Oliver Twist (Illustrated, complete and with the original illustrations) Charles Dickens,2010-09-17 -Illustrated with the original Illustrations by GEORGE CRUISE and other illustrations. -Table of contents to every chapters in the book. -Complete and formatted for kindle to improve your reading experience Oliver Twist, subtitled The Parish Boy's Progress, is the second novel by English author Charles Dickens, published by Richard Bentley in 1838. The story is about an orphan, Oliver Twist, who endures a miserable existence in a workhouse and then is placed with an undertaker. He escapes and travels to London where he meets the Artful Dodger, leader of a gang of juvenile pickpockets. Naively unaware of their unlawful activities, Oliver is led to the lair of their elderly criminal trainer Fagin. Oliver Twist is notable for Dickens' unromantic portrayal of criminals and their sordid lives.[1] The book exposed the cruel treatment of the large number of orphans in London during the Dickensian era. The book's subtitle, The Parish Boy's Progress, alludes to Bunyan's The Pilgrim's Progress and also to a pair of popular 18th-century caricature series by William Hogarth, A Rake's Progress and A Harlot's Progress.[2] Oliver Twist was born into a life of poverty and misfortune in a workhouse in an unnamed town (although when originally published in Bentley's Miscellany in 1837 the town was called Mudfog and said to be within 70 miles north of London - in reality this is the location of the town of Northampton). Orphaned almost from his first breath by his mother's death in childbirth and his father's unexplained absence, Oliver is meagerly provided for under the terms of the Poor Law, and spends the first nine years of his life at a baby farm in the 'care' of a woman named Mrs. Mann. Oliver is brought up with little food and few comforts. Around the time of Oliver's ninth birthday, Mr. Bumble, a parish beadle, removes Oliver from the baby farm and puts him to work picking oakum at the main workhouse. Oliver, who toils with very little food, remains in the workhouse for six months. One day, the desperately hungry boys decide to draw lots; the loser must ask for another portion of gruel. The task falls to Oliver, who at the next meal tremblingly comes up forward, bowl in hand, and makes his famous request: Please, sir, I want some more. A great uproar ensues. The board of well-fed gentlemen who administer the workhouse hypocritically offer five pounds to any person wishing to take on the boy as an apprentice. A brutal chimney sweep almost claims Oliver. However, when he begs despairingly not to be sent away with that dreadful man, a kindly old magistrate refuses to sign the indentures. Later, Mr. Sowerberry, an undertaker employed by the parish, takes

Oliver into his service. He treats Oliver better, and because of the boy's sorrowful countenance, uses him as a mourner at children's funerals. However, Mr. Sowerberry is in an unhappy marriage, and his wife takes an immediate dislike to Oliver – primarily because her husband seems to like him – and loses few opportunities to underfeed and mistreat him. He also suffers torment at the hands of Noah Claypole, an oafish but bullying fellow apprentice and charity boy who is jealous of Oliver's promotion to mute, and Charlotte, the Sowerberrys' maidservant, who is in love with Noah.....

Oliver Twist by Charles Dickens Charles Dickens,2021-03-21 The novel follows the journey of the titular character, Oliver Twist. Oliver, an orphan since birth, spends much of his childhood at a child farm (orphanage) with too many children and too little food. The farm is located roughly 70 miles outside London. One night, after being served his portion of gruel, Oliver asks for a second helping. This is unacceptable, and Oliver is sent to work as an apprentice to an undertaker. Eventually, after suffering repeated mistreatment, Oliver runs away and heads for London. He soon finds himself in the presence of the Artful Dodger, who tells him to stay at the house of an old gentleman (named Fagin) with a number of other boys. Oliver learns that these boys are trained pickpockets. On an outing, Oliver witnesses the boys take a handkerchief from Mr. Brownlow, an elderly man, which prompts Oliver to run away in fear and confusion. The elderly man mistakes Oliver's behaviour for guilt and has him arrested. However, after learning more about Oliver, Mr. Brownlow realizes his mistake and offers to take care of him at his home.

