**In the Catskills - Selections from the Writings of John Burroughs** John Burroughs, 2016-12-05 First published in 1910, *In the Catskills* is a fantastic selection of essays concerning The Catskill Mountains by American naturalist John Burroughs. Nowhere is a love of Catskill Mountain landscape, its flora and fauna, and its people more beautifully expressed than in these eight essays. Highly recommended for lovers of nature writing and naturalism. John Burroughs (1837 - 1921) was an American naturalist, essayist, and active member of the U.S. conservation movement. Burroughs' work was incredibly popular during his lifetime, and his legacy has lived on in the form of twelve U.S. Schools named after him, Burroughs Mountain, and the John Burroughs Association-which publicly recognizes well-written and illustrated natural history publications. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with a specially commissioned new biography of the author.

**Under the Apple Trees. (1916)** by John Burroughs, 2016-11-04 John Burroughs (April 3, 1837 - March 29, 1921) was an American naturalist and nature essayist, active in the U.S. conservation movement. The first of his essay collections was *Wake-Robin* in 1871. In the words of his biographer Edward Renehan, Burroughs' special identity was less that of a scientific naturalist than that of a literary naturalist with a duty to record his own unique perceptions of the natural world. The result was a body of work whose resonance with the tone of its cultural moment explains both its popularity at that time, and its relative obscurity since. Burroughs was the seventh of Chauncy and Amy Kelly Burroughs' ten children. He was born on the family farm in the Catskill Mountains, near Roxbury in Delaware County, New York. As a child he spent many hours on the slopes of Old Clump Mountain, looking off to the east and the higher peaks of the Catskills, especially Slide Mountain, which he would later write about. As he labored on the family farm he was captivated by the return of the birds each spring and other wildlife around the family farm including frogs and bumblebees. In his later years he credited his life as a farm boy for his subsequent love of nature and feeling of kinship with all rural things.
