

A Language Older Than Words

Padhraic Smyth

A Language Older Than Words Derrick Jensen, 2004-03-01 At once a beautifully poetic memoir and an exploration of the various ways we live in the world, *A Language Older Than Words* explains violence as a pathology that touches every aspect of our lives and indeed affects all aspects of life on Earth. This chronicle of a young man's drive to transcend domestic abuse offers a challenging look at our worldwide sense of community and how we can make things better.

Walking on Water Derrick Jensen, 2005-04-30 Remember the days of longing for the hands on the classroom clock to move faster? Most of us would say we love to learn, but we hated school. Why is that? What happens to creativity and individuality as we pass through the educational system? *Walking on Water* is a startling and provocative look at teaching, writing, creativity, and life by a writer increasingly recognized for his passionate and articulate critique of modern civilization. This time Derrick Jensen brings us into his classroom--whether college or maximum security prison--where he teaches writing. He reveals how schools perpetuate the great illusion that happiness lies outside of ourselves and that learning to please and submit to those in power makes us into lifelong clock-watchers. As a writing teacher Jensen guides his students out of the confines of traditional education to find their own voices, freedom, and creativity. Jensen's great gift as a teacher and writer is to bring us fully alive at the same moment he is making us confront our losses and count our defeats. It is at the center of *Walking on Water*, a book that is not only a hard-hitting and sometimes scathing critique of our current educational system and not only a hands-on method for learning how to write, but, like Julia Cameron's *The Artist's Way*, a lesson on how to connect to the core of our creative selves, to the miracle of waking up and arriving breathless (but with dry feet) on the far shore.

The Culture of Make Believe Derrick Jensen, 2004-03-30 Derrick Jensen takes no prisoners in *The Culture of Make Believe*, his brilliant and eagerly awaited follow-up to his powerful and lyrical *A Language Older Than Words*. What begins as an exploration of the lines of thought and experience that run between the massive lynchings in early twentieth-century America to today's death squads in South America soon explodes into an examination of the very heart of our civilization. *The Culture of Make Believe* is a book that is as impeccably researched as it is moving, with conclusions as far-reaching as they are shocking.

The Culture of Make Believe Derrick Jensen,2002 Derrick Jensen takes no prisoners in *The Culture of Make Believe*, his brilliant and eagerly awaited follow-up to his powerful and lyrical *A Language Older Than Words*, What begins as an exploration of the lines of thought and experience that run between the massive lynchings in early twentieth-century America to today's death squads in South America soon explodes into an examination of the very heart of our civilization. *The Culture of Make Believe* is a book that is as impeccably researched as it is moving, with conclusions as far-reaching as they are shocking.

Endgame Derrick Jensen,2006 The companion piece to Derrick Jensen's immensely popular and highly acclaimed works *A Language Older Than Words* and *The Culture of Make Believe*, *Endgame* stands to become Jensen's most influential book. Building on a series of simple but increasingly provocative premises, Jensen leaves us hoping for what may be inevitable: a return to agrarian communal life via the disintegration of civilization itself.

The Garden of Peculiarities Jesús Sepúlveda,2005 Sepulveda is a Chilean green anarchist with roots in Spain, Italy and

Eugene, Oregon. His important work is both critical and inspirational, a human and plant-centred antidote to the globalist technocracy. Already published in Spanish, Portuguese and Italian editions, *The Garden of Peculiarities* is considered by major anarchist thinkers to be the primary 21st century anarchist essay, in the way that Guy Debord's *Society of the Spectacle* influenced political thought in the late 20th century.
