Its coverage balances upon three essential pillars - (1) theory and concepts; (2) practices and applications; and (3) pedagogy - cultivating an efficient, effective teaching and learning environment. This sixth edition provides revised content throughout, and reflects the major trends and forces that are impacting marketing in this new, connected millennium. It includes new thinking and expanded coverage on a wide variety of topics, for example: relationship marketing; connecting technologies; the company value chain; value-delivery networks; and global marketing.
