Demystifying Scholarly Metrics Marc W. Vinyard,Jaimie Beth Colvin,2022-02-25 Demystifying Scholarly Metrics gives librarians and faculty the confidence to navigate the maze of scholarly metrics, identify quality journals in which to publish, and measure the impact of scholarly works. Both librarians and professors can be overwhelmed by the bewildering number of scholarly metrics. This user-friendly book demystifies them, helping librarians become familiar with scholarly metrics and giving them the confidence to assist faculty at their institutions. It also equips faculty authors with the knowledge to evaluate journals and use metrics to track their scholarly impact. Several controversies exist in the scholarly metrics landscape, including a disagreement between the proponents of altmetrics and traditional bibliometrics. Even more contentious debates are breaking out over predatory journals and open access publishing. Authors Mark Vinyard and Jaimie Beth Colvin, who successfully launched a faculty publishing initiative, explain which aspects of metrics are truly essential to grasp, and they place these numbers in context. They help readers identify the metrics that are the best fit for their scholarship and give librarians and professors the tools to make smart decisions in this changing scholarly metrics landscape.

Educational Media and Technology Yearbook Hyewon Lee,Jill Stefaniak,Robert Maribe Branch,2025-09-28 This is Volume 45 of the Educational Media and Technology Yearbook. For the past 40 years, the Yearbook has contributed to the field of Educational Technology in presenting contemporary topics, ideas, and developments regarding diverse technology tools for educational purposes. The Yearbook editors have dedicated themselves to providing a record of contemporary trends related to educational communications and technology. Part One of this updated volume, "Trends and Issues in Learning, Design and Technology," presents an array of chapters that develop some of the current themes listed above, in addition to others. In Part Two, "Leadership Profiles," the authors provide biographical sketches of the careers of instructional technology leaders. Part Three, "Graduate Programs in Learning, Design, and Technology," and Part Four, "Organizations and Associations in North America," are, respectively, directories of instructional technology-related organizations and institutions of higher learning offering degrees in related fields. Finally, Part Five, the "Mediagraphy," presents an annotated listing of selected current publications related to the field. The Yearbook is of particular interest to media and technology professionals in K-12 school, higher education, and business contexts.

Interdisciplinary Research in Technology and Management Satyajit Chakrabarti,Rintu Nath,Pradipta Kumar Banerji,Sujit

Datta,Sanghamitra Poddar,Malay Gangopadhyaya,2021-09-14 The conference on ‘Interdisciplinary Research in Technology and Management” was a bold experiment in deviating from the traditional approach of conferences which focus on a specific topic or theme. By attempting to bring diverse inter-related topics on a common platform, the conference has sought to answer a long felt need and give a fillip to interdisciplinary research not only within the technology domain but across domains in the management field as well. The spectrum of topics covered in the research papers is too wide to be singled out for specific mention but it is noteworthy that these papers addressed many important and relevant concerns of the day.

Issues in Informing Science & Information Technology, Volume 9 (2012) Eli B. Cohen,2012

Local Disaster Management Gina Yannitell Reinhardt,Lex Drennan,2020-06-09 Local Disaster Management explores what resilience means for local communities and local governments on the front line of responding to disasters and emergencies. Disaster management is often seen as a major international issue undertaken by global actors such as the UN, Red Cross and Red Crescent. Yet fundamentally, all disasters are local. Every disaster, regardless of its type, affects individuals, families and communities before they escalate to encompassing one or many communities or nations. This volume therefore explores fundamental issues of disaster and emergency management at the local level. What is resilience? What does resilience mean for a local government seeking to lessen the impact of disasters on their community? How do local governments adapt through their experiences of disasters and how do they recover from catastrophic experiences? This book explores these issues with chapters from top scholars in the field, draws out lessons for local government officials and disaster managers seeking to build community resilience, prepare their communities for a changing environment, and facilitate recovery after disasters strike. Local Disaster Management provides invaluable insight for local governments charged with managing the inescapable effects of climate change and the increasing frequency and severity of disasters, as well as for scholars of local governance, disaster resilience, government policy, and disaster management. The chapters were originally published as a special issue in Local Government Studies.

Proceedings of the 2nd International Conference on Trends in Architecture and Construction Anurag Varma,Vikas Chand Sharma,Elena Tarsi,2024-10-17 This book includes peer reviewed article from the 2nd International Conference on Trends in Architecture and Construction (ICTAC-2024) held at Chandigarh in India. It explores modernity, sustainability, technology, and education within the ever-evolving architectural landscape. This book echoes a collective dedication to fostering environmentally conscious urban practices. It navigates the symbiotic relationship between technology and architecture, shining a spotlight on the pivotal roles of AI, digital tools, and cutting-edge construction techniques. Beyond the tangible, the publication illuminates the shifting terrain of architectural education, honing in on emerging research paradigms and the integration of innovative pedagogies. Rooted in sustainability, this compendium stands as a vibrant repository of insightful contributions, nurturing an expansive dialogue on the future trajectory of architecture.

Introduction to Reference Sources in the Health Sciences Jeffrey T. Huber,Jo Anne Boorkman,Jean Blackwell,2008 Lists several print resources and helps librarians to meet customers' changing expectations for electronic versions of traditionally print reference sources, reliable electronic only resources, and resources that they can access from their home computers through freely available Web sites or through library licenses.

Occupational Therapy with Aging Adults - E-Book Karen Frank Barney,Margaret Perkinson,2024-06-21 Get all the information you need to work holistically, creatively, and collaboratively when providing services for older adults with Karen Frank Barney, Margaret A. Perkinson, and Debbie Laliberte Rudman's *Occupational Therapy with Aging Adults*, 2nd Edition. Emphasizing evidence-based, occupation-based practice and a collaborative, interdisciplinary approach, this text walks students and practitioners through the full range of gerontological occupational therapy practice, inclusive of working with individual clients to working at systems and societal levels. Over 80 leaders in their respective topical areas contributed to the book's 33 chapters, including the conceptual foundations and principles of gerontological occupational therapy, biopsychosocial age-related changes, environmental forces shaping occupational participation for older adults, the continuum of health care as well as implications for communities, and the attributes, ethical responsibilities, and roles involved in gerontological occupational therapy. This edition also covers topical OT issues that are crucially important to an aging population — such as diversity and inclusion, disability and aging, sexuality, technology, telehealth and virtual environments, intergenerational connections, updates on dementia research and caring for someone with dementia, occupational justice and aging, age inclusive communities, and an expanded section on hearing — to ensure your students are well versed in every aspect of this key practice area. - UNIQUE! Intraprofessional and interprofessional approach to intervention emphasizes working holistically and collaboratively in serving older adults. - UNIQUE! Chapter on the wide range of physiological, musculoskeletal, and neurological changes among the aging patient population highlights related occupational performance issues. - Case examples help you learn to apply new information to actual client and community situations. - Chapter on evidence-based practice discusses how to incorporate evidence into clinical or community settings. - Questions at the end of each chapter can be used for discussion or other learning applications. - UNIQUE! Chapters on nutrition, food insecurity, and oral health explore related challenges faced by older adults. - Chapter on ethics provides a deeper understanding of how to address challenging ethical dilemmas.
