Female Arousal and Orgasm: Anatomy, Physiology, Behaviour and Evolution Donald Lambert Jesse Quicke,2023-12-28 Female Arousal and Orgasm: Anatomy, Physiology, Behaviour and Evolution is the first comprehensive and accessible work on all aspects of human female sexual desire, arousal and orgasm. The book attempts to answer basic questions about the female orgasm and questions contradictory information on the topic. The book starts with a summary of important early research on human sex before providing detailed descriptions of female sexual anatomy, histology and neuromuscular biology. It concludes with a discussion of the high heritability of female orgasmicity and evidence for and against female orgasm providing an evolutionary advantage. The author has attempted to gather as much information on the subject as possible, including medical images, anonymized survey data and previously unreported trends. The groundbreaking book gives a scientific perspective on sexual arousal in women, and helps to uncover information gaps about this fascinating yet complex phenomenon. Readership Biologists, general readers, psychologists

Mediated Intimacy Meg-John Barker,Rosalind Gill,Laura Harvey,2018-04-27 Mediated Intimacy looks at contemporary sex and relationship advice, exploring how our intimate lives are shaped through different media, from manuals and magazines to television and Twitter. By exploring how intimacy is constructed through different media texts, the authors consider which ideas and practices these changing forms of 'sexpertise' open up, and which they close down. The book reveals the intimate operation of power in mediated advice, how words and images, stories and sound can work to shore up

social injustice. It critically engages with the ideas of choice and responsibility in sex self-help, arguing that these can obscure and/or justify oppression, even if they're sometimes experienced as empowering and/or pleasurable. This bold and incisive book provides a radical challenge to the assumptions underlying the sex advice industry, and presents a critical, collaborative and consensual vision for sex advice of the future.

The Handbook of Wellness Medicine Waguih William IsHak, 2020-08-20 Wellness medicine is the field that focuses on improving overall functioning, quality of life, and wellbeing, beyond symptom management of medical illness, leading to restoration and maintenance of health. The Handbook of Wellness Medicine provides a practical guide to the latest in evidence-based medicine, as well as best practice, to assist healthcare professionals in utilizing the full range of interventions to improve wellness and help patients complete their journeys to full health. The volume is organized into five parts: Part I introduces the concept of wellness by detailing the definitions and assessment/measurement methods, and formulating wellness plans. Part II describes wellness plans in major illnesses, categorized by organ system/disorder. Part III covers the methods to improve wellness in special populations. Part IV details each wellness intervention, including the scientific evidence behind it and its practical application. Part V focuses on integrating and personalizing the interventions into one's life to maintain wellness.

Women's Sexual Function and Dysfunction Irwin Goldstein, Cindy M. Meston, Susan Davis, Abdulmaged Traish, 2005-11-17 The first, definitive text on female sexual dysfunction, this major new book summarizes the current body of knowledge in the field, traces the history of developments in the area, and identifies work still needed in the future. Reflecting a multidisciplinary approach to the subject, the book details the methods and materials for ensuring the appropriate management of women with sexual health problems, and concentrates on the presentation of evidence-based data concerning the physiology, pathophysiology, diagnosis and treatment of sexual function and dysfunction in women. The inclusion of 'difficult cases' also enhances the use of text as a practical guide to all disciplines concerned with the field of female sexual dysfunction. This important work will become a key resource for basic science researchers, endocrinologists, gynecologists, psychologists, urologists, health care clinicians, and anyone else interested in women's sexual health. All proceeds are donated to the International Society for the Study of Women's Sexual Health.

