Reading the Wife/Sister Narratives in Genesis Hwagu Kang, 2018-10-31 The book of Genesis introduces three similar wife/sister narratives, commonly thought to be originating from different sources because of their repetitive entries. This research explores the wife/sister narratives in Genesis (Gen 12:10-13:1, 20:1-18, and 26:1-11), and it aims to provide an understanding of the three stories as a whole by uncovering its context by textlinguistic and literary type-scene analysis. Textlinguistic analysis helps us to see how each wife/sister narrative functions in its context, while type-scene analysis emphasizes how the three narratives develop and contribute to the patriarchal narratives through their similarities and variations. Although the traditional type-scene analysis studies recurrent fixed motives in texts, this study focuses much more on literary aspects such as characterization, theme, and plot. Through this study, the three wife/sister stories will elaborate that the patriarchal narratives are not results of different authors, but the well-developed products of a single author. The

three wife/sister stories work together to highlight God's faithfulness to his promises (Gen 12:1-3).

My Mother, Me and My Wife: A cognizography in rambling realism Vennelakanti Prakasam,2020-03-05 This book is about the author as guided and supported by his caring mother and as conjoined with his caressing wife. We are all products of our nature, nurture and culture, and we are environed by context and its participants. The locale of our praxis is as important as our cognition which creates the framework for our perception. What happens in one's life is his or her biography and what he or she ends up as cognising is his or her cognizography. Teachers, books, films, food and events all influence the way we perceive. Biography or Cognizography is relevant only if some generalizations can be drawn. That's what has been done here to highlight phenomena like Social Justice, Scientific Temperament, Cultural Finesse, and Spousal Bond.

Roosevelt (FDR) and his wife, Eleanor. The book also explores how they, and their inner circle, managed crisis after crisis, from the Nazi invasion of Western Europe in May 1940 through FDR's death in April 1945. Their unique husband and wife, president and first lady, partnership was the driving force not only behind US and Allied success, but also in improving US society at home despite the challenges of war. In May of 1940, Hitler launched an attack on Western Europe. At the time, the Roosevelts were busy with the work of pulling a struggling nation forward out of the Great Depression, the worst economic crisis in the history of the US and the world.
