids even if they've never played music before Helen Winter, 30 Songs you can play for your baby immediately on any instrument you may have at home without any musical background. Hi. Now you are parents. Or grandparents. The second is much easier but does not free you from the duty of singing lullabies and other funny kids' songs to your little ones. Do you feel forced to sing them? It's not easy, is it? Especially if you're tone-deaf. Did your schoolmates study violin while you were playing hooky from music class? Now with the kids, you're stuck and everyone expects you to be a lullaby singer. Well, we have a solution for you. If your only singing has been in the shower, let us help you become a real musician. And you can do it with any instrument. Even a toy piano, if it is tuned. If you are a musician, this book is not for you. You can go play your instrument in an orchestra. Kids like simple music. We offer your a guaranteed time-tested set of cool kids' songs. These are famous kids' songs (which you'll recognize) and also some musical nursery rhymes threw in. What do you need for your musical success? Equipment for starters. Your instrument can even be jars with water. But for most songs, it'll be better if they are somewhat tuned. It could be any key instrument like a piano, melodica, kalimba, marimba, synthesizer, xylophone, glockenspiel, or a color bell set with 8 bells or more. Drums, tambourines, castanets, and music rattles are also welcome. The main argument for the idea of not being able to play in a band with your child immediately is I CANNOT READ MUSIC SHEET. Don't worry! You don't have to! We made our pictures large and as simple as possible. You'll easily play by circles. No musical staff or notes. Your listeners are not very critical and won't know the difference. Kids are the best listeners in the world. The sheet music book has 2 parts: Part 1. No musical staff or notes. Simply follow the circles with letters. To show the rhythm, we grouped the circles together. Every song in this section was adapted for the newbie - you - just 8 notes (one octave). Part 2. Here you'll see traditional musical notes and staff added. But don't worry - the helpful letters are still there. Important! You will be able to begin to play right away if the keys of your instrument have letter notations on the keys (like kalimba or xylophone). For other instruments, you just need to get and apply stickers with letter-notations. Just 8 stickers will be enough. Write the notes with a marker - A B C D E F G and C8.

Easy play songs were adapted especially for beginners. Attention: Songs have been transposed for a DIATONIC range. Some melodies might be changed and simplified. If you have flat keys on your instrument, please use the classic music score for the piano. Songs: 1. Hot Cross Buns 2. Are you sleeping? 3. Mary had a Little Lamb 4. The wheels on the Bus 5. Jingle On! 24 Easy-to-Play Color Songs for Bell Set Helen Winter, This book was written to help absolute beginners, whether kids or adults, learn to play in a simple and easy way that requires no knowledge of reading music. If you are a beginner, playing by note can be difficult. It is easier to follow color-coded circles with note letters. Just by following the

color circles, you will sound like an experienced musician. Playing music can be as simple and enjoyable as a game. That is our goal: to give you what's necessary to play beautiful music while having fun. We recommend the color bell set and 8-15 note color glockenspiel for your child's first musical experience. There are 2 instruments that are best for beginners and most solfeggio teachers advise that it's better to begin not with a piano, but with a simpler and more accessible instrument. There are 3 levels in this Bell's book. Level 1: Play by color circle. Each song here is written with color circles and letter notes inside. The circles are grouped by rhythm. The duration of the whole, dotted half, and half notes are depicted by the arches after the circles (2, 3, or 4 beats). The songs here are very familiar and simple. Level 2: Get acquainted with the musical staff. Learn the places of each note on a staff. No note durations (note length) here. Level 3: Play by classic note on a musical staff. Here is the "adult" musical notation: clef, duration, rests and connection of the notes, but the helpful color circles and letters are still above the notes. Each song was adapted for the newbie - just 8 notes (one octave). At the end of the book, you will also find simple puzzles that will make reading notes easier. Attention: Songs have been transposed for a DIATONIC range. Some melodies might be changed and simplified. If you have flat keys on your instrument, please use the classic music score for the piano. Contents LEVEL 1. Jingle Bells London Bridge is Falling Down The wheels on the Bus Mary had a little lamb Are you sleeping? We wish you a Merry Christmas Brahms Lullaby Happy Birthday Beethoven. Watch Me Play! - A Self-guided Music Course for Children: Easy-to-Play Sheet Music with Colors and Letters for Beginners (Super Simple Songs for Keyboard or Piano) , This book is tailored for absolute beginners in music, whether they are kids or adults. We have deliberately kept the content simple, employing an easy-to-play visual guide that allows any novice to start making music quickly. No prior musical knowledge or background is required, making it accessible for both children and their parents. Each song is accompanied by a large and straightforward visual aid, color and letter-coded, alongside traditional sheet music. The instructions are structured to guide children from basic circles to reading notes using sheet music, making the learning process akin to a game where children progress through different levels on their own. The book comprises 22 songs and offers three options to help beginners start playing immediately: Playing by Color Circle Playing by Letter Playing with the Musical Staff Initially, players can follow the circles and then transition to interpreting classic note symbols and staff. Helpful letters are always provided above the notes for easy reference. The book is divided into three parts, corresponding to three levels of difficulty: Level 1: This section features songs played within one octave. Each song is presented twice: first with circles and then with classic music notes, aiding children in memorizing staff notes.

For example: Mary Had a Little Lamb - Version 1 - Circles Mary Had a Little Lamb - Version 1 - Notes Level 2: Here, you will find songs presented in both circle and note formats, as well as more advanced versions with detailed musical notation. For example: Hot Cross Buns - Version 1 - Circles Hot Cross Buns - Version 1 - Notes Hot Cross Buns - Version 2 - Notes (This version introduces different key signatures and teaches transposition skills.) Generally, the sheet music versions of the songs are slightly more complex, incorporating musical notations like rests or beams. An illustrated explanation of these notations is provided at the end of the book. Level 3: This section features different combinations of notes for the same melody, presented in both circle and note formats. This enables beginners to understand how the same melody can be played in various keys. Primarily designed for newcomers to keyboard instruments such as the piano or synthesizer, this book offers 22 one-hand piano songs. It also serves as an excellent self-training guide for children and beginner adults looking to master percussion instruments like the kalimba, marimba, xylophone, glockenspiel, or even a color bell set. READ BY PICTURE. Simple Stories Helen Winter, Learn to Read. Book for Beginning Readers. Preschool, Kindergarten, and 1st Grade (Step into Reading. Level 1) We offer the easiest way to make reading books with children a pleasure, even for those children who listen to reading reluctantly. With the usual type of reading, a child is a passive listener, while with “reading by picture”, he or she becomes an active participant. Even if children can already read, they are happy to read texts where some of the words are replaced by pictures and perceive it as a bonus or a prize. It is more important to receive such bonuses for children who are just starting to read, or for whom reading still requires effort. A small child can only voice words represented by pictures. This reading not only makes kids a full participant in the process but also teaches them to reconcile the words of the picture with other words in the sentence. Older children may try to read words from a vocabulary list that appears before the text. A child who has begun to read will be able to enjoy reading the entire text. If you are reading to your little one, please read slowly. Let your child think about the sentence, find the right word, and enjoy the reading process. Some words in this book are changed to pictures. Each story has a pictured vocabulary list at the beginning. Includes 7 simple stories understandable and relatable for kids. Great book for non-English speaking children to learn and remember new words in a fun game-based reading activity.
