

Child Of The Civil Rights Movement

Mary C. Turck

Child of the Civil Rights Movement Paula Young Shelton, 2013-07-23 In this Bank Street College of Education Best Children's Book of the Year, Paula Young Shelton, daughter of Civil Rights activist Andrew Young, brings a child's unique perspective to an important chapter in America's history. Paula grew up in the deep south, in a world where whites had and blacks did not. With an activist father and a community of leaders surrounding her, including Uncle Martin (Martin Luther King), Paula watched and listened to the struggles, eventually joining with her family—and thousands of others—in the historic march from Selma to Montgomery. Poignant, moving, and hopeful, this is an intimate look at the birth of the Civil Rights Movement.

The Civil Rights Movement for Kids Mary C. Turck, 2000-06-01 Surprisingly, kids were some of the key instigators in the Civil Rights Movement, like Barbara Johns, who held a rally in her elementary school gym that eventually led to the Brown vs. Board of Education Supreme Court school desegregation decision, and six-year-old Ruby Bridges, who was the first black student to desegregate elementary schools in New Orleans. In *The Civil Rights Movement for Kids*, children will discover how students and religious leaders worked together to demand the protection of civil rights for black Americans. They will relive the fear and uncertainty of Freedom Summer and learn how northern white college students helped bring national attention to atrocities committed in the name of segregation, and they'll be inspired by the speeches of Martin Luther King, Jr., Medgar Evers, and Malcolm X. Activities include: reenacting a lunch counter sit-in; organizing a workshop on nonviolence; holding a freedom film festival followed by a discussion; and organizing a choral group to sing the songs that motivated the foot soldiers in this war for rights.

Children of the Movement John Blake, 2004 Profiling 24 of the adult children of the most recognisable figures in the civil rights movement, this book collects the intimate, moving stories of families who were pulled apart by the horrors of the struggle or brought together by their efforts to change America. The whole range of players is covered, from the children of leading figures like Martin Luther King Jr. and martyrs like James Earl Ray to segregationists like George Wallace and Black Panther leaders like Elaine Brown. The essays reveal that some children are more pessimistic than their parents,

whose idealism they saw destroyed by the struggle, while others are still trying to change the world. Included are such inspiring stories as the daughter of a notoriously racist Southern governor who finds her calling as a teacher in an all-black inner-city school and the daughter of a famous martyr who unexpectedly meets her mother's killer. From the first activists killed by racist Southerners to the current global justice protestors carrying on the

Children of the Civil Rights Era Catherine A. Welch, 2001-01-01 Recounts the courageous involvement of many young people who marched, protested, were arrested, and risked their lives to end racial discrimination in the South during the 1950s and 1960s.

The Young Crusaders V. P. Franklin, 2021-02-23 An authoritative history of the overlooked youth activists that spearheaded the largest protests of the Civil Rights Movement and set the blueprint for future generations of activists to follow. Some of the most iconic images of the Civil Rights Movement are those of young people engaged in social activism, such as children and teenagers in 1963 being attacked by police in Birmingham with dogs and water hoses. But their contributions have not been well documented or prioritized. The Young Crusaders is the first book dedicated to telling the story of the hundreds of thousands of children and teenagers who engaged in sit-ins, school strikes, boycotts, marches, and demonstrations in which Dr. Martin Luther King Jr. and other national civil rights leaders played little or no part. It was these young activists who joined in the largest civil rights demonstration in US history: the system-wide school boycott in New York City on February 3, 1964, where over 360,000 elementary and secondary school students went on strike and thousands attended freedom schools. Later that month, tens of thousands of children and teenagers participated in the "Freedom Day" boycotts in Boston and Chicago, also demanding "quality integrated education." Distinguished historian V. P. Franklin illustrates how their ingenuity made these and numerous other campaigns across the country successful in bringing about the end to legalized racial discrimination. It was these unheralded young people who set the blueprint for today's youth activists and their campaigns to address poverty, joblessness, educational inequality, and racialized violence and discrimination. Understanding the role of children and teenagers transforms how we understand the Civil Rights Movement and the broader part young people have played in shepherding social and educational progress, and it serves as a model for the youth-led "reparatory justice" campaigns seen today mounted by Black Lives Matter, March for Our Lives, and the Sunrise Movement. Highlighting the voices of the young people themselves, Franklin offers a redefining narrative, complemented by arresting archival images. The Young Crusaders reveals a radical history that both challenges and expands

our understanding of the Civil Rights Movement.