Readings in Sexology Mary Ann Watson, 1991

Handbook of Sexual Dysfunctions William T. O'Donohue, James H. Geer, 1993 Following the taxonomy of sexual dysfunctions contained in the DSM- III-R, brings together the best available information on the diverse sexual problems, as well as describing the research agenda for the future. Each chapter author writes on the psychopathology, assessment, and treatment of each disorder, and also outlines important questions for future research. For each group of dysfunctions (desire, arousal, orgasm, and pain disorders), the handbook also contains a chapter written by a physician on the medical aspects of

that group of dysfunctions. Annotation copyright by Book News, Inc., Portland, OR

Sexuality in the New Millennium Emil Man-Lun Ng, 2000

How to Make Love to a Man (safely) Alexandra Penney, Susan Dooley, 1993

Bergin and Garfield's Handbook of Psychotherapy and Behavior Change Michael J. Lambert, 2004 This revised edition has been updated to include changes that have taken place in the psychotherapy world and makes recommendations for future research and practice.

Medical Aspects of Human Sexuality, 1989

Men's Fitness Magazine's Complete Guide to Health and Well-being Kevin Cobb, 1996 The editors of Men's Fitness magazine and a distinguished 22-member editorial board present the ultimate reference for men seeking to maximize all aspects of their well-being--physical, emotional and psychological. Specific ways to maintain good health and prevent disease are stressed in each chapter, and numerous sidebars, charts and self-tests make the information very accessible.

Sexual Dysfunction: Beyond the Brain-Body Connection R. Balon, 2011-10-11 During the last years human sexuality has been the focus of interest and study by various disciplines. In this volume a multidisciplinary team of international experts discuss contemporary issues of human sexuality from updates on diagnosis to the management of various sexual dysfunctions. Reviews of the management of several female sexual dysfunctions, the impact of cancer on sexual functioning, the impact of trauma on sexual desire and function as well as the newest trends in sex therapy; androgen deprivation treatment of sexual behavior and autogynephilia are discussed in detail. Further, the complex interplay between the field of human sexuality and the Internet, psychological and cultural aspects of infertility are reviewed. A large amount of clinical material on topics rarely covered in other volumes will prove invaluable reading to clinicians from various disciplines such as psychiatry, psychology, urology, gynecology, sexology and sex therapy.

Study Guide to Accompany Human Sexuality Ruth K. Westheimer, Sanford Lopater, Richelle Frabotta, 2003

The Sexiest Sex of All Alexandra Penney, 1994-06-05 This exciting sequel to the still bestselling *How to Make Love to a Man* enthusiastically assures singles and married couples that safe sex can be good sex, describing new pinnacles of pleasure in step-by-step detail, discussing how to talk about safe sex, providing the facts on HIV, and more.

How to Have Him Begging for More Anna Maxted, 1999 We are told that simply by sipping our morning cup of organic, fair-trade coffee we are encouraging environmentally friendly agricultural methods, community development, fair prices, and shortened commodity chains. But what is the reality for producers, intermediaries, and consumers? This ethnographic analysis of fair-trade coffee analyzes the collective action and combined efforts of fair-trade network participants to construct a new economic reality. Focusing on La Voz Que Clama en el Desierto-a cooperative in San Juan la Laguna, Guatemala-and its relationships with coffee roasters, importers, and certifiers in the United States, *Coffee and Community* argues that while

fair trade does benefit small coffee-farming communities, it is more flawed than advocates and scholars have acknowledged. However, through detailed ethnographic fieldwork with the farmers and by following the product, fair trade can be understood and modified to be more equitable. This book will be of interest to students and academics in anthropology, ethnology, Latin American studies, and labor studies, as well as economists, social scientists, policy makers, fair-trade advocates, and anyone interested in globalization and the realities of fair trade. Winner of the Society for Economic Anthropology Book Award

Sex and Sexuality Richard D. McNulty, M. Michele Burnette, 2006 This three-volume overview and summary of research data on a wide variety of sexual topics attempts to review what is known about human sexuality and how we know it.

Sexual Pleasure Barbara Keesling, 1993 The exercises in this book--to be done both with and without a partner--increase the sensual awareness of touch and encourage individuals to focus on their own desire, as well as looking for ways to please their partner.

Journal of Behavior Therapy and Experimental Psychiatry, 1994
