Pauline Greenhill,Liz Locke,Theresa A. Vaughan

Circle of Friends Maeve Binchy,2007-09-04 “[An] irresistible invitation to share the lives of people who believe in enduring values.”—Detroit Free Press It began with Benny Hogan and Eve Malone, growing up, inseparable, in the village of Knockglén. Benny—the only child, yearning to break free from her adoring parents. . . . Eve—the orphaned offspring of a convent handyman and a rebellious blueblood, abandoned by her mother's wealthy family to be raised by nuns. Eve and Benny—they knew the sins and secrets behind every villager's lace curtains . . . except their own. It widened at Dublin, at the university where Benny and Eve met beautiful Nan Mahlon and Jack Foley, a doctor's handsome son. But heartbreak and betrayal would bring the worlds of Knockglén and Dublin into explosive collision. Long-hidden lies would emerge to test the meaning of love and the strength of ties held within the fragile gold bands of a . . . Circle Of Friends. Praise for Circle of Friends “A rare pleasure . . . at terrific tale, told by a master storyteller.”—Susan Isaacs, The New York Times Book Review “Circle of Friends welcomes you in.”—The Washington Post

Pulp Scott McCracken,2024-07-30 Pulp brings together in one volume chapters on the best seller, detective fiction, popular romance, science fiction and horror. It combines a lucid and accessible account of the cultural theories that have informed the study of popular fiction with detailed readings of Jackie Collins, Jilly Cooper, Colin Dexter, William Gibson, Stephen King, Iain Banks, Terry McMillan and Walter Mosley. Scott Mc Cracken argues that popular fiction serves a vital function: it provides us with the means to construct a workable sense of self in the face of the disorientating pressures of modernity.

Women's Fiction Rebecca Vnuk,Nanette Donohue,2013-09-17 Offering a fresh perspective on women's fiction for a broad reading audience—fans as well as librarians—this book defines and maps the genre, and describes hundreds of relevant titles. *Women's Fiction: A Guide to Popular Reading Interests* celebrates the books in this broad genre—titles that explore the lives of female protagonists, with a focus on their relationships with family, friends, and lovers. After a brief introductory history and a chapter that defines the characteristics of women's fiction, the author showcases annotations and suggestions of approximately 300 titles by more than 100 authors. She explains how women's fiction differs from romance fiction, enabling readers to appreciate this rich body of literature that encompasses titles as diverse as Meg Cabot's lighthearted chick lit to the more serious novels of Elizabeth Berg and Maeve Binchy. The book identifies some of the most popular and enduring women's fiction authors and titles, and provides invaluable reading lists and readalike suggestions that will be appreciated by both librarians and general readers.

Memory, Imagination and Desire in Contemporary Anglo-American Literature and Film Constanza del Río Álvaro, Luis M. García Mainar, 2004 This volume offers a series of analyses on the renewed interest of western culture in themes and aesthetic proposals that either look back to the past or recreate future worlds. The turn of the century has witnessed artistic efforts to reconsider past literary and cinematographic forms and adapt them to the new social concerns of contemporary artists and readers/viewers. Similarly, science-fiction and utopian narratives have attempted to reshape the world as we know it and speculate about the mysteries the future might hold for us. This book includes contributions that focus on and problematise the dialogue between past, present and future in literary works and films produced within the English-speaking context in the last two decades of the 20th century. It is divided in five sections - maps of the postmodern, the postcolonial experience, stories revisited, popular narrative genres and views of the future - which attempt to include all the motifs associated with that dialogue, from the interaction of memory and history to the reformulation of old stories and forms, or the representation of dystopian and utopian futures.

International Handbook on Globalisation, Education and Policy Research Joseph Zajda, 2005-12-05 The aim of this Handbook is to present a global overview of developments in education and policy change during the last decade. It has the objective of providing both a strategic education policy statement on recent shifts in education and policy research globally and offers new approaches to further exploration, development and improvement of education and policy making. The Handbook attempts to address some of the above issues and problems confronting educators and policy makers globally. Different articles seek to conceptualize the on-going problems of education policy formulation and implementation, and provide a useful synthesis of the education policy research conducted in different countries, and practical implications. The Handbook, by focusing on such issues as - the OECD (2001) model of the knowledge society, and associated strategic challenge and 'deliverable goals' (OECD 2001:139) - UNESCO-driven lifelong learning paradigm, and its relevance to education policy makers, globally - different models of policy planning, and equity questions that are raised by centralization/decentralization, diversity/uniformity and curriculum standardization issues - the 'crises' of educational quality, the debate of standards and excellence, and good and effective teaching. - will contribute to a better and more holistic understanding of the education policy and research nexus; offering possible strategies for the effective and pragmatic policy planning and implementation at the local, regional and national levels.
