Perspectives on Stephen King Andrew J. Rausch, 2019-02-19 Stephen King is one of the most successful authors in the

history of American literature. His books--including 55 novels, 12 novellas, nine short story collections and a children's book--have sold 350 million copies worldwide. Over the past five decades his broader impact on popular culture has been immense. Most of his works have been adapted for film or television (some of them by King himself) and he may fairly be credited with single-handedly reinventing horror, once considered a B movie genre, for mainstream readership. This collection of original interviews with fellow authors, collaborators and critics covers all things King, from analyses of his best writing to his many screen adaptations to recurring themes in his stories.

**Imagination Redeemed** Gene Edward Veith Jr.,Matthew P. Ristuccia,2014-11-30 Your imagination matters. Contrary to popular perception, it's not just for kids, artists, or fans of science fiction. Rather, the imagination is what bridges our thinking and feeling, allowing us to do everything from planning a weekend getaway to remembering what we ate for breakfast. In *Imagination Redeemed* , Gene Veith and Matthew Ristuccia uncover the imagination's importance for Christians, helping us understand who God is, what his Word teaches, and how we should live in the world today. Here is a call to embrace this forgotten part of the mind as a gift from God designed to bolster faith, hope, and love in his people.
