The Tinderbox Lou Diamond Phillips, 2020-09-14 From the imagination of actor Lou Diamond Phillips (La Bamba, Stargate Universe, Prodigal Son) comes an epic and unforgettable Science Fantasy tale. Two worlds at war will bring them together... or tear them apart... Everson didn't want to be a soldier. His parents forced him to serve, as all good Indiran men should. The only problem? His first battle against their mortal enemies goes horribly wrong and he winds up stranded on the enemy planet. Now, Everson has to survive in this strange new land where everyone is out to get him. Not to mention, the planet Mano is covered in unforgiving desert. And he's the target of traitors who want to use him in a dastardly plot to overthrow their mad king, Xander the Firm, by having him retrieve a piece of mysterious and powerful ancient technology known as the Tinderbox. But everything changes during a chance encounter with the king's daughter, Allegra. Despite her station, she's in as grave of danger from her own people as Everson is. And though their peoples have been at odds for centuries, an unlikely spark forms between them. As their worlds come crashing down around them, their forbidden love might be the only chance to end this war forever. Or, it might just be the doom of everyone... Imagine the intrigue of Game of Thrones mixed with the star-crossed romance of Romeo and Juliet... but in space! Inspired by Hans Christian Andersen's famous fairy tale of the same name, Soldier of Indira is perfect for fans of Outlander, Dune, Aurora Rising, and Stardust. Grab your copy today!

Since puzzle clues only give part of a name and you are to fill in the rest, he has listed each individual once by the first name and again by the last name. In *Names Names Names* you can look up either the first or last name in a single alphabetical list. To further help you, each name is followed by a word or two to identify the person as an actor, ball player, singer, etc.

The Encyclopedia of Best Films Jay Robert Nash, 2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three- to five-star entries (three stars=good; four stars=excellent; five stars=masterpiece), and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre (i.e. animated, drama, sports, mystery, adventure etc.) as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.
