Tier One Brian Andrews, Jeffrey Wilson, 2024-05-07 From New York Times bestselling authors Andrews & Wilson Will a soldier turned spy choose duty or revenge? In a world violated by terror, the old lines have blurred. Meet the next generation of covert ops. John Dempsey's life--as an elite Tier One Navy SEAL named Jack Kemper--is over. A devastating terrorist action catapults him from a world of moral certainty and decisive orders into the shadowy realm of espionage, where ambiguity is the only rule. His new mission: hunt down those responsible for the greatest tragedy in the history of the US Special Ops and bring them to justice. But how does a man torn between duty and revenge walk the line and preserve his soul? As Dempsey struggles with the games of spies, the case propels him across the globe in a desperate effort to prevent a new, horrifying attack on American soil. Once, John Dempsey followed orders blindly. Now he sees behind the curtain, and the security of the civilized world rests on one question: Can a Tier One Navy SEAL adapt and become the world's most lethal spy?

The Law and Structure of the International Financial System John H. Friedland,1994-04-21 The major themes of financial regulation in the U.S., the EEC, and Japan are discussed in four interwoven, but independent, essays. The central focus is the protection of the financial system by insuring prudential rules against systemic risks, particularly through promoting capital adequacy by international and national agreement and with due consideration to the distinction between the banking and securities business. The work concludes with the assertion that international harmonization of regulation is necessary for the long-run efficiency of financial markets.