Oliver Twist Charles Dickens, 2020-12-02 AMONG other public buildings in a certain town which for many reasons it will be prudent to refrain from mentioning, and to which I will assign no fictitious name, it boasts of one which is common to most towns, great or small, to wit, a workhouse; and in this workhouse was born, on a day and date which I need not take upon myself to repeat, inasmuch as it can be of no possible consequence to the reader, in this stage of the business at all events, the item of mortality whose name is prefixed to the head of this chapter. For a long time after he was ushered into this world of sorrow and trouble, by the parish surgeon, it remained a matter of considerable doubt whether the child would survive to bear any name at all; in which case it is somewhat more than probable that these memoirs would never have appeared, or, if they had, being comprised within a couple of pages, that they would have possessed the inestimable merit of being the most concise and faithful specimen of biography extant in the literature of any age or country. Although I am not disposed to maintain that the being born in a workhouse is in itself the most fortunate and enviable circumstance that can possibly befall a human being, I do mean to say that in this particular instance it was the best thing for Oliver Twist that could by possibility have occurred. The fact is, that there was considerable difficulty in inducing Oliver to take upon himself the office of respiration, -a troublesome practice, but one which custom has rendered necessary to our easy existence, -and for some time he lay gasping on a little flock mattress, rather unequally poised between this world and the next, the balance being decidedly in favour of the latter. Now, if during this brief period, Oliver had been surrounded by careful grandmothers, anxious aunts, experienced nurses, and doctors of profound wisdom, he would most inevitably and indubitably have been killed in no time. There being nobody by, however, but a pauper old woman, who was rendered rather misty by an unwonted allowance of beer, and a parish surgeon who did such matters by contract, Oliver and nature fought out the point between them. The result was, that, after a few struggles, Oliver breathed, sneezed, and proceeded to advertise to the inmates of the workhouse the fact of a new burden having been imposed upon the parish, by setting up as loud a cry as could reasonably have been expected from a male infant who had not been possessed of that very useful appendage, a voice, for a much longer space of time than three minutes and a quarter. As Oliver gave this first proof of the free and proper action of his lungs, the

patchwork coverlet which was carelessly flung over the iron bedstead, rustled; the pale face of a young female was raised feebly from the pillow; and a faint voice imperfectly articulated the words, Let me see the child, and die

Oliver, who toils with very little food, remains in the workhouse for six months. One day, the desperately hungry boys decide to draw lots; the loser must ask for another portion of gruel. The task falls to Oliver, who at the next meal tremblingly comes up forward, bowl in hand, and begs Mr. Bumble for gruel with his famous request: Please, sir, I want some more. Extrait : For the next eight or ten months, Oliver was the victim of a systematic course of treachery and deception. He was brought up by hand. The hungry and destitute situation of the infant orphan was duly reported by the workhouse authorities to the parish authorities. The parish authorities inquired with dignity of the workhouse authorities, whether there was no female then domiciled in 'the house' who was in a situation to impart to Oliver Twist, the consolation and nourishment of which he stood in need. The workhouse authorities replied with humility, that there was not. Upon this, the parish authorities magnanimously and humanely resolved, that Oliver should be 'farmed,' or, in other words, that he should be dispatched to a branch-workhouse some three miles off, where twenty or thirty other juvenile offenders against the poor-laws, rolled about the floor all day, without the inconvenience of too much food or too much clothing, under the parental superintendence of an elderly female, who received the culprits at and for the consideration of sevenpence-halfpenny per small head per week. Sevenpence-halfpenny's worth per week is a good round diet for a child; a great deal may be got for sevenpence-halfpenny, quite enough to overload its stomach, and make it uncomfortable. The elderly female was a woman of wisdom and experience... Author's Biography : Charles Dickens (1812 -1870) was an English writer and social critic. He created some of the world's best-known fictional characters and is regarded by many as the greatest novelist of the Victorian era.[1] His works enjoyed unprecedented popularity during his lifetime, and by the twentieth century critics and scholars had recognised him as a literary genius. His novels and short stories enjoy lasting popularity.[2][3] Born in Portsmouth, Dickens left school to work in a factory when his father was incarcerated in a debtors' prison.
