

Alone In The Ether

James Titus Allen

Alone with You in the Ether Olivie Blake, 2022-06-01 From the New York Times bestselling author of *The Atlas Six* comes an intimate and contemporary study of time, space, and the nature of love. *Alone with You in the Ether* explores what it means to be unwell, and how to face the fractures of yourself and still love as if you're not broken. CHICAGO, SOMETIME-- Two people meet in the armory of the Art Institute by chance. Prior to their encounter, he is a doctoral student who manages his destructive thoughts with compulsive calculations about time travel; she is a bipolar counterfeit artist undergoing court-ordered psychotherapy. By the end of the story, these things will still be true. But this is not a story about endings. For Regan, life is a finish line of mutually assured disappointment. Her method of coping with the dreariness of existence is to project herself into imagined multipotency, spinning new threads of destiny with every impulsive decision she makes. For Aldo, life is a plague of constancy--a structure of rules and formulas that keep him going, without which the entire frame of his existence would collapse. For both of them, life is a matter of resigning themselves to the blueprints of inevitability, until six conversations with a stranger form the variable that glitches the entire simulation. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Alone with You in the Ether Olivie Blake, 2023-10-26 From the internationally bestselling author of *The Atlas Six*, *Alone With You in the Ether* by Olivie Blake is a glimpse into the nature of love, what it means to be unwell, and how to face the fractures of yourself and still love as if you're not broken. Chicago, sometime. Two people meet in the armory of the Art Institute by chance. Prior to their encounter, he is a doctoral student who manages his destructive thoughts with compulsive calculations about time travel; she is a bipolar counterfeit artist undergoing court-ordered psychotherapy. After their meeting, those things do not change. Everything else, however, is slightly different. Both obsessive, eccentric personalities, Aldo Damiani and Charlotte Regan struggle to be without each other from the moment they meet. The truth - that he is a clinically depressed, anti-social theoretician and she is a manipulative liar with a history of self-sabotage - means the deeper they fall in love, the more troubling their reliance on each other becomes. *Alone With You in the Ether* by Olivie Blake is a literary, intimate study of time, space - and a love story like no other. Praise for Olivie Blake: 'Olivie Blake is a mind-blowing talent' - Chloe Gong 'This is a book to savor' - Publishers Weekly 'Pages fly by in this character-driven novel that is intimate, complicated, and utterly romantic' - Booklist

Ilgren, 2024-12-06 Initiation and Promotion in Skin or Liver Neoplasia is the only source of its kind that presents a comprehensive compilation of in vivo initiation/promotion studies that involve neoplastic changes in the skin or liver of experimental animals. The book surveys world literature over the past 65 years from almost 2,000 original studies covering nearly 200 journals in 9 languages. Publications reviewed consist of primary peer-reviewed papers, as well as those abstracts, meeting reports, and review articles, containing original data. Papers measuring both pre-neoplastic or neoplastic changes are included. The summaries for each study included in the book are highly formatted resumes that have four principal components which indicate: 1) What was done in the study; 2) How the study was done (e.g, methods); 3) The precise results obtained; 4) Individual critiques using GLP (Good Lab Practice) standards. Initiation and Promotion in Skin or Liver Neoplasia provides an indispensable abstracted reference resource for scientists, toxicologists, cancer researchers, litigators, regulators, environmentalists, policy analysts, and industry-based investigators.
