Kafka on the Shore Haruki Murakami, 2005-01-18 NATIONAL BESTSELLER • From the acclaimed author of *The Wind-Up Bird Chronicle* and one of the world's greatest storytellers comes "an insistently metaphysical mind-bender" (*The New Yorker*) about a teenager on the run and a deceptively simple old man. Now with a new introduction by the author. Here we meet fifteen-year-old runaway Kafka Tamura and the elderly Nakata, who is drawn to Kafka for reasons that he cannot fathom. As their paths converge, acclaimed author Haruki Murakami enfolds readers in a world where cats talk, fish fall from the sky, and spirits slip out of their bodies to make love or commit murder, in what is a truly remarkable journey. "As powerful as *The Wind-Up Bird Chronicle*.... Reading Murakami ... is a striking experience in consciousness expansion."—Chicago Tribune

Kafka on the Shore Haruki Murakami, 2022-08-04 A beautifully packaged hardback edition of Haruki Murakami's mesmerizingly surreal classic, now with a new introduction by the author Kafka Tamura runs away from home at fifteen, under the shadow of his father's dark prophesy. The aging Nakata, tracker of lost cats, who never recovered from a bizarre childhood affliction, finds his pleasantly simplified life suddenly turned upside down. As their parallel odysseys unravel, cats converse with people; fish tumble from the sky; a ghost-like pimp deploys a Hegel-spouting girl of the night; a forest harbours soldiers apparently un-aged since World War II. There is a savage killing, but the identity of both victim and killer is a riddle - one of many which combine to create an elegant and dreamlike masterpiece. 'Wonderful... Magical and outlandish' Daily Mail 'Hypnotic, spellbinding' The Times 'Cool, fluent and addictive' Daily Telegraph

Haruki Murakami and the Search for Self-Therapy Jonathan Dil, 2022-02-24 Haruki Murakami, a global literary phenomenon, has said that he started writing fiction as a means of self-therapy. What he has not discussed as much is what he needed self-therapy for. This book argues that by understanding more about why Murakami writes, and by linking this with the question of how he writes, readers can better understand what he writes. Murakami's fiction, in other words, can be read as a search for self-therapy. In five chapters which explore Murakami's fourteen novels to date, this book argues that there are four prominent therapeutic threads woven through Murakami's fiction that can be traced back to his personal traumas - most notably Murakami's falling out with his late father and the death of a former girlfriend - and which have also transcended them in significant ways as they have been transformed into literary fiction. The first thread looks at the way melancholia must be worked through for mourning to occur and healing to happen; the second thread looks at how symbolic acts of sacrifice can help to heal intergenerational trauma; the third thread looks at the way people with avoidant attachment styles can begin to open themselves up to love again; the fourth thread looks at how individuation can manifest as a response

to nihilism. Meticulously researched and written with sensitivity, the result is a sophisticated exploration of Murakami's published novels as an evolving therapeutic project that will be of great value to all scholars of Japanese literature and culture.

Literature of the Global Age Maurizio Ascari,2014-01-10 In an age of world citizenship, literary scholarship is focusing increasingly on texts which communicate effectively over cultural lines. Advocating a planetary approach to contemporary literature, this critical text examines eight novels from eight cultures. The writers discussed are Julian Barnes, Magda Szabo, Abraham B. Yehoshua, Ian McEwan, W.G. Sebald, Murakami Haruki, Jonathan Safran Foer, and Azar Nafisi. Focusing on the authors' encouragement to meditate on life's most pressing issues, the essays here invite us to reevaluate postmodernism as a current category.

Before Identity Richard F. Calichman,2021-02-01 *Before Identity* represents the first attempt to provide a comprehensive examination of the methodological ground of Japan studies. At its most basic level, the field presupposes the immediate empirical existence of an entity known as the Japanese people or Japanese culture, from which it then carves out its various objects of inquiry. Richard F. Calichman attempts to show that this presupposition is itself ineluctably bound up with modern forms of knowledge formation, thereby enlarging the scope of what is meant by modernity. In this way, he aims to bring about a heightened level of theoretical-critical vigilance in the field. Calichman explores the methodological commitments implied or expressed in the work of a range of writers and scholars—Murakami Haruki, Komori Yōichi, Harry Harootunian, Tomi Suzuki, Alan Tansman, and Dennis Washburn—and how such commitments have shaped and limited the field. If theoretical issues in Japan studies are not subjected to this sort of in-depth scrutiny, Calichman argues, then the field will continue to remain ghettoized relative to other disciplines in the humanities and social sciences, which have typically been more receptive to conceptual discourse. By showing that scholarly inquiry must begin not at the level of the object but rather at the more fundamental level of methodology, Calichman aims to introduce a greater degree of theoretical rigor to

the discipline of Japan studies as a whole.

Shaping the Field of Translation In Japanese ↔ Turkish Contexts I Esin ESEN, Ryō Miyashita ,2019-05-31 The academic discipline of translation studies is only half a century old and even younger in the field of bilateral translation between Japanese and Turkish. This book is the first volume of the world's first academic book on Turkish↔Japanese translation. While this volume gathered discussions on translation studies with theoretic and applied aspects, literature, linguistics, and philosophy, the second volume deals with the history of translation, philosophy, culture education, language education, and law. It also covers the translation of historical materials and divan poetry. These books will be the first steps to discuss and develop various aspects of the field. Such compilation brings together experienced and young Turkology and Japanology scholars as well as academics linked to translation studies and translation, and also translators. Both volumes contain 24 essays written by twenty-two writers from Japan, Turkey, USA and China.
